E. EXPIRATION OF ZONING PERMIT: If a building permit, as required herein, has not been obtained within ninety (90) consecutive calendar days from the date of issuance of zoning permit, said zoning permit shall expire and be canceled by the zoning administrator and a building permit shall not be obtainable until a new zoning permit has been obtained.

The building official may waive the requirement for filing plans when the work involved is of a minor nature.

Engineering details: the building inspector may require adequate details of structural, mechanical, and electrical work including computations, stress diagrams, and other essential technical data to be filed. All engineering plans and computations shall bear the signature of the responsible design professional. Plans for buildings more than two (2) stories in height shall indicate how required structural and fire resistance rating integrity will be maintained, and where a penetration will be made for electrical, mechanical, plumbing, and communication conduits, pipes and systems.

C. ISSUANCE OF BUILDING PERMIT: The building inspector shall examine or cause to be examined all applications for permits and amendments thereto within a reasonable time after filing. If the application or the plans do not conform to the requirements of all pertinent laws, he shall reject such application in writing, stating the reasons therefore. If he finds that the proposed work conforms to the requirements of the Kentucky Building Code and all laws and ordinance applicable thereto, he shall issue a permit therefore as soon as practicable.

Approved plans: The building inspector shall stamp or endorse in writing both sets of corrected plans approved and one (1) set of such approved plans shall be retained by him and the other set shall be available at the building site, open to inspection of the building inspector, or his authorized representative, at all reasonable times. D. COMPLIANCE: It shall be unlawful to issue a building permit, or occupancy permit, to build, create, erect, change, alter, convert, or occupy any building or structure hereafter, unless a zoning permit has been issued in compliance with this ordinance.

E. BUILDING PERMITS ISSUED PRIOR TO THE ADOPTION OF THIS ORDINANCE: Building permits issued in conformance with the building code of the legislative body prior to the date of adoption of this ordinance, whether consistent or inconsistent with this ordinance, shall be valid for a period of one
hundred eighty (180) consecutive calendar days from time of issuance of the permit. If construction in connection with such a permit has not been started within such a one hundred eighty (180) consecutive calendar day period, the permit shall be void and a new permit, consistent with all provisions of this ordinance and the building code, shall be required. For purposes of this section, construction shall be deemed to have been started at the time of completion of the foundation.

F. EXPIRATION OF BUILDING PERMIT: Any permit issued shall become invalid if the authorized work is not commenced within one (1) year after issuance of the permit, or if the authorized work is suspended or abandoned for a period of six (6) months after the time of commencing the work.

Use, arrangement, or construction at variance with that authorized shall be deemed in violation of this ordinance and punishable as provided in Section 16.9 of this ordinance.

SECTION 16.3 CERTIFICATE OF OCCUPANCY: It shall be unlawful for an owner to use or permit the use of any building or land, or part thereof, hereafter created, changed, converted, or enlarged, wholly or partly, until a certificate of occupancy, which shall be a part of the building permit, shall have been issued by the building inspector. Such certificate shall show that such building or land, or part thereof, and the proposed use thereof, are in conformity with the provisions of this ordinance. It shall be the duty of the building inspector to issue a certificate of occupancy, provided that he has checked and is satisfied that the building and the proposed use thereof, conform with all the requirements of this ordinance and the building code.

SECTION 16.4 CERTIFICATE OF OCCUPANCY FOR EXISTING BUILDING: Upon written request from the fee owner, the building inspector shall issue a certificate of occupancy for any building or land existing at the time of enactment of this ordinance, certifying, after inspection, the extent and kind of use made of the building or land, and whether such use conforms with the provisions of this ordinance.

SECTION 16.5 CERTIFICATE OF OCCUPANCY FOR LAWFUL NONCONFORMING USES AND STRUCTURES: A certificate of occupancy shall be required of all lawful nonconforming uses of land or buildings created by this
ordinance. A fee, as provided for in Section 19.0 of this ordinance, shall be charged for said certificate.

Applications for such certificates of occupancy for nonconforming uses of land and buildings shall be filed with the building inspector by the owner or lessee of the land or building occupied by such nonconforming uses within six (6) consecutive calendar months of the effective date of this ordinance. Failure to apply for such certificate of occupancy will place upon the owner and lessee the entire burden of proof that such use of land or buildings lawfully existed on the effective date of this ordinance.

It shall be the duty of the building inspector to issue a certificate of occupancy for lawful nonconforming uses upon application and such certificate shall identify the extent to which the nonconforming use exists at the time of issuance of such certificate.

The zoning administrator shall record properly such complaint, immediately investigate, and take action thereon, as provided by this ordinance and the Kentucky Revised Statutes.

SECTION 16.9 PENALTIES: Any person or entity who violates any of the provisions of this ordinance, shall, upon conviction be fined not less than ten (10) dollars but no more than five hundred (500) dollars for each conviction. Each day of violation shall constitute a separate offense.

SECTION 16.10 INTENT CONCERNING DETERMINATIONS INVOLVED IN ADMINISTRATION AND ENFORCEMENT OF PERFORMANCE STANDARDS: It is the intent of this ordinance that:

A. Where investigation can be made by the zoning administrator, or other designated employee, using equipment normally available to the legislative body, such investigation shall be so made before notice of violation is issued.
B. Where technical complexity, nonavailability of equipment, or extraordinary expense makes it unreasonable, in the opinion of the zoning administrator, for the legislative body to maintain the personnel or equipment necessary for making difficult or unusual determinations, procedures shall be established for:

1. Causing corrections in apparent violations of performance standards;

2. For protecting individuals from arbitrary, capricious and unreasonable administration and enforcement of performance standard regulations; and

3. For protecting the general public from unnecessary costs for administration and enforcement.

C. If the zoning administrator finds, after investigations have been made by qualified experts, that there is a violation of the performance standards, he shall take, or cause to be taken, lawful action to cause correction to, within limits set by such performance standards.

SECTION 16.11 DUTIES OF ZONING ADMINISTRATOR REGARDING PERFORMANCE STANDARDS: If, in the judgment of the zoning administrator, there is probable violation of the performance standards as set forth, the following procedures shall be followed:

A. The zoning administrator shall give written notice, by registered mail or certified mail, to the person or persons responsible for the alleged violation. The notice shall describe the particulars of the alleged violation and the reasons why the zoning administrator believes there is a violation in fact, and shall require an answer or correction of the alleged violation, to the satisfaction of the zoning administrator, within thirty (30) consecutive calendar days of receipt of such notification. The notice shall state that failure to reply or to correct the alleged violation, to the satisfaction of the zoning administrator within thirty (30) consecutive calendar days of receipt of said notice, constitutes admission of violation of the terms of this ordinance.

B. The notice shall further state that, upon request of those to whom said notice is directed, a technical investigation will be made by a qualified expert or experts and that, if violations as alleged are found, costs of such investigations shall be charged against those responsible for the violations, in addition to such other penalties as may be appropriate, but that if it is determined that no violation exists, the cost of the investigation will be paid by the legislative body.
C. If there is no reply within thirty (30) consecutive calendar days of receipt of said notice, but the alleged violation is corrected to the satisfaction of the zoning administrator, he shall note "violation corrected" on his copy of the notice, and shall retain it among his official records, taking such other action as may be warranted.

D. If there is no reply within thirty (30) consecutive calendar days of receipt of said notice and the alleged violation is not corrected to the satisfaction of the zoning administrator within the established time limit, he shall proceed to take, or cause to be taken, such action as is warranted by continuation of a violation after notice to cease.

E. If a reply is received within thirty (30) consecutive calendar days of receipt of said notice indicating that the alleged violation will be corrected to the satisfaction of the zoning administrator, but requesting additional time, the zoning administrator may grant an extension if he deems it warranted in the circumstances of the case and if the extension will not, in his opinion, cause imminent peril to life, health, or property.

F. If a reply is received within thirty (30) consecutive calendar days of receipt of said notice requesting technical determination as provided in this ordinance, and if the alleged violations continue, the zoning administrator shall call in properly qualified experts to investigate and determine whether violations exist.

If expert findings indicate violations of the performance standards, the costs of the investigations shall be assessed against the properties or persons responsible for the violations, in addition to such other penalties as may be appropriate under the terms of Section 16.9 of this ordinance.

If no violation is found, the cost of the investigation shall be paid by the legislative body without assessment against the properties or persons involved.
