@ 10-11:30am & 3:30-5pm

Design Workshop Presentation  
Independence City Hall  
Monday, February 26, 2007 @ 7-9pm

## Community Small Area Study

TAYLOR & TAYLOR

The City of Independence is the largest City, geographically, in Kentucky and is experiencing unprecedented growth and development due to improved road systems and its location. The goal of this study is to provide more detailed guidance for future land use in the study area surrounding the Madison Pike corridor. The small area plan will build upon, augment, and refine the policies and vision of the City that will be folded into Kenton County's comprehensive plan.

For more information please contact Emalee Listerman, Principal Planner with the Northern Kentucky Area Planning Commission at [elisterman@nkapc.com](mailto:elisterman@nkapc.com), or call 859-331-8980 or online at <http://www.nkapc.org/lr-studies.html>
