- B. **APPLICATION AND PROCESSING:** The purpose of these procedures is to permit an initial review of and a public hearing upon the proposal by the Planning Commission at an early opportunity, while the details of the plan remain flexible. Applications shall be processed as follows:

If an area, however, is currently zone R-2, the submission of the Stage I Development Plan, for review by the planning commission and the legislative body, shall not be required until the area is proposed to be developed. Development shall include the demolition, erection, physical expansion, or change of use of any structure. Development shall not include the normal maintenance (e.g., cleaning, painting, etc.) of any structure.
 - a. The planning commission shall hold a public hearing on the proposed application in accordance with the requirements of KRS Chapter 424, and review said application with regard to its compliance with the stated purposes of the R-2 Zone, the required elements of the Stage I Development Plan, and other applicable requirements of this section. Upon holding such hearing, the planning commission shall make one of the following recommendations to the legislative body: approval, approval with conditions, or disapproval. The planning commission shall submit, along with their recommendations, a copy of the Stage I Development Plan and the bases for their recommendation.

- b. The legislative body shall, within ninety (90) days after receiving the recommendations of the planning commission, review said recommendations and take action to approve or disapprove said application. However, should the legislative body take action to impose different conditions that were reviewed and considered by the planning commission, then said conditions shall be resubmitted to the planning commission for further review and recommendation, in accordance with Subsection B., 1., a., above. Approval of the R-2 Zone shall require that development be in conformance with the approved Stage I Development Plan.

The legislative body shall forward a copy of the approved Stage I Development Plan to the planning commission, or its duly authorized representative, for further processing, in accordance with the requirements for Stage II Development Plan and Record Plat.

2. Following its review of the Stage II Development Plan, the planning commission, or its duly authorized representative, shall make one of the following recommendations to the legislative body: approval,

approval with conditions, or disapproval. The planning commission shall submit, along with their recommendations, a copy of the Stage II Development Plan and the bases for their recommendation.

- b. The legislative body shall, within ninety (90) days after receiving the recommendations of the planning commission, or its duly authorized representative, review said recommendations and take action to approve or disapprove said application. However, should the legislative body take action to impose different conditions than were reviewed and considered by the planning commission, or its duly authorized representative, then said conditions shall be resubmitted to the planning commission, or its duly authorized representative, for further review and recommendation, in accordance with Subsection B., 2., a., above.

The legislative body shall forward a copy of the approved Stage II Development Plan to the planning commission, or its duly authorized representative, for further processing.

- c. Upon approval of the Stage II Development Plan, by the legislative body, a copy of said plan shall be forwarded to the zoning administrator, who shall grant permits only in accordance with the approved Stage II Development Plan and other regulations, as may be required by this ordinance.
- d. Upon approval of the Stage II Development Plan, by the legislative body, the planning commission, or its duly authorized representative, shall review the submitted Record Plat, if applicable, with regard to its compliance with the required elements of the subdivision regulations, and its conformance with the approved Stage II Development Plan.
