

SECTION 10.13 PUD (PLANNED UNIT DEVELOPMENT) OVERLAY ZONE

- A. **PURPOSE:** The purposes of the Planned Unit Development (PUD) Overlay Zone are to: promote flexibility in design and permit planned diversification in the relationships between location of and types of uses and structures; promote the advantages of modern large scale site planning for community development through the efficient use of land, facilitating a more economic arrangement of buildings, circulation systems, land uses, and utilities; preserve, to the greatest extent possible, the existing landscape features and amenities, and to utilize such features in an harmonious fashion; provide for more usable and suitably located recreation facilities, other public and common facilities, than would otherwise be provided under conventional land development procedures, but always with the intention of furthering the public health, safety, and general welfare.
- B. **GENERAL:** A Planned Unit Development (PUD) Overlay Zone may only be permitted to be superimposed over any of the Residential (R) Zones, provided that all conditions or provisions of this section of the ordinance, the applicable requirements of the subdivision regulations, and any additional requirements, as may be determined necessary to provide for the most efficient layout of the PUD and its proper integration with the surrounding development, are met; and a public hearing is held on the PUD application.
- C. **APPLICATION AND PROCESSING:** Applications for a Planned Unit Development Overlay Zone shall be processed as follows in two stages:
1. **Stage I -- Development Plan and Zoning Map Amendment -** Application for amendment to PUD Overlay Zone shall include a development plan in accordance with the requirements of Section 9.20, A., Stage I Plan Requirements.
 - a. The planning commission shall hold a public hearing on the proposed application in accordance with the requirements of KRS Chapter 424, and review said application with regard to its compliance with the stated purposes of the PUD Overlay Zone, the required elements of the Stage I Plan, and other applicable requirements of this section. Upon holding such hearing, the planning commission shall make one of the following recommendations to the legislative body: approval, approval with conditions, or disapproval. The planning commission shall submit, along with their recommendations, a copy of the Stage I Plan and the bases for their recommendation.
 - b. The legislative body shall, within forty-five (45) days after receiving the recommendations of the planning commission, review said

recommendations and take action to approve or disapprove said PUD application. Such action may incorporate any conditions imposed by the planning commission. However, should the legislative body take action to impose different conditions than were reviewed and considered by the planning commission, then said conditions shall be resubmitted to the planning commission for further review and recommendation, in accordance with Subsection C., 1., a., above. Approval of the PUD Overlay Zone shall require that development be in conformance with the Stage I approved plan.

The legislative body shall forward a copy of the approved plan to the planning commission for further processing in accordance with the requirement for Stage II Plan and record plat.

Zoning Map Amendment - Upon approval of the PUD Overlay Zone, the official zoning map shall be amended by adding the prefix "PUD" to the existing residential zone (e.g., PUD-R-1B, PUD-R-1C, etc.) for the area as shown on the Stage I approved plan. If an area is zoned PUD at the time of adoption of the zoning ordinance, submission of a development plan, in accordance with Section 10.14, C., of this ordinance shall nevertheless be required prior to the issuance of any zoning or building permits.

2. Stage II - Plan and Record Plat - A Stage II Plan and Record Plat shall be developed in conformance with the Stage I approved plan and in accordance with the requirements of Section 9.20, B. and C., and submitted to the planning commission for its review and approval. Except for the manner of submission and processing, the subdivision regulations may be waived, where applicable, and the requirements of Section 9.20, B. and C. shall be substituted therefore. Those requirements not specifically waived by the planning commission shall conform with the subdivision regulations.
 - a. The planning commission shall review the submitted Stage II Plan with regard to its compliance with the required elements of Section 9.20, B., for Stage II plans, other applicable elements of this ordinance, and other applicable regulations, and its conformity with the Stage I approved plan. The planning commission, in approving the Stage II plan, may authorize minor adjustments from the Stage I approved plan, provided that the adjustments do not affect the spatial relationship of structures, a change land uses, increase overall density, alter circulation patterns (vehicular and pedestrian), or decrease the amount and/or usability of open space or

recreation areas, or affect other applicable requirements of this ordinance.

Upon planning commission approval of the Stage II Plan, a copy of said plan shall be forwarded to the zoning administrator, who shall grant permits only in accordance with the Stage II approved plan and other regulations, as may be required by this ordinance.

- b. Upon approval of the Stage II Plan, the planning commission shall review the submitted Record Plat with regard to its compliance with the required elements of Section 9.20, C., for record plats, the applicable requirements of the subdivision regulations, and its conformance with the Stage II approved plan.

Upon planning commission approval of the record plat, copies of said plat, certified by the planning commission, and suitable for recording, shall be forwarded by the planning commission to the office of the county clerk to be recorded.

The density of dwelling units in a PUD shall be determined by the density (dwelling units per net acre) as calculated from the existing residential (R) zone superimposed by the PUD Overlay Zone. This density shall be applied to the total project area excluding that land devoted to commercial uses and streets (public and private).
- E. **COMMERCIAL USES:** Commercial uses, intended primarily for the service and convenience of residents of the PUD, may be permitted within the project area, provided a market analysis is made justifying the need for said uses.

- G. AREA REQUIREMENTS No PUD Overlay Zone shall be permitted on less than twenty-five (25) acres of land. However, development of a smaller tract adjacent to an existing PUD Overlay Zone may be permitted, if the proposed development conforms to and extends the original development as if the new area had been a part of the original development.
- H. HEIGHT, YARD, AND SETBACK REQUIREMENTS: Requirements shall be as approved in the plan.
- I. OFF-STREET PARKING AND LOADING AND/OR UNLOADING: Off-street parking and, when applicable, loading and/or unloading facilities, shall be provided in accordance with Articles XI and XII of this ordinance.

Common open space/recreation areas shall be that part of

the total project exclusive of dwellings, streets, parking areas, single-family lots, commercial areas, and other non-open space and non-recreationally oriented facilities.

- M. AMENDMENTS: Any amendments to plans, except for the minor adjustments which may be permitted by the planning commission, shall be made in accordance with the procedure required by this ordinance, subject to the same limitations and requirements as those under which such plans were originally approved.
- N. EXPIRATION: Any amendment to the PUD Overlay Zone shall be subject to the time constraints, as noted below. Upon expiration of said time period, and any extensions thereto, the legislative body may initiate a request for a public hearing by the planning commission, in accordance with the requirements of KRS Chapter 100, for the purpose of determining whether said PUD Overlay zone should revert to its original zoning designation. A public hearing may be initiated if either of the following conditions apply:
1. A particular section of the original Stage I Plan has not had a Stage II approval by the city legislative body within twenty-four (24) consecutive months from the date of the approval of the Stage I approved plan for that particular section, provided an extension may be permitted by the legislative body if sufficient proof can be demonstrated that prevailing conditions have not changed appreciably to render the Stage I approved plan obsolete.
 2. Substantial construction has not been initiated within a period of twelve (12) consecutive months from the date of approval of the Stage II Plan by the legislative body of a particular section; provided that an extension may be permitted upon approval of the legislative body, or its duly authorized representative, if sufficient proof can be demonstrated that the construction was delayed due to circumstances beyond the applicant's control, and that prevailing conditions have not changed appreciably to render the Stage I approved plan obsolete. The amount of construction constituting initiating substantial construction shall be as approved in the Stage II approved plan.
