
ARTICLE XIV

SIGN REGULATIONS

SECTION 14.1 SHORT TITLE: This Article shall be known as the Sign Article of the City of Lakeside Park.

SECTION 14.2 PURPOSE AND INTERESTS SERVED

- A. The purpose of this Article is to establish a comprehensive scheme for the regulation of signs within the jurisdiction of the City of Lakeside Park. These regulations are designed to protect and promote the public health, safety and welfare by controlling the type, number, location and physical dimensions of signs, to prevent the disruptions, obstructions and hazards to vehicular and pedestrian traffic that signs may cause, and to enhance the quality of the environment in residential and nonresidential districts.

As a basis for adopting these regulations, the City of Lakeside Park finds:

1. Signs are an essential form of communication in the built environment, providing way-finding guides to residents, visitors, public safety officials, customers and potential customers of local businesses, delivery people and others.
2. Signs also provide communication on public issues, as the U.S. Supreme Court found in *City of LaDue v. Gilleo*: Signs that react to a local happening or express a view on a controversial issue both reflect and animate change in the life of a community. Often placed on lawns or in windows, residential signs play an important part in political campaigns, during which they are displayed to signal the resident's support for particular candidates, parties, or causes. They may not afford the same opportunities for conveying complex ideas as do other media, but residential signs have long been an important and distinct medium of expression.
3. Retailers and other businesses depend on signs to help people find their businesses, and, in a large and expensive media market like that of Cincinnati (a market which includes Lakeside Park), many small businesses depend on signs as one of the most affordable forms of advertising.
4. Although signs thus serve many important purposes in society in general and in Lakeside Park in particular, there are other considerations that the City of Lakeside Park weighs heavily.
5. Signs may distract drivers and lead to deaths and injuries to pedestrians and cyclists as well as to drivers and passengers and to property damage. Moving, flashing and rapidly changing signs are particularly distracting to

- drivers. A proliferation of signs on a particular site can have the same effect as moving signs, as drivers try to sort through the visual cacophony to find the information that they want or need.
6. The Lakeside Park City Council, with the advice of the Kenton County Planning Commission and its professional staff, and with input from residents through the Direction 2030: Your Voice. Your Choice. planning process, has placed an increasing emphasis on preserving the sense of place and the design of the built environment; limiting the size, height and number of signs is an important tool in preserving a sense of place, a tool that accompanies the County's standards for landscaping.
 7. Direction 2030: Your Voice. Your Choice. recommends that policies, regulations and incentives be developed and implemented that preserve and improve the existing community fabric.
 8. Balancing these competing considerations is particularly difficult in residential areas, where people value both their pleasing and visually appealing environments and their ability to communicate their opinions regarding candidates and public issues through yard signs.
 9. In updating its ordinance in 2016 after the Supreme Court's landmark decision in *Reed v. Town of Gilbert*, the Lakeside Park City Council, working with PDS staff and an outside consultant, has made a major effort to limit content as a factor in its sign regulations. After due consideration, however, it has concluded that one way to leave room for extensive free expression through signs in residential areas while limiting total sign clutter is to maintain significant limits on commercial signs in residential areas. Recognizing the importance of "for sale" and "for lease" signs in maintaining the occupancy of healthy neighborhoods (see the U.S. Supreme Court decision in *Linmark Associates, Inc. v. Willingboro*), those signs must remain. There is a similar utility in providing for yard sale signs, which allow people to dispose of unwanted items without sending them to a landfill.
 10. Although as the Court found in *Reed v Gilbert*, time limits on signs can be arbitrary, as the Court recognized in 2009 in *Pleasant Grove v. City of Summum*, a significant distinction between speakers expressing an opinion and signs is that "Speakers, however long-winded, will eventually come to the end of their remarks." Members of the Lakeside Park City Council have long noted that signs for political campaigns as well as those advertising pancake breakfasts and spaghetti dinners for civic organizations are often abandoned after the events, contributing to clutter long after they have served their purpose. Although such signs were once typically paper or cardboard that would eventually decay, many today are plastic and will remain until removed. Thus, despite the expressed concern of the Supreme Court with time limits, the Lakeside Park City Council finds that it has a substantial governmental interest in clarifying the status of signs for past events that thus no longer serve a purpose so

- that there is a legal basis for the City of Lakeside Park to remove them or force their removal.
11. The City of Lakeside Park has long allowed unlimited numbers of small signs bearing non-commercial messages to allow merchants and others to designate handicapped parking places, provide directions to ATMs and restrooms, warn of guard dogs and other hazards and provide a variety of other place-based information. With the prohibition of commercial messages on such signs, it has been the observation of Lakeside Park City Council members and their professional staff members that property owners are judicious and appropriate in posting such signs. The City of Lakeside Park thus finds that it has a substantial interest in allowing merchants and property owners freely to post necessary informational signs but without allowing an endless proliferation of commercial messages.
 12. Although in findings above the City of Lakeside Park has recognized the multiple values of signs in the built environment, Lakeside Park officials after consultation with the Planning Commission and representatives of cities and towns in the County concluded several years ago that there is no place for signs of overwhelming size and no relation to context in an urban and urbanizing environment like Lakeside Park. Although previous versions of these regulations followed the pattern of state and federal laws by defining such billboard as “off-site” signs, this ordinance addresses the same issue by establishing a form of circuit breaker size limit, prohibiting very large signs on small lots, on vacant lots, or on lots with only small buildings.
 13. These are complex public policy issues, and the Lakeside Park City Council, with the help of its professional planners, attorneys and outside consultant, has attempted to balance the competing considerations in a way that it believes best protects the public health, safety and welfare of the citizens of Lakeside Park, including its many valued businesses and the thousands of visitors who arrive or pass through the City of Lakeside Park each month.

SECTION 14.3 SCOPE, AUTHORITY AND APPLICABILITY

- A. **SCOPE:** This Article is adopted pursuant to KRS 100.

2. Any freestanding sign of which the area exceeds 10 percent of the area of the site or parcel on which it is located; or two percent of the lawful, as-built floor area of the principal building on the site; note that this is intended as a circuit-breaker and that all signs are subject to other size and dimensional requirements in this ordinance;

D. FLASHING SIGNS, MOVING SIGNS, AND CHANGEABLE COPY SIGNS

1. General Rule: Signs that move, flash or simulate movement are prohibited except as allowed under this section. A changeable copy sign is considered a different classification of sign under this Article; conversion of an existing sign to a changeable copy sign or to add changeable copy elements to it is allowed only if the modified sign will conform with all standards in this Section and with all other applicable standards related to the location, height, size and other characteristics of the sign.

- e. Any sign using electronic or electro-mechanical technology for changeable copy message boards, which malfunctions, fails, or ceases to operate in its usual or normal programmed manner causing therein motion, movement, flashing or any other similar effects, shall be repaired or disconnected within 48 hours by the owner or operator of such billboard.
 - f. The area of a sign consisting of electronic or electro-mechanical message board elements shall not constitute more than 200 square feet of a sign.

1. WHEN REQUIRED

a. Replacements

- (1) If any sign is removed and any new sign is erected in its place, a permit shall be obtained the same as if a new sign were erected at a new location, subject to all requirements enumerated herein.

b. Maintenance

- (1) If any sign is removed for maintenance and replaced on the same supports, a new permit will not be deemed necessary if the size or type of sign is not changed.

c. Relocation of Signs

- (1) If any sign is removed from one location and erected at a new location, a new permit shall be obtained.

d. Alteration

- (1) Alteration or enlargement of any sign shall require a permit the same as for a new sign. Any change in technology for a sign shall be considered an alteration; this shall expressly apply but not be limited to the conversion of a sign to changeable copy technology of any type.

2. APPLICATION

- a. No permit shall be granted until and after an application has been filed with the designated administrative official, showing the plans and specifications, including application fees, dimensions, materials, and details of construction of the proposed structure and meeting all provisions of this Article.

3. APPLICATION FORM

- a. The Zoning Administrator shall prepare and provide a form to be used as an application for a sign permit. The same form may constitute a permit, when duly approved. Multiple signs may be listed on a single permit only when they are all on the same lot or parcel, or are part of a single, comprehensive development.

4. INFORMATION ON APPLICATION

- a. The sign application form shall include the following information:
 - (1) Name and contact information for the applicant, and if separate, the name, address and consent of the property owner;
 - (2) Street address and Property Identification Number (PIDN) of the site;

 - (12) The length of each occupant's/tenant/s lineal wall frontage;
 - (13) Workers' compensation and liability documents and occupational licenses for all contractor's.

5. INITIAL REVIEW

- a. Unless a given sign is exempt from the permit requirement, all sign permit applications shall be reviewed by the Zoning Administrator, and approved or denied on the basis of whether the proposed sign satisfies all requirements of this Article, and all other applicable laws, rules and regulations. If it does, then the permit shall be issued. If it does not, then the denial notice shall specify the point(s) of noncompliance. Decisions on sign permit applications shall be made in writing by the Zoning Administrator, and are subject to the appeal procedures provided herein. When applicable, permits under building and electrical codes then in effect are also required; sign permits may be approved subject to compliance with building and electrical code requirements.

6. COMPLETENESS

- a. Initial review of an application will be for the purpose of determining if the application is complete. If the application is found incomplete, written notice of the finding of incompleteness will be given to the applicant within fifteen working days of submission, detailing the points of incompleteness. Notice is deemed effective when mailed

or personally delivered. After notice of incompleteness, the applicant shall have thirty calendar days in which to resubmit the application, with all noted items of incompleteness cured. If the application is resubmitted within that time, no additional fee shall be required, and the application, if complete, shall then be processed in accordance with this Section. If no notice of incompleteness is timely provided, the application shall be deemed complete as of the last day on which the notice of incompleteness could have been given.

7. TIME FOR DECISION

- a. The Zoning Administrator shall render a decision on each complete sign permit application within five working days of when the application was complete.

8. NONCOMPLIANCE WITH PERMIT

- a. All signs shall conform to the requirements of the permit, and all other applicable laws. Any sign not erected or constructed as represented on the application upon which the permit was issued shall not be construed as a hardship case, but shall be construed as a misrepresentation of facts on the application and a violation of this Article. Any noncomplying sign which is not removed or corrected within the required time shall be a deemed public nuisances and a violation of the zoning ordinance, and may be abated in the same manner as any public nuisance or zoning ordinance violation.

SECTION 14.9 APPEALS

- A. Decisions on sign permit applications, as well as directives, orders, notices and all other sign-related decisions of the Zoning Administrator may be appealed to the Board of Adjustment.

1. INITIATION OF APPEAL

- a. An appeal under this Article may be initiated by following the procedures set forth in KRS 100.261, within the time allowed by that section.

2. HEARING ON APPEAL

- a. Within 60 working days of timely receipt of a notice of appeal, the Board of Adjustment shall hear the appeal in an open, public, duly

noticed hearing. The appellant and all other persons wishing to be heard shall be allowed to present evidence and argument. The Board will base its decision on the law and the evidence presented at the hearing. The Board will issue a written decision within 30 calendar days of the hearing, and the written decision shall state the decision and the facts and law supporting the decision.

3. WAIVER OF TIME

- a. Any of the timeliness requirements of this Section may be waived by the appellant.

4. JUDICIAL REVIEW

- a. The decision of the Board of Adjustment is final. Further review may be had in Kenton County Circuit Court, pursuant to the Kentucky law of civil procedure.

5. STATUS PENDING APPEAL

- a. While any sign related matter is on appeal, the status quo of the subject sign(s) shall be maintained, except when, by virtue of physical condition, the sign poses an immediate threat to the public health, safety and welfare, in which case the threat may be abated in the same manner as any other immediate threat to the public health, safety and welfare.

SECTION 14.10 DEFINITIONS AND MEASUREMENTS

A. MEASUREMENTS

1. Area of Signs Other than Wall Signs

- a. The gross surface area of a sign, except wall signs, is the entire area contained within a single continuous perimeter enclosing the extreme limits of such sign. For detached signs composed of more than one sign cabinet or module, the gross surface area shall include the sum of the area in each cabinet or module only. If a sign has more than one face, the gross surface area shall be equal to the maximum area of the sign face or faces visible from any ground position along any public right-of-way at any one time.

- b. The perimeter of a sign will not include lighting fixtures, pole covers, landscaping, framing, decorative roofing, moldings or aprons or other architectural or decorative embellishments, provided they contain no written copy, logos or symbols.

2. Area of Wall Signs

- a. The gross surface area of a wall sign is the entire area contained within a single continuous perimeter composed of any straight line geometric figure(s) which encloses the extreme limits of the advertising message(s). If the sign is composed of individual letters or symbols using the wall as the background with no added decoration, color or embellishment, the total sign area shall be calculated by measuring the area within the perimeter of each symbol or letter. The combined area of the individual figures shall be considered the total sign area.

3. Computation of Area of Multifaced Signs

- a. The sign area for a sign with more than one face shall be computed by adding together the area of all sign faces visible from any one point. When two identical sign faces are placed back to back, so that both faces cannot be viewed from any point at the same time, and when such sign faces are part of the same sign structure and are not more than forty-two (42) inches apart, the sign area shall be computed by the measurement of one of the faces.

4. Measurement of Height of Sign

- a. Sign height shall be measured from the elevation at the base of the sign to the highest point of the highest element of the sign, excluding any incidental structural element, such as an uplift cable for a projecting sign. Where the sign is located on a mound or berm, the average elevation of the land 20 feet to each side of the sign shall be used as a basis for measuring height.

SECTION 14.11 POLICIES AND RULES OF CONSTRUCTION

A. This Article shall be administered, enforced and construed in accordance with the following policies.

1. **DISCRETIONARY REVIEW**

- a. When one or more signs are part of a project or development, or a variance, conditional use permit, exception or special use permit is sought for sign(s), which requires discretionary review, then the sign shall be reviewed without regard to the graphic design or visual image on the display face of the sign, and discretion shall be restricted to structural, location and other non-communicative aspects of the sign. This provision does not override the billboard policy.

2. **MESSAGE NEUTRALITY**

- a. It is the City of Lakeside Park policy to regulate signs in a constitutional manner.

3. **REGULATIONS ON OFF-SITE MESSAGES**

- a. This Article distinguishes in some cases between commercial messages that relate to products or services not offered at the location of the sign (“off-site commercial messages”). The purpose of that distinction is to acknowledge the need of businesses for identification and notice of their businesses at a business location while limiting the proliferation of commercial messages generally. There is no intent to limit noncommercial messages in any way with this distinction.

4. **BILLBOARD POLICY**

- a. New billboards, as defined herein, are prohibited. The City of Lakeside Park completely prohibits the construction, erection or use of any billboards, other than those which legally exist within the regulatory zoning jurisdiction of the City of Lakeside Park, or for which a valid permit has been issued and has not expired, as of the date on which this provision is first adopted. No permit shall be issued for any billboard which violates this policy, and the City of Lakeside Park will take immediate enforcement or abatement action against any billboard constructed or maintained in violation of this policy. In adopting this provision, the City of Lakeside Park affirmatively declares that it would have adopted this billboard

policy even if it were the only provision in this Article. The City of Lakeside Park intends for this billboard policy to be severable and separately enforceable even if other provision(s) of this Article may be declared, by a court of competent jurisdiction, to be unconstitutional, invalid or unenforceable.

5. MESSAGE SUBSTITUTION

- a. Subject to the property owner's consent, a noncommercial message of any type may be substituted in whole or in part for the message displayed on any sign for which the sign structure or mounting device is legal without consideration of message content. Such substitution of message may be made without any additional approval or permitting. The purpose of this provision is to prevent any inadvertent favoring of commercial speech over noncommercial speech, or favoring of any particular noncommercial message over any other noncommercial message. In addition, any on-site commercial message may be substituted, in whole or in part, for any other on-site commercial message, provided that the sign structure or mounting device is legal without consideration of message content. This provision does not create a right to increase the total amount of signage on a parcel, lot or land use; does not affect the requirement that a sign structure or mounting device be properly permitted; does not allow a change in the physical structure of a sign or its mounting device; and does not allow the substitution of an off-site commercial message in place of an on-site commercial message or a noncommercial message.

6. REGULATORY INTERPRETATIONS

- a. All regulatory interpretations of this Article are to be exercised in light of the City of Lakeside Park message neutrality and message substitution policies. Where a particular type of sign is proposed in a permit application, and the type is neither expressly allowed nor prohibited by this Article, or whenever a sign does not qualify as a "structure" as defined in the building code then in effect, then the Zoning Administrator shall approve, conditionally approve or disapprove the application based on the most similar sign type that is expressly regulated by this Article, in light of the policies stated in this Section.

7. NONCOMMUNICATIVE ASPECTS

- a. All rules and regulations concerning the non-communicative aspects of signs, such as location, size, height, illumination,

spacing, orientation, etc., stand enforceable independently of any permit or approval process.

8. PROPERTY OWNER'S CONSENT

- a. No sign may be displayed without the consent of the legal owner(s) of the property on which the sign is mounted or displayed. For purposes of this policy, "owner" means the holder of the legal title to the property and all parties and persons holding a present right to possession, control or use of the property. The signature of the property owner or authorized agent will be required on all applications for sign permits.

9. LEGAL NATURE OF SIGN RIGHTS

- a. As to all signs attached to real property, the signage rights, duties and obligations arising from this Article attach to and travel with the land or other property on which a sign is mounted or displayed. This provision does not modify or affect the law of fixtures, sign-related provisions in private leases regarding signs (so long as they are not in conflict with this Article or other law), or the ownership of sign structures. This provision does not apply to hand held signs or other images which are aspects of personal appearance.

10. SEVERABILITY

a. Generally

- (1) If any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term, or word of this Article is declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, the declaration of such unconstitutionality shall not affect any other part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article, except as limited by Section 14.11, A., 10., b.

b. Severability Where Less Speech Results

- (1) Without diminishing or limiting in any way the declaration of severability set forth above in subsection A of this Section or elsewhere in this Article or this Code, if any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article is declared unconstitutional, such declaration shall not affect any other

part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article, even if such severability would result in a situation where there would be less speech, whether by subjecting previously exempt signs to permitting or otherwise additional standards.

c. Severability of Provisions Pertaining to Prohibited Signs

- (1) Without diminishing or limiting in any way the declaration of severability set forth above in subsection A of this Section, or elsewhere in this Article or in this Code, if any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article or any other laws declared unconstitutional by valid judgment or decree of any court of competent jurisdiction, the declaration of such unconstitutionality shall not affect any other part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article that pertains to prohibited signs, including specifically those signs and sign types prohibited and not allowed under Section 14.5 of this Article. Furthermore, if any part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article or of any part of the Zoning Ordinance is declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, the declaration of such unconstitutionality shall not affect any other part, section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article, except as expressly provided in Section 14.11, A., 10., b.

d. Severability of Prohibition on Off-premise Signs

- (1) If any part section, subsection, paragraph, subparagraph, sentence, phrase, clause, term or word of this Article and/or an other provisions of this Article or other provisions of Zoning Ordinance or this Code are declared invalid or unconstitutional by the valid judgment or decree of any court of competent jurisdiction, the declaration of such unconstitutionality shall not affect the limitations on off-premise signs as contained herein.
