3. Minimum front, side (on each side of lot), and rear yards - Fifty (50) feet  
4. Maximum building height - Thirty-five (35) feet  

G. OTHER DEVELOPMENT CONTROLS  
1. Off-street parking and loading and/or unloading shall be provided in accordance with Articles XI and XII.  
2. No outdoor storage of any material (usable or waste) shall be permitted in this zone, except within enclosed containers.
3. No lighting shall be permitted which would glare from this zone onto any street, or into any adjacent property.

4. Where any yard of any conditional use permitted in this zone abuts property in a single-family residential zone, a ten (10) foot wide screening area, as regulated by Section 9.17 of this ordinance, shall be required.

5. A minimum of one attached or detached garage shall be required for each dwelling unit that receives a zoning permit after September 24, 1986 for initial construction of that dwelling unit.

6. All utilities must be underground in a new subdivision when transmission lines have to be extended.

7. To utilize single-family residential dwellings (detached) with open space, the following criteria shall be met:

   a. Priorities for open space shall include evaluation of wetlands, floodplains, slopes, significant wildlife habitats, woodlands, farmlands, and historical features on the land.
   b. At least twenty (20) percent of the total acreage of the proposed development shall be retained as common open space/recreation area.
   c. The city of Erlanger shall approve the areas identified by the developer to be conserved as open space.
   d. Open space shall be controlled, through ownership or easement, by a governmental entity to be approved by the city of Erlanger.
   e. The density of the development shall not be increased by more than twenty-five (25) percent of the density permitted under the typical residential single-family development under this zone without open space.
   f. Each residential dwelling unit should have a view of functional open space from the front, rear, or side of the unit.
   g. The open space character shall be maintained from the existing main roadway, via the preservation or introduction of landscaping.
   h. All residential dwellings within the development shall have adequate access to open space areas. This will be accomplished, to the extent possible, by providing pedestrian walkways within each block or cul-de-sac.
   i. Wet stormwater retention areas may qualify for open space for the purposes of density calculation if properly designed to accommodate public recreation.
