APPENDIX A FORMS AND PROCEDURES A-1

APPENDIX B ZONE REGULATIONS SUMMARY B-1

APPENDIX C SUMMARY OF AMENDMENTS C-1
ARTICLE I

A ZONING ORDINANCE

SECTION 1.0: An Ordinance dividing the city of Highland Heights, Commonwealth of Kentucky, into zones. Zones of such shape and area as is deemed suited to carry out these regulations: Regulating the location, heights, number of stories and size of building and other structures; regulating the size of yards and other open spaces and the density and distribution of population and uses of buildings, structures and land for residential, commercial, industrial, and other purposes; prescribing penalties for the violations; providing for enforcement; a board of adjustments and repealing all regulations, resolutions, orders, ordinances and/or codes in conflict with this ordinance.

BE IT ORDAINED by the City Council of the city of Highland Heights, Commonwealth of Kentucky, as follows:
ARTICLE II

AUTHORITY AND PURPOSE

SECTION 2.0  AUTHORITY: The City Council of the city of Highland Heights in pursuance of the authority of Kentucky Revised Statutes (K.R.S. 100.201 - 100.991) hereby ordains and enacts into law the following Articles and Sections.

SECTION 2.1  PURPOSE: The zoning regulations and districts as herein set forth have been prepared in accordance with the Comprehensive Plan for the city of Highland Heights to promote the public health, safety, morals, and general welfare of the city, to facilitate orderly and harmonious development and the visual or historical character of the city, and to regulate the density of population and intensity of land use in order to provide for adequate light and air. In addition, this Ordinance has been prepared to provide for vehicle off-street parking and loading and/or unloading space, as well as to facilitate fire and police protection, and to prevent the overcrowding of land, blight, danger, and congestion in the circulation of people and commodities, and the loss of life, health, or property from fire, flood or other dangers. The zoning regulations and districts as herein set forth are also employed to protect highways, and other transportation facilities, public facilities, including schools and public grounds, the central business district, natural resources and other specific areas in the city of Highland Heights which needs special protection by the city.
ARTICLE III

SHORT TITLE

SECTION 3.0 SHORT TITLE: This Ordinance shall be effective throughout the city of Highland Heights, Kentucky, and shall be known, referred to and recited to as the "OFFICIAL ZONING ORDINANCE OF THE CITY OF HIGHLAND HEIGHTS".
ARTICLE IV

INTERPRETATION

SECTION 4.0  GREATER RESTRICTION: The provisions of this ordinance shall be held to be the minimum requirements for the promotion of public safety, health, and general welfare. Where this Ordinance imposes a greater restriction upon the buildings, structures or premises, upon heights of buildings or structures or requires larger open spaces than are imposed or required by any other ordinances, rules, codes, permits or regulations, or by easements, covenants, deed restrictions or agreements, the provisions of this Ordinance shall govern.

SECTION 4.1  PERMIT OR LICENSE IN VIOLATION: Not withstanding any other provisions of this ordinance or any other ordinances, rules, codes, permits, or regulations of the city of Highland Heights; If any permit or license is issued in violation of any provision of this Ordinance or purports to authorize the doing of any act not permitted by any provision of the Ordinance, said permit or license shall be void.
ARTICLE V

CONFLICT

SECTION 5.0 CONFLICT: All ordinances and parts of ordinances of the city of Highland Heights in conflict herewith are hereby repealed; providing, however, that such repeal shall not effect or prevent the prosecution or punishment of any person for any act done or committed in violation of any such ordinances and parts thereof hereby repealed prior to the effective date of this Ordinance.
ARTICLE VI

SEVERABILITY CLAUSE

SECTION 6.0 SEVERABILITY CLAUSE: That should any Article, Section, sub-section, sentence, clause, or phrase of this Ordinance, for any reason, be held unconstitutional or invalid, such decision or holding shall not affect the validity of the remaining potions hereof. It being the intent of the City Council of the city of Highland Heights to enact each section, and portion thereof, individually, and each such section shall stand alone, if necessary, and be in force not withstanding the invalidity of any other Section or provision.
ARTICLE VII
DEFINITIONS

SECTION 7.0  WORDS AND PHRASES: For the purposes of this Ordinance, certain terms, phrases, words, and their derivatives are herewith defined as follows: Words used in the future tense include the present; Words used in the present tense include the future; Words used in the singular include the plural; Words used in the plural include the singular; Words used in the masculine include the feminine; Words used in the feminine include the masculine; The word “shall” is mandatory and not directory; The word “may” shall be deemed as permissive.

ACCESSORY BUILDING OR USE CUSTOMARY: A “customary accessory building or use” is one which:

A. is subordinate to and serves the principal building or principal use; and
B. is subordinate in area, extent, or purpose to the principal building or principal use served; and
C. contributes to the comfort, convenience, or necessity of occupants of the principal building or principal use served; and
D. is located on the same lot as the principal building or principal use served, with the single exception of such accessory off–street parking facilities as are permitted to locate elsewhere than on the same zoning lot with the building or use served; and
E. is of a size such that the projected area in any vertical plane is greater than 15 square feet or have a total surface area of greater than 36 square feet.

AGRICULTURE: The use of land for agricultural purposes including agriculture, dairying, farming, floriculture, horticulture, pasturage, viticulture, and animal and poultry husbandry and the necessary accessory uses for packing, treating, or sorting the produce; provided, however, that the operation of any such accessory use shall be secondary to that of the normal agricultural activities.

AIR RIGHTS: Air rights for the purpose hereof shall be defined to mean the ownership or control of all land, property, and that area of space at and above a horizontal plane over the ground surface of land. This horizontal plane shall be at a height above the existing or proposed development (depending on the individual property in question) which is reasonably necessary or legally required for the full and free use of the ground surface.

ALLEY: All public rights–of–way at the rear of the lot which normally affords a secondary means of access to abutting property.

APARTMENT: A portion of a building consisting of a room or suite of rooms intended, designed, or used as a permanent residence by an individual or one (1) family.
APARTMENT HOUSE: See DWELLINGS, MULTIPLE.

AUTOMOBILE LAUNDRY: A building or portion thereof, containing facilities for washing more than two (2) automobiles, using production line methods with chain conveyer, blower, steam cleaning device, or other mechanical devices. Thus use of personnel for one or more phases of this operation in conjunction with or without complete automatic or mechanical devices does not alter its classification. For this purpose of this Ordinance, coin operated devices, of the above nature, which are operated on a self service basis shall be constructed to be the same.

AUTOMOBILE AND TRAILER SALES AREAS: An open, partially open, or enclosed area other than a street, used for the display, sale or rental of new or used automobiles or trailers, and where no repair work is done except minor incidental repair of automobiles or trailers to be displayed, sold or rented from the premises.

BASEMENT: That portion of a building between floor and ceiling, which is partly below and partly above the average level of the adjoining grade but so located that the vertical distance from the average level of the adjoining grade to the floor below is less than the vertical distance from the average level of the adjoining grade to the ceiling.

BOARD OF ADJUSTMENT OR BOARD: Board of Adjustment, city of Highland Heights, Commonwealth of Kentucky.

BOARDING HOUSE: A residential building other than a hotel, motel, or tourist cabin where lodging and meals for four (4) or more persons are served for compensation, and by prearrangement for definite periods.

BORROW PIT: Any place or premises where dirt, soil, sand, gravel, or other compensation, material is removed by excavation or otherwise, below the grade of the surrounding land, for any purpose other than mining operations such as gold, silver, coal, etc., and that necessary and incidental to grading or to building construction on the premises.

BUFFER AREA: Areas so planned and/or zoned which act as a buffering or separation area between two (2) or more uses or structures not compatible, due to design, function, use, or operation.

BUILDING: A structure enclosed within exterior walls or firewalls for the shelter, housing, support or enclosure of persons, animals or property of any kind.

BUILDING, ALTERATION OF: Any change or rearrangement in the supporting members (such as bearing walls, beams, columns or girders) of a building or any addition to a building, or movement of a building from one location to another.

BUILDING AREA OR LOT COVERAGE BY BUILDING: That portion of a lot or building site that can be legally occupied by the ground floor of the principal building or use and all
permitted accessory uses excluding those portions of the lot or building site, which shall be reserved for minimum required yard spaces.

BUILDING, COMPLETELY ENCLOSED: A building separated on all sides from the adjacent open space, or from other buildings or other structures, by a permanent roof and by exterior walls or party walls, pierced only by windows and normal entrance or exit doors.

BUILDING, DETACHED: A building surrounded by open space on the same lot or tract of land.

BUILDING, HEIGHT OF: The vertical distance measured from average elevation of the finished grade adjoining the building at the front building line to the highest point of the roof surfaces, if a flat roof; to the deck line of a mansard roof; and to the average height level between eaves and ridge for gable, hip, and gambrel roofs.

BUILDING INSPECTOR: The official or officials appointed by the city of Highland Heights for carrying out the building codes.

BUILDING LINE: A line defining the minimum front, side and rear yard requirements.

BUILDING, MAIN: See BUILDING, PRINCIPAL.

BUILDING PERMIT: A permit issued by the city of Highland Heights’ Building Inspector authorizing the construction or alteration of a specific building, structure, sign or fence on a specific tract.

BUILDING, PRINCIPAL: The building on a lot used to accommodate the primary use to which the premises are devoted.

BUILDING SITE: One continuous piece of land that meets all of the provisions of the city of Highland Heights’ Ordinances, regulations, and codes for building on said site. For the purpose of this Ordinance, the entire amount of ground being called a building site shall be in one (1) specific zone category and this shall not be constructed to mean merely a residential, commercial, industrial, etc., but specifically Residential R-1A, R-1B, R-2, CBD-1, CBD-2, etc.

CAMPING/VACATION MOBILE UNIT: Any coach, cabin, house trailer, house car or other vehicle or structure intended for, designed for, and used for temporary human habitation or sleeping purposes, mounted upon wheels or supports, or supported and/or capable of being moved by its own power or transported by another vehicle.

CANOPY (MARQUEE): A roof-like structure serving the purpose of protecting pedestrians from rain, snow, sun, or hail which structure projects from a building. Such structure shall be open on three (3) sides and, if ground supported, supports shall be confined in number and cross section area to the minimum necessary for actual support of the canopy.
CARPORT: *See* GARAGE, PRIVATE.

CELLAR: The portion of a building between floor and ceiling which is wholly or partly below the average level of the adjoining grade and so located that the vertical distance from the average level of the adjoining grade to the floor below is equal to or greater than the vertical distance from the average level of the adjoining grade to the ceiling.

CITIZEN MEMBER: Any member of the Planning Commission or Board of Adjustment who is not an elected or appointed official or employee of the City.

CITY: The City of Highland Heights, Kentucky.

CLINIC, ANIMAL: A building used by a group of professional medical persons for the healing arts or treatment of small animals on an out-patient/in-patient, but or nonboarding basis only, without runs.

CLINIC, PERSONS: A building used by a group of professional medical persons for the healing arts or treatment of persons on an out-patient or nonboarding basis.

CLUB: A building owned or rented by a nonprofit association made up of bona fide members paying dues, the use of which is restricted to said members and their guests.

COMMISSION (PLANNING COMMISSION): The Highland Heights Planning Commission, Campbell County, Kentucky.

COMPREHENSIVE (MASTER) PLAN: A guide for public and private actions and decisions to assure the development of public and private property in the most appropriate relationships. It shall contain, as a minimum, the following elements:

A. A statement of goals and objectives, principles, policies, and standards;
B. A land use plan element;
C. A transportation plan element;
D. A community facilities plan element;
E. May include any additional elements, such as, without being limited to, community renewal, housing, flood control, pollution, conservation, natural resources, and others.

COMPUTER STORE – RETAIL: Business in which computers, computer components, and software are available for retail sales. Service and upgrades are secondary to the retail aspect of the operation.

COMPUTER STORE – SERVICE: Business in which computer repair, service, and/or consulting is offered as the primary function of the business with the sale of components and other repair items being a part of that service. Software is secondary to the service aspect of the business.
CONCEALED LIGHTING: An artificial light source intended to illuminate the face of a sign, the direct source of which is shielded from public view and surrounding properties.

CONDITIONAL USE: A use which may be suitable as determined by the Board of Adjustments in zones herein defined, but which would impair the integrity and character of the zone in which it is located, or in adjoining zones, unless restrictions on locations, size, extent, and character of performance are imposed.

CONDITIONAL USE PERMIT: Legal authorization to undertake a conditional use, issued by the Zoning Administrator pursuant to authorization by the Board of Adjustment, consisting of two parts;

A. A statement of the factual determination by the Board of Adjustment which justifies the issuance of the permit; and
B. A statement of the specific conditions which must be met in order for the use to be permitted.

CONFORMING USE: Any lawful use of a building, structure, lot, sign or fence which complies with the provisions of this Ordinance.

COUNCILMEN: Members of the City Council, city of Highland Heights, Commonwealth of Kentucky.

COURT: An open, unoccupied space other than a yard, on the same lot with a building and which is bounded on two (2) or more sides by the building.

CURB CUT: Any interruption, or break in the line of a street curb in order to connect a driveway to a street, or otherwise to provide vehicular access to abutting properties.

CURB LEVEL: The level of the established curb in front of the building measured at the center of such front. Where no curb has been established, the City Engineer shall authorize and approve the establishment or such curb level or its equivalent for the purpose of the Ordinance.

DECIBEL: A unit of measurement of the intensity (loudness) of sound. Sound level meters which are employed to measure the intensity of sound are calibrated in “decibels”.

DEEDED AND ACCEPTED RIGHT-OF-WAY: An appropriation of land to some public uses, made by the owner of the fee and accepted for such use by and in behalf of the public.

DISH: That part of a satellite signal receiving station characteristically shaped like a saucer or dish.

DISH-TYPE SATELLITE SIGNAL RECEIVING STATION: A signal receiving device (antenna, dish antenna, or dish-type antenna) the purpose of which is to receive communications or other signals from satellites in each orbit or other extraterrestrial sources. The device usually
has a low-noise amplifier (LNA) which is situated at the focal point of the receiving component, and the purpose of which is to magnify, store, transfer and/or transmit electronic light signals.

DECOMPOSE BY DETONATION: Refers to the detonation of explosives as part of blasting and to those uses that utilize blasting during processing, manufacturing, compounding, packing or assembling.

DISTRICT: For purpose of this Ordinance, Synonymous with “Zone”.

DORMITORY: A building used to provide residences for a group or persons (including students, faculty, or staff) of whom all are exclusively associated with an institution of higher education.

DRIVE-IN, EATING OR DRINKING PLACE: See EATING ESTABLISHMENTS—RESTURANTS.

DWELLING: Any building which is completely intended for, designed for and used for residential purposes, but for the purposes of this Ordinance, shall not include a hotel-motel, hotel, motel, nursing home, tourist cabins, college or university dormitories, or military barracks.

DWELLING, ATTACHED SINGLE-FAMILY: A dwelling unit which is attached to one or more dwelling units, each of which has independent access to the outside of the building to ground level and which has no more than two (2) exterior walls fully exposed and not in common with the exterior walls of any other unit.

DWELLING, DETACHED SINGLE-FAMILY: A dwelling standing by itself and containing only one (1) dwelling unit, separate from other dwellings by open space, but shall not include mobile homes.

DEWLLING, DOUBLES: See DWELLING, TWO FAMILY.

DEWLLING, DUPLEXES: See DWELLING, TWO FAMILY.

SIGN: Any work, lettering, figures, numbers, phrases, sentences, emblems, devices (including loud speakers), designs, pictures, trade names or trademarks, by which is affixed to, or represented directly or indirectly upon a building, structure, vehicle (including portable type
vehicles) or piece of land and which directs attention to an object, place, activity, person, firm, corporation, institution, business, service, commodity or a product, which are visible from the rights-of-way of any street, road, highway, or pedestrian area, and designed to attract attention. The term “sign” shall not include the flag, pennant or insignia of any nation, state, county, city, or other political unit, or any political, educational, charitable, philanthropic, civic, professional, religious or like campaign, drive, monument, event or any type of traffic or warning sign or signal or the usual house or building number or a sign posted on a service or delivery type vehicle.

SIGN, ANIMATED: Any sign having a conspicuous and intermittent variation in the illumination or physical position of any part of the sign.

SIGN, BUSINESS: A sign which directs attention to a business, profession or industry located upon the premises where such sign is displayed or to which it is affixed to type of products sold, manufactured or assembled and/or to service or entertainment offered upon said premises, but not pertaining to an advertising sign if such activity is only minor and incidental to the principal use of the premises.

SIGN, CANOPY: Any sign affixed directly to any canopy.

SIGN, FLASHING: Any sign having a conspicuous and intermittent variation in the illumination of the sign.

SIGN FLAT: Any sign which is attached directly, in a rigid manner and parallel to the building wall and shall not extend outward from the building wall more than twelve (12) inches, except, however, if the sign is illuminated, the reflectors shall project not more than four (4) feet beyond the face of the sign. Such sign or signs shall not extend beyond the top or ends of the wall surface on which they are placed.

SIGN, GROSS AREA OF: The entire area within a single continuous perimeter enclosing the extreme limits of a sign and in no case passing through or between any adjacent elements of the same. However, such perimeter shall not include any structural elements lying outside the limits of such sign and not forming an integral part of the display.

SIGN, GROUND: Any sign erected, constructed, or maintained directly upon the ground or upon uprights or braces placed in the ground with a maximum permitted ground clearance of three (3) feet.

SIGN, IDENTIFICATION: A sign used to identify: the name of the individual, family, organization, or enterprise occupying the premises; the profession of the occupant; the name of the building on which the sign is displayed.

SIGN, INDIVIDUAL LETTER: Letters and/or numbers individually fashioned from metal, glass, plastic, or other materials and attached directly to the wall of a building, but not including a sign painted on a wall or other surface.
SIGN, POLE: Any sign affixed to a free standing supporting pole or poles, embedded in, and extending upward from the ground with a minimum ground clearance of three (3) feet.

SIGN, PROJECTING: Any sign projecting from the face of a building and securely attached to the building by bolts, anchors, chains, guys, or to posts, poles, or angle irons attached directly to the building.

SIGN, WINDOW: Any type of sign or outdoor advertising device which is attached to a window of any building, but shall not extend past the limits of said window. For the purpose of Article XIV, SIGN REGULATIONS, the word window shall be construed to mean any glass which comprises part of the surface of the wall regardless of its moveability.

SOUND LEVEL METER: An instrument standardized by the American Standards Association for measurement of intensity of sound.

STABLE, PRIVATE: A separate accessory building with a capacity for not more than one (1) pony for each six thousand (6,000) square feet of lot area whereon such stable is located and where such horses or ponies are owned by the owners or occupants of the premises and not kept for compensation, hire or sale.

STABLE, PUBLIC: A main building with a capacity for not more than one (1) horse or one (1) pony for each six thousand (6,000) square feet of lot area whereon such stable is located and where such horses or ponies are owned by the owners or occupants of the premises and not kept for compensation, hire or sale.

STORY: That portion of a building included between the surface of any floor and the surface of the floor next above it, or if there be no floor above it, then the space between such floor and the ceiling next above it. For purposes of this ordinance, basement shall be counted as a story.

STORY, HALF: A story under a gable, hip, or gambrel roof, the wall plates of which on at least two (2) opposite exterior walls are not more than three (3) feet above the floor of such story.

STREET, ARTERIAL: Public thoroughfares which serve the major movements of traffic within and through the community as identified in the adopted Comprehensive plan for the city.

STREET, COLLECTOR: Public thoroughfares which serve to collect and distribute traffic primarily from local residential streets to arterial streets.

STREET, EXPRESSWAY: A divided arterial highway for through traffic with full or partial control of access in general with grade separations at major intersections.

STREET, FREEWAY: A divided multi–lane highway for through traffic with all crossroads separated in grades and with full control of access.
STREET, LOCAL: Facilities which are designed to be used primarily for direct access to abutting properties and leading into the collector street system.

STREET, PRIVATE: A paved private thoroughfare which affords access to abutting property for private users, of such property. For the purposes of density calculations, a private street shall constitute the areas of its paved surface and sidewalks.

STREET, PUBLIC: A public thoroughfare, constructed within the boundaries or an officially deeded and accepted public right-of-way, which affords principle means of access to abutting property. For purposes of density calculations, a public street shall constitute all of the area within the public right-of-way.

STRUCTURE: Anything constructed or erected, the use of which requires more or less permanent location in or on the ground or attachment to something having a permanent location in or on the ground, including buildings, mobile homes, signs, and fences, but not including earthworks, ditches, canals, dams, reservoirs, pipelines, telephone or telegraph or electric power lines, driveways or curbs.

SUBDIVISION: The division of a parcel of land into two or more lots or parcels for the purpose, whether immediate or future, of sale, lease, or building development, or if a new street is involved any division of a parcel of land; providing that a division of land for agricultural purposes into lots or parcels of five acres or more and not involving a new street shall not be deemed a subdivision. The term includes re-subdivision and when appropriate to the context shall relate to the process of subdivision or to the land subdivided.

SWIMMING POOL: Any structure or device of any kind that is intended for swimming purposes, including but not limited to any pool or tank of any material or type of construction, or any depression or excavation in any natural or constructed material or type of berm of any material or type of construction; including all appurtenances to such structure or device and all appliances used in connection there-with; which structure or device is intended to cause, or would cause if completely filled, the retaining of water to a greater depth than eighteen (18) inches at any point. Any such structure or device shall be deemed to be included within the meaning of the term “structure” as used in this ordinance. Outdoor swimming pools shall be deemed to consist of the following classes: private, semi-private, public and commercial, as follows:

A. Private: when consisting of an accessory structure appurtenant to a one family or a two–family dwelling and used only as such by persons residing on the same lot and their private guests (as distinguished from groups of any kind) with no payment of any kind or in any form charged or received for such use.

B. Semi–public: when consisting of an accessory structure appurtenant to a multiple dwelling, hotel, motel, church, school or private club, or country club, and used only as such by persons who reside or are housed on the same lot or who are regular members of such church, club, country club or regular attendants at such school and by individual
guests (as distinguished from groups of any kind) of the foregoing with no payment of any kind or in any form being charged or being received for such use.

C. Public: a swimming pool operated by a unit of government for the general public.

D. Commercial: a swimming pool operated for profit, open to the public upon payment (of an hourly, a daily, weekly, monthly, annual, or other fee).

TAVERN: Any establishment selling, by the drink, fermented malt beverages or malt, vinous or spirituous liquors.

PUD PLANNED UNIT DEVELOPMENT OVERLAY ZONE
RCD RESIDENTIAL CLUSTER DEVELOPMENT OVERLAY ZONE
SC SHOPPING CENTER ZONE
NSC NEIGHBORHOOD SHOPPING CENTER ZONE
GC GENERAL COMMERCIAL ZONE
PO PROFESSIONAL OFFICE ZONE
LSC LIMITED SERVICE COMMERCIAL ZONE
MLU MIXED LAND USE ZONE

SECTION 8.1 OFFICIAL ZONING MAP OR MAPS: The zones are bounded and defined as shown on the map (or maps) entitled, "OFFICIAL ZONING MAP OF THE CITY OF HIGHLAND HEIGHTS, KENTUCKY", and shall so remain on file in the office of the city Zoning Administrator.

SECTION 8.2 CHANGES ON ZONING MAP: If, in accordance with the provisions of this ordinance and the Kentucky Revised Statutes, changes are made in zone boundaries or other matters portrayed on the Official Zoning Map (or maps), such changes shall be made on the Official Zoning Map (or maps) promptly after the amendment to this ordinance has been approved by the legislative body. Such change shall not become effective until said changes have been made on said map (or maps). In addition, no building, structure, sign or fence permit shall be approved or issued until the OFFICIAL ZONING MAP (or maps) indicate the proper zoning for the use intended as indicated upon the application for the permit.
No changes of any nature shall be made on the Official Zoning Map (or maps) or matter shown thereon which are not in conformity with procedures set forth in this ordinance.

Regardless of the existence of purported copies of the Official Zoning Map (or maps), the OFFICIAL ZONING MAP, which shall be located in the office designated by law, shall be the final authority as to the current zoning status of land, buildings and other structures in the city.

SECTION 8.3 REPLACEMENT OF OFFICIAL ZONING MAP: In the event that the Official Zoning Map (or maps) become damaged, destroyed, lost, or are deemed necessary to be replaced due to the age of the map or corrections in location of right-of-way or subdivisions, the city of Highland Heights may, by ordinance, cause to have prepared and by ordinance, adopt a new Official Zoning Map (or maps) which shall supersede the prior Official Zoning Map (or maps), but no such corrections shall have the effect of amending the original Zoning Ordinance or any subsequent amendment thereof.

SECTION 8.4 RULES FOR INTERPRETATION OF ZONE BOUNDARIES: Rules for interpretation of zone boundaries shown on the Official Zoning Map (or maps) are as follows:

A. Boundaries indicated as approximately following the rights–of–way boundary of a street, road, or highway shall be construed to follow such rights–of–way lines and when said rights–of–way are officially vacated the zones bordering such rights–of–way shall be extended out to the centerline of said vacated rights–of–way.

B. Boundaries indicated as approximately following platted lot lines shall be construed as following such lot lines.

C. Boundaries indicated as approximately following political boundary lines shall be construed as following such boundary lines.

D. Boundaries indicated as approximately following the rights–of–way of railroad lines shall be construed as following such lines.

E. Boundaries indicated as approximately following the centerlines of streets, streams, rivers, ditches, gullies, ravines or other bodies of water shall be construed to follow such centerlines.

F. Boundaries indicated as approximately parallel to features indicated in Rules A through E, of this section, shall be construed as parallel to such features. Boundaries indicated as approximate extensions of features indicated in Rules A through E or this section shall be construed as being extensions of such features. Distances not specifically indicated on the Official Zoning Map (or maps) shall be determined by the scale of the map (or maps), if an accurate legal description cannot be determined from the original zoning case.

SECTION 8.5 ANNEXED TERRITORY: AREAS NOT INCLUDED WITHIN ZONES: In any case where territory is annexed to the City of Highland Heights, the zoning classification
for such territory shall be the same as it was under the unit of government which exercised jurisdiction of such territory prior to its annexation. That all regulations, resolutions and ordinances necessary to administer the said zoning shall be adopted into this ordinance by reference until the action provided for below is complete.

Within a period of sixty (60) calendar days after a territory is finally annexed to the City of Highland Heights, the Planning Commission shall initiate action to amend its comprehensive plan, to include the annexed territory in accordance with requirements of KRS Chapter 100.

Following said action, the Planning Commission shall further take action to review the appropriate zoning classification for said territory in accordance with the City’s adopted comprehensive plan for implementing changes, if any, appropriate or necessary, in accordance with KRS Chapter 100.

If any other case where territory has not been included within a zone, such territory shall be considered to be in the C-O Zone until otherwise classified.
ARTICLE IX

GENERAL REGULATIONS

SECTION 9.0 PURPOSE: General regulations apply to all districts. Where requirements of a general regulation and a district regulation differ, the more restrictive requirement shall prevail.

SECTION 9.1 REDUCTION IN BUILDING SITE AREA: Notwithstanding other provisions of this ordinance, no lot, in any zone, may be reduced in area below the minimum lot area as specified herein for the zone within which said lot is located except where such reduction has been brought about by the expansion or acquiring of rights–of–way for a street, road, or highway. If, however, by some means (e.g., misinterpretation of law, erroneous lot descriptions, etc.) the lot area is reduced below the minimum required lot area as specified herein for the zone, all of the uses and structures contained in the remaining portion of the area shall be subject to compliance with all provisions of this ordinance. In the event that the uses and structures cannot comply in such circumstances, the property owner shall seek relief from the Board of Adjustment as provided for in Section 17.5 of this ordinance.

SECTION 9.2 INTERFERENCE WITH TRAFFIC SIGNALS: Notwithstanding other provisions of this ordinance, in any zone, no sign, structure, tree, planting or vegetation or any portion thereof shall protrude over or into any street, road or highway so as to create confusion around, or otherwise interfere with, traffic signals of any kind.

SECTION 9.3 VISION CLEARANCE AT CORNERS, CURB CUTS, AND RAILROAD CROSSINGS: Notwithstanding any part of this ordinance or any permit granted, or any variance granted by the Board of Adjustment, no type of structure, vehicle, tree, planting, vegetation, sign or fence or any type of obstacle or any portion thereof shall be placed or retained in such a manner which would create a traffic hazard or would obstruct the vision clearance at corners, curb cuts, or railroad crossings in any zone.

SECTION 9.4 FRONTAGE ON CORNER LOTS AND DOUBLE FRONTAGE LOTS: On lots having frontage on more than one street, in any zone, the minimum front yard shall be provided for each street, road, or highway in accordance with the provisions of this ordinance.

SECTION 9.5 UTILITIES LOCATION: Electrical transformer stations, gas regulator stations, sewage and water treatment plants, pumping stations, standpipes for public water supply and other similar utility uses may be located in any zone. The location of such facilities shall be in accordance with Kentucky State law and the following requirements shall be complied with:

A. Such facilities shall be essential for the immediate area or for the proper functioning of the total utility system of which the above element is a part.
B. A building or structure, except an enclosure fence, shall be set back at least fifty (50) feet from any property line.

C. Such facilities shall be enclosed by a protective fence as regulated by Article XI.

D. Open spaces on the premises shall be suitably landscaped and maintained and a screening area according to Section 9.17 of this ordinance may be required in and along any yard.

E. The stored vehicles and equipment on the premises, unless enclosed or screened, shall be prohibited.

F. The surrounding area shall not be adversely affected by, and shall be protected from noise, odor, glare, dust, gas, smoke and vibration by such suitable means and conditions as the Planning Commission may specify.

SECTION 9.6 RAILROAD RIGHTS–OF–WAY LOCATION: Railroad rights–of–way, exclusive of such uses as marshaling yards, passenger and freight terminals, maintenance shops, fueling facilities and round houses, may be located in any zone of this ordinance providing said railroad rights–of–way meet the requirements of those sections of the Kentucky State Law which regulate such uses.

SECTION 9.7 EXCAVATION, MOVEMENT OF SOIL, TREE REMOVAL, AND EROSION AND SEDIMENTATION CONTROL:

A. No governmental entity or other person or entity shall strip, excavate, fill, or otherwise move soil, trees, or other vegetation for sale, or any other purpose, except for minor changes such as the filling of small pockets in lots, removal of vegetation which is diseased or endangering the public safety, flower beds and other similar operations, in any zone set forth in this ordinance without first insuring that all requirements of the Subdivision Regulations of the city, if applicable, have been fulfilled and then obtaining a permit from the building inspector for such stripping, excavation, filling, or other means of soil movement including wholesale removal of trees and other vegetation.

B. The building inspector may issue the required permit after determining that the resulting change in grade or removal of trees and other vegetation in the affected area will be in conformance with all applicable provisions of this ordinance. The provisions of this section shall not be construed to prohibit normal excavation or grading incidental to the construction or alteration of a building on the premises for which a building permit has been granted as required otherwise in this ordinance.

C. Erosion and Sedimentation Control: Controls for excavation, movement of soil, tree removal and effective erosion and sediment controls shall be planned and applied according to the following principles:
1. The smallest practical area of land should be exposed at any one time during development.
2. When land is exposed during development, the exposure should be kept to the shortest practical period of time.
3. Temporary vegetation and/or mulching shall be used to protect critical areas exposed during development.
4. Sediment basins (debris basins or silt traps) shall be installed and maintained to remove sediment from run-off water from land undergoing development.
5. Provisions shall be made to accommodate the increased runoff caused by changed soil and surface conditions during and after development.
6. Permanent final vegetation and structures shall be installed as soon as practical in the development.
7. The development shall be fitted to the topography and soils so as to create the least erosion potential; and
8. Wherever feasible, natural vegetation shall be retained and protected.

D. Stormwater retention and/or detention shall be required whenever the amount of stormwater runoff from a site is increased by new development. The following criteria shall be used in planning and designing the required stormwater retention and/or detention areas:

1. Calculate the Pre-Development Site Runoff Rate based on the “Rational Method”, Q=CIA based on the existing site conditions and a 25 year storm frequency.
2. Calculate the Post-Development Site Runoff Rate using the “Rational Method”, Q=CIA based on the proposed site conditions and a 50 year storm frequency.
3. The Allowable Discharge Rate from the retention and/or detention area cannot exceed the Pre-Development Site Runoff Rate calculated for the site.
4. The amount of detention volume required for a subdivision or development must not be less than the Post-Development Runoff Rate minus the Pre-Development Runoff Rate multiplied by the recruited detention time of 30 minutes.
5. Fencing may be required around the detention and/or retention facilities when the location is not easily observed or in the opinion of the engineer is necessary.

E. All excavations within the public right-of-ways should be back filled full depth with flash fill, or an equal product approved in writing by the City Engineer. This requirement shall be applicable to the repair of existing utilities, or for the construction of any new utilities under the existing or proposed paving and any utilities within three (3) feet of the paving limits. Paved area shall include but not be limited to streets, sidewalks, driveways, aprons, and curbs.

SECTION 9.8 UNSIGHTLY OR UNSANITARY STORAGE: No rubbish, salvage materials, junk or miscellaneous refuse shall be openly stored or kept in the open and no weeds shall be allowed to go uncut within any zones when the same may be construed to be a menace to public health and safety by the appropriate Health Department, or to have a depressing influence upon property values in the neighborhood, in the opinion of the Zoning Administrator.
Regular salvage and junk yards shall be adequately enclosed with a solid fence or wall as regulated by Article XI of this ordinance and an approved permanent planting screen may also be required as regulated in Section 9.17 of this ordinance.

SECTION 9.9 JUNKYARD LOCATION: No person shall operate or cause to operate any junkyard which is situated closer than two thousand (2,000) feet to the centerline of any county, state, federal or limited access highway or turnpike including bridges and bridge approaches unless a permit for such operations shall have been obtained from the Kentucky Department of Highways in accordance with KRS 177.905 to 177.950.

SECTION 9.10 APPLICATION OF ZONING REGULATIONS:

A. Except as herein provided, no public or private structures except the service facilities or public utilities operating under the jurisdiction of the Public Service Commission or the Department of Motor Transportation or Federal Power Commission and common carriers by rail, shall be erected reconstructed, or structurally altered, nor shall any public or private structures or land, except the service facilities of public utilities operating under the jurisdiction of the Public Service Commission or the Department of Motor Transportation or Federal Power Commission and common carriers by rail, be used for any purpose other than that permitted in the zone which such structures or land is to be located or is located. All of the required lot area shall be in one (1) zone.

B. Except as hereinafter provided, no public or private structures, except the service facilities of public utilities operating under the jurisdiction of the Public Service Commission or the Department of Motor Transportation or Federal Power Commission and common carriers by rail, shall be erected, reconstructed or structurally altered to exceed the height or bulk limit herein established for the zone in which such structures is to be located or is located.

C. Except as hereinafter provided, no lot area shall hereafter be so reduced or diminished that the yards or other open spaces shall smaller than described by this ordinance and no building shall be occupied by more families than prescribed for such building, structure or premises for the zone in which it is located.

D. Except as hereinafter provided, no part of any yard, or other open space, or off-street parking or loading and/or unloading space about or in connection with any building, structures or use permitted by this ordinance shall be considered to be part of a required yard, or other open space, or off-street parking or loading space for any other building, structure or use.

E. Every public or private building or other structures hereafter erected shall be located on a lot as herein defined and in no case shall there be more than one (1) principal building and permitted accessory structures on one (1) lot, except as hereinafter provided, nor shall any building be erected on any lot which does not abut at least twenty-five (25) feet on a deeded and accepted public right-of-way. Flag lots shall only be used in those
locations where due to geometric, topographic and other physical features, it would be impractical to extend a publicly dedicated street to serve lots located in said areas, as determined by the planning commission. The minimum lot area and setback requirements for flag lots shall be 2.5 times the requirements for residential zones. In no case shall more than two flag lots be contiguous to each other at the publicly dedicated street.

F. Accessory structures and uses (excluding off-street parking, loading and/or unloading areas, fences and signs) shall not be permitted within any required minimum front yard or side yard (on each side of the lot) in any zones. Accessory structures and uses (excluding off-street parking, loading and/or unloading, fences and signs) shall be permitted to extend into the minimum rear yard areas, as defined herein, in all zones, but must be set back from the rear lot line a minimum of ten (10) feet, and required minimum side yard clearances must be maintained. Location of off-street parking, loading and/or unloading areas, fences, and signs are governed by their respective sections, as provided herein.

G. Permitted Obstructions in Minimum Required Yards or Courts: Except as herein provided, the following shall not be considered to be obstructions when located in the required minimum yards or courts specified:

1. In All Minimum Required Yards or Courts – Awnings and canopies; steps four (4) feet into the minimum required yards which are necessary for access to a lot from a street or alley; fire escapes; chimneys projecting eighteen (18) inches or less into the minimum required yards; arbors and trellises; flag poles; and bird baths; fences and walls, subject to the requirements in Article XI of this ordinance; off-street parking, as provided for in Article XII of this ordinance.

2. In Minimum Front Yard Depths – One-story bay windows projecting three (3) feet or less into the minimum required rear yard; overhanging eaves and gutters projecting three (3) feet or less into the minimum required side yard; driveways.

3. In Minimum Rear Yard Depths – One story bay windows projecting three (3) feet or less into the minimum required yard; overhanging eaves and gutters projecting three (3) feet or less into the minimum required rear yard; air conditioning equipment.

4. In Minimum side Yard Width – Air conditioning equipment, excluding compressor for central air conditioning unit, overhanging eaves and gutters projecting eighteen (18) inches or less into the minimum required side yard; driveways.

5. Off-street parking as provided in Section 12.0, C, 1.

SECTION 9.11 SPECIAL REQUIREMENTS GOVERNING HOME OCCUPATIONS:
The following requirements shall apply to home occupations when permitted herein:

A. No persons other than members of the family residing on the premises shall be engaged in such operation.
B. The use of the dwelling unit for the home occupation shall be clearly incidental and subordinate to its use for residential purposes by its occupants, and not more than twenty-five (25) percent of the gross floor area of any one floor of the dwelling unit (including the basement or cellar) shall be used in the conduct of the home occupation.

C. There shall be no change in the outside appearance of the building or premises, or other visible evidence of the conduct of such home occupation that will indicate from the exterior that the building is being utilized in part for any purpose other than that of dwelling unit, except that a name plate as regulated by Article XIV of this ordinance, shall be permitted.

D. No home occupation shall be conducted in any accessory building nor shall there be any exterior storage of any materials on the premises.

E. There shall be no commodity sold upon the premises in connection with such home occupation.

F. No traffic shall be generated by such home occupation in greater volumes than would normally be expected in a residential neighborhood, and any need for parking generated by the conduct of such home occupation shall be met off the street and not located in any required yard except as herein provided.

G. No equipment or process shall be used in such home occupation which creates noise, vibration, glare, fumes, odors, or electrical interference detectable to the normal senses off the lot. In the case of electrical interference, no equipment or process shall be used which creates visual or audible interference in any radio or television receivers off the premises, or causes fluctuations in line voltage off the premises, shall be used.

Home occupations shall include the use of the premises for such things as:

1. Professional offices where the service rendered is by other than direct contact with customers at that location (for example, where the bulk of the business is by telephone actual work is performed in home and customer is contacted in other than that location); and

2. Also would be inclusive of persons engaged in the preparation of a commodity (such as certain clothing items by a seamstress, certain candy items or bakery items, etc.) to be sold at locations other than on the premises.

Home occupations shall include the use of the premises by a physician, surgeon, dentist, lawyer, clergyman or other professional persons for consultation or emergency treatment, but not for the general practice of his profession.

SECTION 9.12 NONCONFORMING LOTS, NONCONFORMING USES, NONCONFORMING STRUCTURES, REPAIRS AND MAINTENANCE, AND NONCONFORMING SIGNS:
A. NONCONFORMING LOTS OF RECORD:

1. Any lot of record which does not meet the minimum requirements of this ordinance shall be considered a nonconforming lot of record.

2. If two (2) or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this ordinance, and if all or part of the lots do not meet the requirements for lot width and area as established by this ordinance, the lands involved shall be considered to be an undivided parcel for the purposes of this ordinance, and no portion of said parcel shall be used or sold which does not meet lot width and area requirements established by this ordinance, not shall any division of the parcel be made which leaves remaining any lot with width or area below the requirements stated in this ordinance.

3. Where a single nonconforming lot of record exists having a lot area less than required by the particular zone district wherein said lot is located, development may be permitted on the lot provided: the lot is located on a deeded and accepted right-of-way; the lot is of separate ownership from all adjacent and contiguous parcels exist as developed building lots or dedicated street right-of-ways precluding acquisition of additional area to achieve conformity; and development proposed on the lot is in conformance with all other requirements of this ordinance. Where a dimensional variance from any minimum yard, setback, etc., is necessary to develop on said lot, an application for dimensional variance shall be submitted for review and approval by the board of adjustments in accordance with Article XVIII of this ordinance.

B. NONCONFORMING USES:

1. CONTINUANCE: Except as herein provided, the lawful use of structure or land existing at the time of the adoption of this ordinance may be continued although such use does not conform to the provisions of this ordinance – it shall become a legal nonconforming use. However, no nonconforming use may be enlarged or extended beyond its area of use at the time it becomes a legal nonconforming use, unless and until the use is brought into conformance with all provisions of this ordinance.

2. CHANGE FROM ONE NONCONFORMING USE TO ANOTHER: As regulated by Article XVII, Section 17.6 D, of this ordinance.

3. TERMINATION: In all cases, the Board of Adjustments shall hold a public hearing in accordance with the applicable requirements of Section 18.2 of this ordinance. Following that hearing, the Board may terminate the right to operate a nonconforming use based on any of the following the Board shall state its:

   a. Nonoperative, nonused, or abandoned for a period of twelve (12) consecutive months providing that the Board of Adjustment may allow the
continuation of such nonconforming use if it is determined that reasons for such nonuse were beyond the owners/operators control.

b. Whenever the structure, in which the nonconforming use is operated, is damaged in any manner whatsoever and the cost of repairing such damage exceeds fifty (50) percent of the market value of such structure in which the nonconforming use is operated and a determination is made by the Board of Adjustments that this structure should not be reconstructed.

c. Whenever the structure, in which the nonconforming use is operated becomes obsolete or substandard under any applicable ordinance of the city and the cost of placing such structure in lawful compliance with the applicable ordinance exceeds fifty (50) percent of the market value of such structure as of the date of the official order under the applicable ordinance and a determination is made by the Board of Adjustments that this structure should not be reconstructed.

d. Whenever said nonconforming use is determined to be detrimental or injurious to the public health, safety, or general welfare.

4. ZONE CHANGE: The foregoing provisions shall apply to uses which become legally nonconforming due to zone changes which take place thereafter.

C. NONCONFORMING STRUCTURES:

1. CONTINUANCE: Except as herein provided, any lawful nonconforming structure existing at the time of adoption of this ordinance, may be occupied, operated, and maintained in a state of good repair, but no nonconforming structure shall be enlarged or extended unless the enlargement or extension can be, and is, made in compliance with all of the provisions of this ordinance.

2. TERMINATION: In all cases the Board of Adjustments shall hold a public hearing in accordance with the applicable requirements of Section 17.2 of this ordinance. Following that hearing, the Board may terminate the right to operate a nonconforming structure based on any of the following conditions, and if the decision is to do so, the Board shall state its bases, in writing, for such determination:

a. Whenever the nonconforming structure is damaged in any manner whatsoever and the cost of repairing such damage exceeds fifty (50) percent of the market value of such structure and a determination is made by the Board of Adjustments that the structure should not be reconstructed.

b. Whenever the nonconforming structure becomes obsolete or substandard under any applicable ordinance of the city and the cost of placing such nonconforming structure in lawful compliance with the applicable ordinance exceeds fifty (50) percent of the market value of such nonconforming structures as of the date of the official order under the
applicable ordinance and a determination is made by the Board of Adjustments that the structure should not be reconstructed.

c. Whenever said nonconforming structure is determined to be detrimental or injurious to the public health, safety, or general welfare.

3. ZONE CHANGE: The foregoing provisions shall apply to structures which become legally nonconforming due to zone changes which take place thereafter.

SECTION 9.13 EXCEPTIONS AND MODIFICATIONS:

A. EXCEPTIONS TO HEIGHT LIMITS:

1. The height limitations of this ordinance shall not apply to church spires, belfries, cupolas and domes not intended for human occupancy; monuments, water towers, observation towers, transmission towers, chimneys, smoke stacks, radio and TV towers, conveyors, flag poles, masts and aerauls, penthouses, scenery lofts, standpipes, parapet walls, outdoor theatre screens, other similar structures and necessary mechanical appurtenances; provided their construction is in accordance with existing or hereafter ordinances of the city, and is accepted to the Federal Aviation Agency and the Federal Communications Commission.

2. In the districts where permitted as conditional uses, public or semi-public buildings or hospitals may be erected to a height not exceeding seventy-five (75) feet when the front, side and rear yards are increased an additional foot for each foot such buildings exceed the maximum height permitted in that district.

B. EXCEPTIONS TO AREA AND YARD REGULATIONS:

1. For the purpose of side yard regulations the following dwellings with common party walls shall be considered as one (1) building occupying one (1) lot: two-family and multi-family dwellings.

2. In the case of a court apartment or multifamily dwellings, side yards may be used as rear yards provided that:

   a. The required side yard shall be increased by one (1) foot for each entrance or exit opening into or served by such yards.
   b. The width of the court shall not be less than two and one-half (2 ½) times the width of the side yard as required in the district in which said court apartment or multi-family dwellings are located.
   c. Where a roadway is provided in the court, the width allowed for such roadway shall be in addition to the required in the foregoing regulation.
   d. All other requirements, including front, side and rear yards shall be complied with in accordance with the regulations of the district in which said court apartments or multi-family dwellings are located.
e. Every part of a required minimum yard or court shall be open front, its lowest point to the sky obstructed, except for permitted obstructions in minimum required yards as specified in Section 9.10 (G) of this ordinance.

3. Where existing or proposed development within the multi-family (R-2 and R-3) and commercial (SC, NSC, GC, PO, MLU, and LSC) Zones are to be subdivided, the minimum area and yard requirements may be less than required by this ordinance provided that:

a. The maximum density of the zone is not exceeded and/or the minimum site for the total development must not be less than the required by the respective zone.

b. A community association or other responsible entity is established prior to the approval by the planning commission of any subdivided land. The association shall be obligated and empowered to own, operate and maintain all common areas (as specifically identified on the submitted site plan required by Item c of this section) including such items as open space, recreational facilities, access drives, parking areas, pedestrian walkways, etc. and the facilities constructed thereon.

c. A site plan as regulated by the applicable requirements of Section 9.19 of this ordinance, including the proposed area and yard requirements for the development, is submitted for review and approval by the planning commission.

d. In addition, the planning commission may waive the requirement that all lots about a minimum frontage along a dedicated right-of-way are assured an unencumbered and maintained access way by the association to a dedicated right-of-way in accordance with Subsection 9.13, B, paragraph 3, b, above this ordinance.

C. OTHER EXCEPTIONS: Service stations or gasoline filing stations shall be so constructed that the centerlines of the pumps shall be at least twenty-five (25) feet from any street right-of-way line.

D. FRONT YARD VARIANCE:

1. Where the average depth of existing front yards within three hundred (300) feet of the lot in question and within the same block front, is greater than the minimum front yard depth required by this ordinance, the required minimum front yard depth on such lot shall be modified to be the average depth of said existing front yards.

2. In any residential zone, no front yard shall be required to exceed the average depth of existing front yards on the same side of the street within the same block, when fifty–one percent (51 percent) or more of lots within that block are improved with residential buildings; provided that in no case shall a front yard depth be less than twelve (12) feet.
SECTION 9.14 CONDITIONAL USES:

A. DETERMINATION: The Board of Adjustment may authorize a conditional building and use to a located within any zone in which the particular conditional use is permitted by the regulations of this ordinance, if the evidence presented by the applicant is such as to establish beyond any reasonable doubt:

1. That the proposed building and use at the particular location is necessary or desirable to provide a service of facility which will contribute to the general well being of the neighborhood of the community; and
2. That such building and use will not, under the circumstances of the particular case be detrimental to the health, safety or general welfare of persons residing or working in the vicinity, or injurious to property or improvements in the vicinity; and
3. That the proposed building and use will comply with any regulations and conditions specified in this ordinance for such building and use.

B. CONDITIONAL USE PERMITS: In accordance with KRS 100.237 the Board of Adjustment shall have the power to hear and decide applications for conditional use permits to allow the proper integration into the community uses which are specifically named herein which may be suitable only in specific locations in the zone only if certain conditions are met:

1. The Board of Adjustment may approve, modify, or deny any application for a conditional use permit. If it approves such permit it may attach necessary conditions such as time limitations, requirements that one or more things be done before the request can be initiated, or conditions of a continuing nature. Any such conditions shall be recorded in the Board's minutes and on the conditional use pen-nit along with a reference to the specific section in the zoning regulation listing the conditional use under consideration. In addition, the conditional use permit shall be recorded in the office of the Campbell County Clerk and one copy of said pen-nit attached to the deed for the property for which it is issued. The Board shall have power to revoke conditional use permits, or variances for noncompliance with the condition thereof. Furthermore, the Board shall have a right of action to compel offending structures or uses removed at the cost of the violator and may have judgment in personam for such cost.
2. Granting of a conditional use permit does not exempt the applicant from complying with all of the requirements of this ordinance, the building code, housing code and other regulations of the city.
3. In any case where a conditional use permit has not been exercised within twelve (12) consecutive calendar months from date of issuance, if no specific time limit has been set, such conditional use permit shall not revert to its original designation unless there has been a public hearing. Exercised as set forth in this section, shall mean that binding contracts for the construction of the main
building or other improvement has been let; or in the absence of contracts that the main building or other improvement is under construction to a substantial degree, or that prerequisite conditions involving substantial investment shall be under contract, in development, or completed. When construction is not a part of the use, exercised shall mean that the use is in operation in compliance with the conditions as set forth in the permit.

4. The zoning administrator shall review all conditional use permits, except those for which all conditions have been permanently satisfied, at least once annually and shall have the power to inspect the land or structure where the conditional use is located in order to ascertain that the land owner is complying with all of the conditions which are listed on the conditional use permit. If the landowner is not complying with all of the conditions listed on the conditional use permit, the Zoning Administrator shall report the fact in writing to the chairman of the Board of Adjustment. The report shall state specifically the manner in which the landowner is not complying with the conditions on the condition use permit, and a copy of the report shall be furnished the landowner at the same time that it is furnished to the chairman of the Board of Adjustment. The Board shall hold a hearing on the report within a reasonable time, and notice of the time and place of the hearing shall be furnished to the landowner at least one week prior to the hearing. If the Board of Adjustment finds that the facts alleged in the report of the Zoning Administrator are true and that the landowner has taken no steps to comply with time between the date of the report and the date of the hearing, the Board of Adjustment may authorize the Zoning Administrator to revoke the conditional use permit and take necessary legal action to cause the termination of the activity on the land which the conditional use permit authorizes.

5. Once the Board of Adjustment has completed a conditional use permit and all the conditions required are of such type that they can be completely and permanently satisfied, the Zoning Administrator, upon request of the applicant, may, if the facts warrant, make a determination that the conditions have been satisfied, and enter the facts which indicate that the conditions have been satisfied and the conclusion in the margin of the copy of the conditional use permit which is on file with the county clerk, as required in KRS 100.329. Thereafter said use, if it continues to meet the other requirements of this ordinance, will be treated as a permitted use.

SECTION 9.15 BUILDING REGULATIONS: All structures shall be designed, erected, or altered in accordance with the city’s housing and building codes.

A. ALL ZONES:

1. PUBLIC WATER AND SANITARY SEWERS: No building may be constructed in any zone except the R-RE Zone unless such building is connected to a public water and centralized sanitary sewer system of adequate capacity and design, and approved by the proper authorities. In the case of the R-RE Zone, private sewage
disposal systems may be permitted, provided they are approved in accordance with the requirements of the Northern Kentucky District Health Department.

Where existing buildings are presently unserved by a public sewer system and are located within a reasonable distance, as determined by the Planning Commission and/or the Northern Kentucky District Health Department, of an existing or newly extended sewer line, said building shall be required to connect with the private sewer system shall be prohibited.

SECTION 9.16 MOVE AND SET:

A. REQUIREMENTS: No building, structure, or improvement shall be moved or set from or upon land located in any area or transported upon any public street in the county, until and unless both: (1) a building permit to move and set; and (2) a transport permit, have been obtained, and said building, structure, or improvement complies with the provisions of this section.

B. COMPLIANCE: All buildings, structures, and improvements shall comply with the county’s housing and building code, and all other applicable codes and regulations.

C. PROCEDURE – PERMITS: The applicant shall submit to the building inspector, the following:

1. An application for a building permit requesting an inspection of the building, structure, or improvement to be moved or set.
2. A plot plan, footing and foundation plan, and construction plans for any new construction.
3. A statement from the applicable city(s) insuring that all past and current taxes have been paid.
4. Upon receipt of the foregoing items, the building inspector shall inspect said building, structure, or improvements, and the proposed location where same will be set within the city and determine if the proposed development will comply with all applicable codes and regulations.
5. The move and set shall be referred to the Zoning Administrator for approval or denial of compliance with this ordinance.
6. Upon approval of the Zoning Administrator and the Building Inspector, a building permit to move and set shall be issued. The City Engineer shall then be notified of same and shall issue a transport permit. The city engineer or his agent will designate the route to be traveled. The transport permit is only good for the date specified on permits. The transport permit will not be issued if ninety (90) consecutive calendar days or more have lapsed form the date of inspection by the Building inspector. The transport permit provided for in this section shall not be in lieu of any other permits which may be required by the city.

7. No transport or building permit to move and set shall be issued until the applicant has first obtained the necessary permits from the telephone company, public
utilities companies, railroad companies, and the Kentucky Department of Transportation, and the county road supervisor, whichever are applicable.

D. FEES:

1. There will be a building investigation fee as established by the city to cover the costs of investigation and inspection for determining the structural soundness of buildings, structures, or improvements to be moved, the fee is payable in advance and must accompany the application provided for herein. The inspection shall determine what will be necessary to bring buildings, structures, or improvements into compliance with all applicable codes and regulations should the building not comply. This fee is not returnable. If buildings, structures, or improvements are found to be in compliance with the city’s applicable codes and regulations, a building permit to move and set will be issued and the fee will be based on the cost of the new foundations and all work necessary to place the building or structure in its completed condition in the new location. This fee in addition to the building investigation fee.

2. No person, corporation, or company shall transport, move, or set any building, structure, or improvement in the city until and unless such person, corporation, or company shall post with the building inspector a good and sufficient indemnity bond in the amount of five thousand dollars ($5,000.00) in favor of the city. Such bond shall be made by a surety corporation authorized to do business in the state of Kentucky.

SECTION 9.17 SCREENING AREA: Screening areas shall be provided for the purpose of minimizing the friction between incompatible land uses and improving the aesthetic and functional quality of any development.

A. SCREENING AREA REQUIREMENTS: All screening areas shall be approved by the Zoning Administrator (or Planning Commission, where required by this ordinance), according to a submitted development plan as regulated by the applicable requirements of Section 9.19 of this ordinance. Screening areas shall be designed, provided, and maintained according to the following:

1. Where vegetative and/or topographic conditions that provide a natural screening and buffer exist prior to development of properties in question, every effort shall be made to retain such conditions. In such cases additional screening may not be required, provided that provision is made for maintenance of such condition to the satisfaction of the city.

2. Wherever screening is required in this ordinance, all trees shall be evergreen.

3. All trees shall be a minimum of six (6) feet in height when planted, unless otherwise required according to the submitted development plan.

4. All hedges shall be a minimum of three (3) feet in height when planted unless otherwise required according to the submitted development plan.
5. All trees, shrubs, and other planting materials shall be living plants (not artificial) and shall be suitable to the Northern Kentucky area and the specific conditions of the site in question, such as but not limited to, soil conditions, slopes, reduction of noise pollution, maintenance necessary, and the type of screening needed. The city may require review of the proposed screening plan form the U.S. Soil Conservation Service, the Campbell County Agricultural Extension Service.

6. Screening areas are to be provided within the required minimum yard setbacks as required in each district’s regulations. In the case where property is located adjacent to another governmental jurisdiction, screening requirements shall be the same as if the zone in the adjacent city (or a zone containing the most similar types of permitted uses as provided herein) were located within the city.

7. In the case where a zoning map change occurs resulting in adjacency to a different zoning district than was previously the case, and where development has already occurred on property in the unchanged district, required additional setbacks and screening requirements (as required in each district’s regulations) shall be provided for the property in the district where the zone change occurred.

B. PROVISIONS AND MAINTENANCE: Required screening areas shall be provided as a condition of development by the owner and/or developer. All required screening (including the planting of trees and other vegetation) shall be maintained by the property owner.

C. INCLUSION OF SITE PLAN AND/OR SUBDIVISION IMPROVEMENT DRAWINGS: Areas to be set aside as screening areas shall be identified on the required site plans, as regulated in Section 9.19, and where applicable, on the improvement drawings as regulated by the Subdivision Regulations. Sufficient bond, adequate to cover the required improvements as determined by the city may be required to be posted. It shall be unlawful to occupy any premises unless the required screening has been installed in accordance with the requirements as provided herein.

SECTION 9.18 OUTDOOR SWIMMING POOLS:

A. PRIVATE SWIMMING POOLS: All private swimming pools seventeen (17) inches or more in depth shall be regulated according to the following requirements:

1. Swimming pools shall be permitted to be located only to the rear of the principal permitted dwelling or dwellings.
2. Except as herein provided, no swimming pool, including the apparatus and equipment pertaining to the operation of the swimming pool shall be permitted within any required yards of the lot nor within the limits of any public utility right-of-way easement.
3. Swimming pools which are constructed in-ground, shall be required to have a fence or wall, including a self-closing or self-locking door or gate around the pool or the property on which the pool is located, of at least four (4) feet in height, but not exceeding seven (7) feet (only classes 1, 2, 4, or 5 are permitted as regulated
in Article XI of this ordinance) and of such construction that a small child may not reach the pool from the street or any adjacent property without scaling a fence or wall, or opening a gate or door.

4. Swimming pools which are located above ground shall be required to have a fence or wall, including a self-closing or self-locking door or gate, around the pool or property on which the pool is located, at least four (4) feet in height, but not exceeding seven (7) feet (only class 1, 3, 4, and 5 are permitted as regulated by Article XI of this ordinance) and of such construction that a small child may not reach the pool from the street or any adjacent property without scaling a wall or fence or opening a gate or door. Said wall may be the wall of the above ground pool providing, however, that said wall is at least four (4) feet about the surrounding ground level. In addition, any access to above ground pools by means of a ladder or stairway, shall be provided with a self-closing or self-locking door or gate, or some other device that would prevent a small child from gaining access to the pool by means of a ladder or stairway.

5. Glare from flood lights used to illuminate the swimming pool area for night bathing shall be directed away from adjacent properties.

6. All swimming pools including the apparatus and equipment pertaining to the operation of the swimming pool, shall be constructed and erected in accordance with applicable codes, ordinances, and regulations of the city. Any water used in the operation of the pool, other than from a public source, shall be approved by the appropriate Health Department.

7. All swimming pools existing at the time of adoption of this ordinance which are unprotected by a surrounding fence or wall, including gates or doors, as regulated by subsection A. 3 and A. 4 of this section of the ordinance, shall be required to comply with the provisions of this section within sixty (60) days after the adoption of this ordinance.

B. PUBLIC, SEMI–PUBLIC, AND COMMERCIAL SWIMMING POOLS: All public, semi–public, and commercial swimming pools shall be regulated according to the following requirements:

1. Except as herein provided, no swimming pool including the apparatus and equipment pertaining to the operation of the swimming pool shall be permitted within any required yards of the lot or within the limits of any public utility right-of-way easement.

2. The swimming pool or the property on which the pool is located shall be surrounded by a fence or wall (only classes 1, 3, 4, or 5 are permitted as regulated by Article XI of this ordinance) at least five (5) feet in height, but not exceeding the height as herein required, and of such construction that a small child may not reach the pool from the street or from adjacent property without opening a door or gate or scaling a wall or fence.

3. Glare from flood lights used to illuminate the swimming pool area for night bathing shall be directed away from adjacent properties.
4. All swimming pools including the apparatus and equipment pertaining to the operation of the swimming pool shall be constructed and erected in accordance with applicable codes, ordinances and regulations of the city. Any water used in the operation of the swimming pool, other than from a public source, shall be approved by the appropriate Health Department.

5. No mechanical device for the reproduction or amplification of sounds used in connection with swimming pools shall create a nuisance to adjacent properties though the emission of noises, voices, or music which is loud enough to cause complaints form said adjacent residential property owners.

SECTION 9.19 DEVELOPMENT PLAN REQUIREMENTS: No building shall be erected or structurally altered nor shall any grading take place on any lot or parcel in zones where a development plan is required, except in accordance with the regulations of this section and an approved development plan as hereinafter required. Before a permit is issued for construction, one copy of the development plan of the area at a scale no smaller than one (1) inch to one hundred (100) feet shall be filed with the Planning Commission and one (1) copy each with the Building Inspector and the Zoning Administrator setting forth, identifying and locating the following:

A. Total area in development project including legal description.

B. Present zoning or property in question and adjacent properties.

C. All public and private rights-of-way and easement line located on or adjacent to the property which are proposed to be continued, created, relocated or abandoned.

D. Existing and proposed topography with a maximum of two (2) foot contour intervals. Where existing ground is on a slope of less than two (2) percent, either one (1) foot contours or spot elevations where necessary, but not more than fifty (50) feet apart in both directions.

E. The proposed finish grade of the development area shown by contours with intervals not larger than two (2) feet, supplemented where necessary by spot elevations.

F. The location of every existing and proposed building in the described parcel or parcels, the use or uses to be contained therein, the number of buildings including dimensions and height, the gross floor area and number of floors.

G. Location and dimension of all curb cuts, driving lanes, off-street parking and loading and/or unloading areas including number of spaces, angles of stalls, grades, and illuminated facilities.

H. All walks, malls, and other open spaces.

I. Location of all walls, fences and screen planting.
Article IX   General Regulations

J. Location, size, height and orientation of all signs.

K. Types of surfacing proposed on the various off-street parking and driveways including cross sections and drainage plans.

L. Location of all existing and proposed streets, highways, and alleys.

M. All existing and proposed water, storm and sanitary sewer lines, Indicating pipe sizes, types and grades.

N. A drainage plan of the area showing the size and the location of each existing and proposed structure. The approximate volume of water generated by development of the subject area and the proposed method of disposing of said water. Provisions shall be included for adequate control of erosion and sedimentation, indicating the proposed temporary and permanent control practices and measures which will be implemented during all phases of clearing, grading and construction.

O. Identification of the soil type on the subject property including soil problems and proposed method of handling and said soil problems.

P. A schedule of development including the staging and phasing of:

1. Residential areas, in order of priority, by type of dwelling unit;
2. Streets, utilities, and other public facility improvements, in order of priority;
3. Dedication of land to public use or set aside for common ownership with a preliminary statement indicating how maintenance of the latter will be handled; and
4. The construction of nonresidential buildings, in order of priority.

Q. Such other information with regard to the development area as may be required by the Planning Commission to determine conformance with this ordinance. Where development is proposed on a parcel of land that is part of a larger tract of land which is under one ownership, the developer shall be required to submit a development plan for the entire property under said ownership, unless specifically waived by the Planning Commission. The development plan will tie into adjacent properties not under said ownership. All such development plans shall be reviewed by the Planning Commission and the factual determination approving or rejecting such plans shall be made in accordance with requirements of this or other applicable sections of this ordinance, and the adopted Comprehensive Plan for the city. All development plans, approved shall be binding upon the applicants, their successors and assigns and shall limit the development to all conditions and limitations established in such plans. Amendments to plans may be made in accordance with the procedure required by this ordinance subject to the same limitations and requirements as those under such plans were originally approved. After
final approval the subject area may be developed in stages, providing all of the procedures required by the Planning Commission have been complied with.

R. All development projects requiring a development plan under Section 9.19 shall provide a separate landscape plan for the site in question. Such plans shall be prepared by a landscape professional, either a landscape architect, or a landscape company. All landscape plans, including walls, fences, screen planting shall be made in accordance with all requirements of this ordinance, and in accordance (where applicable) with the US 27 Highway Corridor Street Plan. The landscape professional responsible for the preparation of the landscape plan for the site in question shall be required to certify to the City Zoning Administrator that all landscape elements and features have been made in accordance with the approved plan. The landscape professional shall be required to recertify 12 months following the original certification that all landscape elements and features are being maintained and/or replaced as needed. The applicants, their successors, and assigns shall be responsible for the maintenance and upkeep of all elements of the approved landscape plan throughout the lifetime of the project. The City Clerk shall have the owner of the development and landscape professional sign an acknowledgment they have received a copy of Section 9.19 R of the Highland Heights Zoning Ordinance. However, failure to do so shall not affect the enforceability of this section.

SECTION 9.20 REGULATIONS CONCERNING AIR RIGHTS: Any proposed use of air rights, as defined herein, shall be in the form of a development plan (as regulated in Section 9.19 of this ordinance) submitted to the Planning Commission for its review.

SECTION 9.21 REGULATIONS PERTAINING TO PARKING OR STORING OF TRAILERS, MOBILE HOMES, CAMPERS, INOPERABLE VEHICLES, AND OTHER SUCH TYPE EQUIPMENT IN A RESIDENTIAL DISTRICT:

A. No motor vehicle which is inoperable shall be stored in any lot in any zone or parcel of ground unless it is in a completely enclosed building. Parking shall be limited to the number of vehicles regularly used by members of a resident family or their guests. All vehicles whether operable or inoperable shall be duly registered and licensed vehicles of the State of which the owner is a resident.

B. It shall be unlawful for any person or persons to live in any boat, automobile, recreational vehicle or truck, within the limits of the city. It shall be unlawful for any person or persons to keep or park any recreational vehicles, truck, camper, or boat in the front yard of any premises in a residential district for a period of more than forty-eight (48) hours per week. Said forty-eight hour period shall be for the purpose of loading or unloading of same. Out of town guest(s) visiting a resident of the City of Highland Heights shall be permitted to park a Recreational Vehicle in the driveway of the residents’ home for a period of not more than seven (7) days. Beyond the seven day period the guest must notify the City Police Department for permission to continue parking the vehicle for an extension of not more than seven additional days. Parking a recreational vehicle on a
City street in front of the home visited shall not exceed a period of seventy-two (72) hours.

C. Except as herein provided, it shall be unlawful to park or store any recreational vehicles (such as a motor home, camping trailer, camper or boat) in any residential district, except in the side or rear yard of a lot as defined in this ordinance. In no case shall more than two (2) recreational type vehicles be permitted in any yard unless in a completely enclosed building.

D. It shall be unlawful for a property owner or a resident to park or keep in any residential district any truck and/or trailer designed or used for commercial purposes such as wreckers, dump trucks, tracked vehicles, buses, construction vehicles, and equipment carriers, bottle delivery trucks, and refrigerated trucks. No truck longer than 27 feet or in excess of 10,000 pounds GVWR (gross vehicle weight rating) may be parked in a residential district, regardless of whether it is a commercial vehicle, except in the case of recreational vehicles as permitted in this Section 9.21.

E. All parking shall be on a hard surface, which can include existing gravel areas, except that small boats, or utility trailers weighing less than 1,200 pounds GVWR (gross vehicle weight rating) may be parked or stored on grass in a rear or side yard of a residential lot. All new or expanded spaces shall be surfaced with asphalt or concrete. Pavers may be permitted when installed in accordance with industry standards and approved by the City’s Zoning Administrator. Gravel is not permitted for any new or expanded driveway or parking area.

F. Upon adoption of this ordinance, for all new construction, not more than 25 percent of the front yard may be used for driveway or parking in any single-family detached residential zone.

G. Any property which is not in compliance with the provisions of Section 9.21 at the time of adoption of this amendment’s effective date shall be given a period of sixty (60) days to comply with such provisions, provided further that any property which is not compliant with the provisions of Section 9.21.E, at the time of the effective date of this amendment, shall be given a period of six (6) months from the effective date of this amendment to comply. The Board of Adjustment may grant a waiver to comply with the provisions of Section 9.21 based on hardship caused by conditions of lot dimension and/or topography, or for other unique circumstance where the strict compliance of this Section would cause undue hardship, which in the opinion of the Board would outweigh its benefits to the community.

SECTION 9.22 REGULATIONS CONCERNING DESIGN AND CONSTRUCTION OF IMPROVEMENTS: Where deemed necessary by the Planning Commission, proposed development, requiring the construction of streets (including curb and gutters), sidewalks, sewers (sanitary and storm), water lines or other improvements, which does not constitute a subdivision,
as herein defined, shall be required to be designed and constructed in accordance with the applicable articles and sections of the Highland Heights Subdivision Regulations.

SECTION 9.23 HILLSIDE DEVELOPMENT CONTROLS:

A. This section is designed to ensure, when development is proposed in those areas of the community which have physical characteristics limiting development will occur in a manner harmonious with adjacent lands so as to minimize problems of drainage, erosion, earth movement, and other natural hazards.

B. Areas of land on which development is physically restricted due to excessive hillside slopes shall be limited according to the following requirements, notwithstanding any other section of this or any other ordinance adopted by the city:

1. All land areas located within the city and identified on the comprehensive plan as "Physically Restrictive Development Areas" and any other areas which have slopes of 20 percent or greater shall require approval before development may occur. In those areas which are identified in the comprehensive plan as “Physically Restrictive Development Areas” and containing slopes less than 20 percent, the requirements contained herein may be waived; if, after review of the proposed site plan by the engineer, it is deemed that said development will not result in hillside slippage or soil erosion.

2. No excavation, removal or placement of any soil, foundation placement, or construction of buildings or structures of any nature within the area identified in (1) above, may occur until plans and specifications for such work have been submitted in the form of a development plan as regulated by Section 9.19 of this ordinance. In addition to development plan requirements, the following shall also be submitted:

   a. Plan(s) which show existing topography and the proposed physical changes necessary for construction, indicating grading (cutting and filling) compaction, erosion ponds, areas to be defoliated, and any other pertinent information which will change the natural physical features of the site or general area.

   b. Subsurface investigation of the area under consideration, including test borings, laboratory tests, engineering tests, and a geological analysis should be made by a qualified registered civil engineer and a geologist indicating that the building and physical changes proposed in the area will be completed in a manner which will minimize hillside slippage or soil erosion.

3. The development plan and other information required in Section 9.23, B, 2 of this section of the ordinance shall be reviewed by the city engineer who will recommend to the Planning Commission, or its duly authorized representative,
what effect the proposed development will have on hillside slippage and soil erosion.

After consideration of the recommendations, the Planning Commission, or its duly authorized representative, may grant a permit for use of the site in accordance with the submitted plans.

4. If, after review of the plans required by this section of the ordinance, the Planning Commission, or its duly authorized representative, determines that said proposed plans will not minimize hillside slippage, the Planning Commission shall deny a permit for the development of said land, and the site shall be limited to those open type uses, excluding structures, as permitted or conditionally permitted in the Conservation Zone.

SECTION 9.24 PHASED ZONING REGULATIONS:

A. Phased zoning is an overlay type regulation to be used in cases where the timing and/or phasing of the zoning of an area is especially critical to the implementation of the adopted comprehensive plan. The intent of the phased zoning regulations is to encourage development or redevelopment of a specified area for the used and/or density designated on the comprehensive plan when the necessary conditions for such development are realized (e.g., demolition of existing deteriorated areas). Implicit in such a phased zoning approach is the premise that until such conditions are realized, the type of development identified by the comprehensive plan is premature; such development would be prevented by temporarily zoning the area to generally conform with the predominant existing land use, with a clear stipulation of an intended future rezoning, which would be in compliance with the adopted comprehensive plan.

B. The phased zoning regulations may be overlaid over any zoning classification by means of a conventional zone change process. The use of the phased zoning regulations would indicate that the regulations of the overlaid zone are currently being enforced based upon the general existing land use, but on attainment of all the requirements of the zone which corresponds to the adopted comprehensive plan for type of use and/or density and other requirements of this ordinance, the area could be rezoned in direct compliance with the plan.

C. Phased zones are indicated on the official zoning map by adding to the overlaid zone, the letter “P” as a suffix enclosed in parenthesis. For example, in order to properly phase its redevelopment, an area zone “R-1E”, reflecting the existing single-family development, which is identified as future multi-family residential development on the locally adopted comprehensive plan could be temporarily zoned “R-1E (P)”, indicating that present development on the site would be in conformance with the regulations of the overlaid R-1E Zone, but that when efforts are possible to redevelop the entire area (or a significant portion of the area) in a coordinated and comprehensive fashion, the area could be rezoned through a conventional zone change procedure. At the time of the zone change,
the temporary R-1E (P) Zone is removed and the area is developed according to the regulations of the new zone, which is in conformance with the adopted comprehensive plan.

D. The minimum size of any area to be rezoned as regulated by this section of the ordinance is five (5) acres, provided that all other provisions of this ordinance and the city’s subdivision regulations are adhered to. Development of a smaller tract adjacent to an existing zone being requested may be permitted if the proposed development conforms to and extends the original development and provided further that the zone is in conformance with the comprehensive plan.

SECTION 9.25 CORRIDOR REHABILITATION OVERLAY ZONING: Replaced entirely by Section 10.21.

SECTION 9.26 DISH TYPE SATELLITE RECEIVING STATION REGULATION:

A. Ground Mounted Stations: An earth station shall be considered accessory structure with the following additional requirements:

1. The height of the earth station, should the dish antenna be turned perpendicular to the ground, shall not exceed 15 feet from the ground to the highest point on the dish antenna.
2. The “dish” antenna shall not exceed 10 feet in diameter.
3. Wiring between an earth station and receiver shall be placed beneath the surface of the ground.
4. The distance of any guy anchorage, edge of the dish or other associated equipment shall be at least 10 feet from side or rear lot lines.

B. Roof Mounted Stations: Roof mounted stations may be mounted directly upon the roof of a primary structure and shall not be mounted upon appurtenances such as chimneys, towers, trees, poles, or spires. A roof mounted station shall not exceed more than 3 feet above on roof upon which it is mounted, and shall not exceed 3 feet in diameter.

SECTION 9.27 SIDEWALKS:

A. All proposed residential, commercial, industrial and office subdivisions of developments within the City limits shall have sidewalks on each side of all proposed or existing public streets.

SECTION 9.28 UNDERGROUND UTILITIES:

A. All proposed residential, commercial, industrial and office subdivisions or developments within the corporate limits of the City shall have their utilities underground where same is deemed feasible by the local utility company and the City Engineer.
SECTION 9.29 CELLULAR TOWERS AND OTHER UTILITIES

A. PURPOSE: The purposes of these regulations are: to provide for the safest and most efficient integration of cellular antenna towers for cellular telecommunications services or personal communications services within the community; to provide for such facilities in coordination with the recommendations of the comprehensive plan; and to allow for such facilities with the intention of furthering the public health, safety and general welfare.

B. PRE-APPLICATION CONFERENCE: Applicants are encouraged to notify the planning commission's duly authorized representative: to discuss proposals; allow for early coordination; and to identify those items which are in conformance/nonconformance with the comprehensive plan zoning ordinance, and the provisions of these regulations.

C. DEFINITIONS: For the purposes of these regulations, the following definitions shall apply:

1. CELLULAR ANTENNA TOWER: A tower constructed for, or an existing facility that has been adapted for, the location of transmission or related equipment to be used in the provision of cellular telecommunications services or personal communications services whether temporary or permanent.

2. CELLULAR TELECOMMUNICATIONS SERVICES: a retail telecommunications service that uses radio signals transmitted through cell sites; and mobile switching stations.

3. CO-LOCATION: Locating two (2) or more transmission antennas or related equipment on the same cellular antenna tower.

4. PERSONAL COMMUNICATION SERVICE: As defined in 47 U.S.C. sec. 332(c).

5. UNIFORM APPLICATION: means an application for a certificate of convenience and necessity issued under KRS 278.020 submitted by a utility to the Public Service Commission to construct an antenna tower for cellular telecommunications services or personal communications service in a jurisdiction, that has adopted planning and zoning regulations in accordance with KRS Chapter 100, except for any county that contains a city of the first class.

6. UTILITY: Any person except a city, who owns, controls, or operates or manages any facility used or to be used for or in connection with:

   a. The generation, production, transmission, or distribution of electricity to or for the public, for compensation, for lights, heat, power, or other uses;
b. The production, manufacture, storage, distribution, sale or furnishing of natural or manufactured gas, or a mixture of same, to or for the public, for compensation, for light, heat, power or other uses;

c. The transporting or conveying of gas, crude oil, or other fluid substance by pipeline to or for the public, for compensation;

d. The diverting, developing, pumping, impounding, distributing or furnishing of water to or for the public, for compensation;

e. The transmission or conveyance over wire, in air, or otherwise, of any message by telephone or telegraph for the public;

f. The treatment of sewage for the public, for compensation.

D. GENERAL: Cellular antenna towers for cellular telecommunications services or personal communications services may be allowed in any zone as a conditional use after a planning commission review in accordance with the following procedures to ascertain agreement with the adopted comprehensive plan and the regulations contained within the zoning ordinance, a hearing with the city's board of adjustment and after being granted a Certificate of Necessity and Convenience by the Public Service Commission.

E. APPLICABILITY: Every utility, or a company that is engaged in the business of providing the required infrastructure to a utility, that proposes to construct an antenna tower for cellular telecommunications services or personal communications services shall submit a copy of the utility's completed uniform application to the planning commission within five (5) consecutive days of applying to the Public Service Commission for a certificate of necessity and convenience.

F. APPLICATION REQUIREMENTS: Applications for the construction of cellular antenna towers for cellular telecommunications services or personal communications services shall include a twenty-five hundred dollar ($2,500.00) fee to assist the commission in verifying the applicant's information in its application and the following:

1. All information that the applicant is required to submit to the Public Service Commission, per the requirements of the uniform application.

2. A copy of the applicant's FCC license, or, if the applicant is not an FCC license holder, a copy of at least one letter of commitment from an FCC license holder to locate at least one antenna on the applicant's tower.

3. Unless co-locating, certification, supported by evidence, that co-location of the proposed facility with an existing approved tower or facility cannot be accommodated. The applicant's certification shall include a listing of all existing towers and facilities within a two (2) mile radius of the proposed tower location, a description of each existing site, and a discussion of the ability or inability to collocate on each existing site, according to the following:
Article IX  General Regulations 9-26

a. No existing towers or facilities are located or proposed to be located within a two (2) mile radius of the proposed tower location.
b. Existing towers or facilities are not of sufficient height to meet the applicant's engineering requirements.
c. Existing towers or facilities do not have sufficient structural strength to support the applicant's proposed antenna(s) or related equipment.
d. The applicant's planned equipment would cause frequency interference with other existing or planned equipment of the tower of facility, or the existing or planned equipment of the tower or facility would cause frequency interference with the applicant’s planned equipment, and which cannot be reasonably prevented.
e. Unwillingness of the owner/owners of the existing tower/towers or facility/facilities to entertain a co-location proposal.

4. Unless co-locating, certification, supported by evidence, that the proposed site is the only appropriate site for the location of the facility. The applicant's certification shall include a listing of all potential sites within a two (2) mile radius of the proposed tower location, a description of each potential site, and a discussion of the ability or inability of the site to host such a facility, according to the following:

a. Unwillingness of the site owner(s); to entertain such a facility.
b. Topographic limitations of the site.
c. Adjacent impediments that would obstruct adequate transmission.
d. Physical site constraints that would preclude the construction of such a facility.

5. A statement demonstrating that the proposal is in agreement with the adopted comprehensive plan and is in conformity with these regulations.

6. A development plan, drawn to a scale not smaller than one (1) inch equals one hundred (100) feet, showing the following information, where applicable. The planning commission's duly authorized representative may waive the submission of such data involving detailed engineering study until such time as the application has been approved.

a. The total area of the site in question;
b. All public and private rights-of-way and easement lines located on or adjacent to the subject property which are proposed to be continued, created, enlarged, relocated or abandoned;
c. Existing topography, and approximate delineation of any topographical changes shown by contour with intervals not to exceed five (5) feet;
d. Location, height, arrangement, and identification of all nonresidential buildings, structures and uses on the subject property and, where applicable, location and arrangement of all lots with lot dimensions;
e. Location and arrangement of all common open space areas, and methods of ownership and operation and maintenance of such lands, shall be identified;

f. Landscaping features, including identification of planting areas and the location, type, and height of walls and fences;

g. Location of signs, indicating their orientation, size, and height;

h. All utility lines and easements:

(1) Water distribution systems, including line sizes, width of easements, type of pipe, location of hydrants, and valves, and other appurtenances;

(2) Sanitary sewer system, including pipe sizes, width of easements, gradients, type of pipes, invert elevations, location and type of manholes, the location, type, size of all lift or pumping stations, capacity, and process of any necessary treatment facilities, and other appurtenances;

(3) Storm sewer and natural drainage system, including pipe and culvert sizes, gradients, location of open drainage courses, width of easements, location and size of inlets and catch basins, location and size of retention and/or sedimentation basins;

(4) Other utilities (e.g. electric, telephone, etc.) including the type of service and the width of easements;

i. Location of all off-street parking, loading and/or unloading, and driveway areas, including typical cross sections, the type of surfacing, dimensions and the number and arrangement of off-street parking and loading and/or unloading spaces;

j. Circulation System:

(1) Pedestrian walkways, including alignment, grades, type of surfacing, and width;

(2) Streets, including alignment, grades, type of surfacing, width of pavement and right-of-way, geometric details, and typical cross sections;

G. PROCESSING OF APPLICATION: Applications for the construction of cellular, antenna towers for cellular telecommunications services or personal communications services shall, be processed as follows:

1. New Sites

a. At least one (1) public hearing on the proposal shall be held, at which hearing interested parties and citizens' shall have the opportunity to be heard. Notice of the time and place of such hearing shall be published at
least once, but may be published two (2) or more times, in a newspaper of
general circulation in the county, provided that one (1) publication occurs
not less than seven (7) calendar days nor more than twenty-one (21)
calendar days before the occurrence of such hearing.

b. Notice of the hearing shall be posted conspicuously on the property in
question, for fourteen (14) consecutive days prior to the hearing. Said
posting shall consist of one or more signs, constructed of durable material,
and clearly depicting the following information: "(Name of utility)
proposes to construct a telecommunications ("tower" or "monopole") on
this site" Four, (4) inch high lettering); and address, including telephone
number, of the planning commission where additional information
regarding hearing may be obtained.

c. Notice of the hearing shall be given at least fourteen (14) days in advance
of the hearing, by first class mail; with certification by the commission
secretary, or other officer of the planning commission that the notice was
mailed to an owner of every parcel of property within five hundred (500)
feet of the base of the proposed tower or monopole. It shall be the duty of
the person(s) proposing the facility to furnish to the planning commission
the names and addresses of said property owners. Records maintained by
the property valuation administrator may be relied upon conclusively to
determine the identity and address of said owner. In the event such
property is in condominium or cooperative forms of ownership, then the
person notified by mail shall be the president or chairperson of the owner
group which administers property commonly owned by the condominium
or cooperative owners of an adjoining property who are listed in the
property valuation administrator's records as having the same address.

d. Upon holding such hearing, the planning commission shall, within sixty
(60) days commencing from the date that the application is received by the
planning commission, or within a date specified in a written agreement,
between the planning commission and the applicant, make its final
decision to approve or disapprove the uniform application. The planning
commission shall submit to the Public Service Commission, along with
their action, the basis for their decision within sixty (60) days.

2. Previously Approved Sites

a. For facilities located on previously approved sites, an officer of the
planning commission shall review the application for its conformity with
these regulations and the regulations contained within the applicable local
zoning ordinance.
b. If an officer of the planning commission determines that the application is in conformity with these regulations and the regulations contained within the applicable local zoning ordinance, an administrative approval may be granted. This administrative approval shall not be considered final until it is ratified by a vote of the full commission.

c. If an officer of the planning commission determines that the application is not in conformity with these regulations and the regulations contained within the applicable local zoning ordinance, a public hearing, pursuant to Section la of these regulations, shall be scheduled.

H. DESIGN STANDARDS: At the time of application submittal, the applicant shall provide information demonstrating compliance with the following requirements. Where the planning commission, or its duly authorized representative, finds that circumstances or conditions relating to the particular application are such that one or more of the requirements listed below are not necessary or desirable for the protection of surrounding property or the public health, safety, and general welfare, and that such special conditions or circumstances make one or more said requirements unreasonable, the planning commission, or its duly authorized representative, may modify or waive such requirement, either permanently or on a temporary basis. Any such modification or waiver shall be requested by the applicant, and the applicant shall submit a written justification for each requested modification or waiver.

1. All structures, except fences, shall be located at least fifty (50) feet from the property line or lease line of any residentially zoned property.

2. A cellular antenna tower, or alternative antenna tower structure, may be constructed to a maximum height of two hundred (200) feet regardless of the maximum height requirements listed in the specific zoning district. This also applies to any tower taller than fifteen (15) feet constructed on the top of another building or structure, with the height being the overall height of building/structure and tower together, measured from the grade to the highest point. The planning commission may allow antennas greater than two hundred (200) feet in height upon review of the applicant’s justification that the additional height meets the criteria identified in Subsection F, above.

3. When any cellular antenna tower, or alternative antenna tower structure, is taller than the distance from its base to the nearest property line or lease line, the applicant shall furnish the planning commission with a certification from an engineer registered in the Commonwealth of Kentucky that the tower will withstand winds of seventy (70) mile per hour, in accordance with current ANSI/EIA/TIA standards.

4. Cellular antenna towers shall not be illuminated, except in accord with other state or federal regulations.
5. The site shall be unstaffed. Personnel may periodically visit the site for maintenance, equipment modification, or repairs. To accommodate such visits, ingress/egress shall only be from approved access points.

6. A minimum of one (1) off-street parking spaces, per provider, shall be provided on the site.

7. Woven wire or chain link (eighty (80) percent open) or solid fences made from wood or other materials (less than fifty (50) percent open), shall be used to enclose the site. Such fences shall not be less than four (4) feet in height nor more than eight (8) feet in height. The use of barbed wire or sharp pointed fences shall be prohibited. Such fence may be located within the front, side, or rear yard.

8. Screening shall be required where the site in question abuts residentially zoned property. Screening shall be provided by evergreen trees, with a minimum height of six (6) feet, planted in a staggered pattern at a maximum distance of fifteen (15) feet on center. The screening shall be placed in an area between the property line, or lease line, and a ten (10) foot set back.

9. Any site to be purchased or leased for the installation of a cellular antenna tower, or alternative antenna tower, and ancillary facilities, shall comply with the minimum lot size requirements of the zone in which the facility is to be located, provided that such area shall not be required to exceed one-half (1/2) acre.

10. Surfacing of all driveways and off-street parking areas shall comply with the requirements of the zoning ordinance.

11. There shall be no signs permitted, except those displaying emergency information, owner contact information, warning or safety instructions, or signs which are required by federal, state, or local agency. Such signs shall not exceed five (5) square feet in area.

12. All new cellular antenna towers shall be designed and constructed to accommodate a minimum of three (3) service providers.

13. All option and site lease agreements shall not prohibit the possibility of co-location.

I. CRITERIA: Evaluation of the proposal shall be based upon the following criteria:

1. Agreement with the various elements of the adopted comprehensive plan, and where applicable, any other adopted plan.

2. Extent to which the proposal is consistent with the purposes of these regulations.
3. Adequacy of the proposed site, considering such factors as the sufficiency of the size of the site to comply with the established criteria, the configuration of the site, and the extent to which the site is formed by logical boundaries (e.g. topography, natural features, streets, relationship of adjacent uses, etc.)

4. Extent to which the proposal responds to the impact of the proposed development on adjacent land uses, especially in terms of visual impact.

5. Extent to which the proposed cellular tower is camouflaged (i.e., use of "stealth technology").

6. Extent to which the proposed facility is integrated with existing structures (i.e. buildings, signs).

J. AMENDMENTS: Any amendments to plans, except for minor adjustments as determined by the planning commission, or its duly authorized representative, shall be made in accordance with the procedure required by Subsection F, above, subject to the same limitations and requirements as those under which such plans were originally approved.

SECTION 9.30 REQUIRED NOTICE FOR APPROVAL OF DEVELOPMENT PLANS:

A. Whenever this ordinance requires the approval by the Planning and Zoning Commission or a development plan then notice shall be given to property owners who abut the property upon which the development plan is applicable. Said notice shall be delivered to the abutting property owners by first class regular mail not more than twenty-one (21) days and not less than seven (7) days prior to the public meeting at which the Planning Commission will consider approval of the development plans.

B. The chairman of the Planning and Zoning Commission or the Zoning Administrator in reviewing development plans, may authorize minor changes from the approved development plan, provided that the adjustments do not: Substantively affect the spatial relationship of the structures; change land uses, increase overall density, alter circulation patterns (vehicular and pedestrian), decrease the amount of and/or usability of open space or recreation areas, or affect other applicable requirements of this ordinance.

C. Any amendments to development plans, except for the minor changes which may be permitted by the Planning and Zoning Commission or the Zoning Administrator as noted in Section Two (2), shall constitute a major change and shall be made only in accordance with the procedure required by this Ordinance in Section One (1) subject to the same limitations and requirements imposed when such plans were originally approved.

SECTION 10.10 R-2 RESIDENTIAL TWO ZONE:

A. USES PERMITTED:

1. Multi-family dwellings

B. ACCESSORY USES

1. Customary accessory buildings and uses
2. Fences and walls as regulated by Article XI of this ordinance
3. Signs as regulated by Article XIV of this ordinance

C. CONDITIONAL USES: No building or occupancy permit shall be issued for any of the following, nor shall any of the following uses or any customary accessory buildings or uses be permitted until and unless the location of said use shall have been applied for and approved by the Board of Adjustment as set forth in Section 9.14 of this ordinance.

1. Cemeteries
2. Churches and other buildings for the purpose of religious worship, provided they are located adjacent to an arterial street
3. Fire and police stations, provided they are located adjacent to an arterial street
4. Institutions for higher education, provided they are located adjacent to an arterial street
5. Institutions for human medical care – hospitals, clinic sanitariums, convalescent homes, nursing homes, and homes for the aged providing they are located adjacent to an arterial street
6. Nursery school
7. Public and parochial schools
8. Publicly owned and/or operated parks, playgrounds, golf courses, community recreational centers, including public swimming pools and libraries
9. Recreational uses other than those owned and/or operated as follows:
   a. golf courses
   b. country clubs
   c. semi-public swimming pools

D. AREA AND HEIGHT REGULATIONS FOR PERMITTED USES:

1. Minimum Lot Area – Twenty thousand (20,000) square feet for the first four (4) dwelling units or less in one building; four thousand (4,000) square feet shall be provided for every dwelling unit thereafter in the building. In the case of this zone more than one principal building as defined herein may be permitted on one lot
2. Minimum Lot Width at Building Setback Line – One hundred (100) feet
3. Minimum Front Yard Depth – Forty (40) feet
4. Minimum Side Yard Width on Each Side of Lot – Fifteen (15) feet
5. Minimum Rear Yard Depth – Thirty (30) feet
6. Maximum Building Height – Three (3) stories or forty (40) feet

E. AREA AND HEIGHT REGULATIONS FOR CONDITIONALLY PERMITTED USES:
No conditional building and/or use shall be erected or structurally altered hereafter except in accordance with the following regulations:

1. Minimum Lot Area – Twenty–two thousand five hundred (22,500) square feet
2. Minimum Lot Width at Building Setback Line – One hundred fifty (150) feet
3. Minimum Front, Side (on each side of lot) and Rear Yards – Fifty (50) feet
4. Maximum Building Height – Forty (40) feet or three (3) stories

F. OTHER DEVELOPMENT CONTROLS:

1. Off–street parking and loading or unloading shall be provided in accordance with Articles XII and XIII of this ordinance
2. No outdoor storage of any material (usable or waste) shall be permitted in this zone except within enclosed containers
3. No lighting shall be permitted which would glare from this zone onto any street, road, highway, deeded right-of-way or into and adjacent property
4. Where any yard of any use permitted in this zone abuts property in a single family zone, a ten (10) foot wide screening area as regulated by Section 9.17 of this ordinance shall be required
5. A development plan, as regulated by Section 9.19 of this ordinance, shall be required for any use permitted in this zone
6. Any portion of the land to be developed having slopes greater than 25% may not be included in the determination of the total number of dwelling units to be permitted on the site. In order to help control the erosion, minimize unstable hillside conditions and minimize increase in storm water runoff, existing vegetation shall be left undisturbed wherever possible. This development/density control shall not be construed to include the slopes for constructed improvements or grade changes within the development
SECTION 10.11 R–3 RESIDENTIAL THREE ZONE:

A. USES PERMITTED:

1. Multi-family dwellings

B. ACCESSORY USES:

1. Customary accessory buildings and uses
2. Fences and walls as regulated by Article XI of this ordinance
3. Signs as regulated by Article XIV of this ordinance

C. CONDITIONAL USES: No building or occupancy permit shall be issued for any of the following, nor shall any of the following uses or any customary accessory buildings of uses be permitted until and unless the location of said use shall have been applied for and approved of by the Board of Adjustment as set forth in Section 9.14 of this ordinance.

1. Cemeteries
2. Churches and other buildings for the purpose of religious worship, provided they are located adjacent to an arterial street
3. Fire and police stations, provided they are located adjacent to an arterial street
4. Institutions for higher education, provided they are located adjacent to an arterial street
5. Institutions for human medical care – hospitals, clinic sanitariums, convalescent homes, nursing homes, and homes for the aged providing they are located adjacent to an arterial street
6. Nursery school
7. Public and parochial schools
8. Publicly owned and/or operated parks, playgrounds, golf courses, community recreational centers, including public swimming pools and libraries
9. Recreational uses other than those owned and/or operated as follows:
   a. golf courses
   b. country clubs
   c. semi-public swimming pools

D. AREA AND HEIGHT REGULATIONS FOR PERMITTED USES:

1. Minimum Lot Area – Twelve thousand five hundred (12,500) square feet for the first four (4) dwelling units or less in one building; two thousand (2,000) square feet shall be provided for every dwelling unit thereafter in the building. In the case of this zone more than one principal building as defined herein may be permitted on one lot
2. Minimum Lot Width at Building Setback Line – One hundred (100) feet
3. Minimum Front Yard Depth – Forty (40) feet
4. Minimum Side Yard Width on Each Side of Lot – Fifteen (15) feet
5. Minimum Rear Yard Depth – Thirty (30) feet
6. Maximum Building Height – Three (3) stories or forty (40) feet

E. AREA AND HEIGHT REGULATIONS FOR CONDITIONALLY PERMITTED USES:
No conditional building and/or use shall be erected or structurally altered hereafter except in accordance with the following regulations:

1. Minimum Lot Area – Twenty–two thousand five hundred (22,500) square feet
2. Minimum Lot Width at Building Setback Line – One hundred fifty (150) feet
3. Minimum Front, Side (on each side of lot) and Rear Yards – Fifty (50) feet
4. Maximum Building Height – No building shall exceed forty (40) feet or three (3) stories in height unless such building is set back from the street right-of-way line a distance of not less than one-half (1/2) its height and is set back from all other property lines a distance of fifteen (15) feet from side yard and twenty-five (25) feet from rear yard, plus two (2) feet on each side and rear yards for each foot of height in excess of forty (40) feet. In addition to the above requirements any such building shall provide a pad to support a fire truck within (20) feet of said building

F. OTHER DEVELOPMENT CONTROLS:

1. Off–street parking and loading or unloading shall be provided in accordance with Articles XII and XIII of this ordinance
2. No outdoor storage of any material (usable or waste) shall be permitted in this zone except within enclosed containers
3. No lighting shall be permitted which would glare from this zone onto any street, road, highway, deeded right-of way or into and adjacent property
4. Where any yard of any use permitted in this zone abuts property in a single family zone, a ten (10) foot wide screening area as regulated by Section 9.17 of this ordinance shall be required
5. A development plan, as regulated by Section 9.19 of this Ordinance, shall be required for any use permitted in this zone, except when development is proposed under the Planned Unit Development regulations as regulated by Section 10.12 of this Ordinance
6. Any portion of the land to be developed having slopes greater than 25% may not be included in the determination of the total number of dwelling units to be permitted on the site. In order to help control the erosion, minimize unstable hillside conditions and minimize increases in storm water runoff, existing vegetation shall be left undisturbed whenever possible. This development/density control shall not be construed to include the slopes for constructed improvements or grade changes within the development
SECTION 10.12  PUD PLANNED UNIT DEVELOPMENT OVERLAY ZONE:

A. PURPOSE: The purpose of the Planned Unit Development (PUD) Overlay Zone are to: promote flexibility in design and permit planned diversification in the relationships between location of and types of uses and structures; promote the advantages of modern large scale site planning for community development through the efficient use of land, facilitating a more economic arrangement or buildings, circulation systems, land uses, and utilities; preserve, to the greatest extent possible, the existing landscape features and amenities, and to utilize such features in a harmonious fashion; provide for more useable and suitably located recreation facilities, other public and common facilities than would otherwise be provided under conventional land development procedures, but always with the intention of furthering the public health, safety, and general welfare.

B. GENERAL: A Planned Unit Development Overlay Zone may be permitted only to be superimposed over any of the Residential (R) Zones, provided that all conditions or provisions of this section of the ordinance, the applicable requirements of the subdivision regulations, and any additional requirements as may be determined necessary to provide for the most efficient layout of the PUD and its proper integration with the surrounding development are met; and a public hearing is held on the PUD application.

C. APPLICATION AND PROCESSING: Applications for the Planned Unit Development Overlay Zone shall be processed as follows in two stages.

1. Stage I Development Plan and Zoning Map Amendment – Application for amendment to PUD Overlay Zone shall include a development plan in accordance with the requirements of Subsection D.

   a. The Planning Commission shall hold a public hearing on the proposed application, in accordance with the requirements of KRS Chapter 424, and review said application with regard to its compliance with the stated purposes of the PUD Overlay Zone, the required elements of the Stage I Development Plan and other applicable requirements of this section. Upon holding such hearing, the Planning Commission shall submit along with their recommendations a copy of the Stage I Development Plan and the bases for their recommendations.

   b. The legislative body shall, within forty-five (45) days after receiving the recommendations of the Planning Commission, review said recommendations and take action to approve, or disapprove said PUD application. Such action may incorporate any conditions imposed by the legislative body. However, should the legislative body take action to impose different conditions than were reviewed and considered by the Planning Commission, then said conditions shall be resubmitted to the Planning Commission for further review and recommendation in accordance with Section 10.13, C, 1, a. Approval of the PUD Overlay Zone shall require that development be in conformance with the Stage I
approved Development Plan. The legislative body shall forward a copy of the approved Development Plan, to the Planning Commission for further processing in accordance with the requirement for Stage II Development Plan and Record Plat.

Zoning Map Amendment – Upon Arrival of the PUD Overlay Zone, the official zoning map shall be amended by adding the prefix “PUD” to the existing residential (R) zone (e.g., PUD-R-1B, PUD-R-1C, etc.) for the area as shown on the Stage I approved Development Plan.

2. Stage II Development Plan and Record Plat – A Stage II development plan, and record plat shall be developed in conformity with the Stage I approved development plan and in accordance with the requirements of Subsection E, and submitted to the Planning Commission for its review and approval. Except for the manner of submission and processing, the subdivision regulations may be waived, where applicable, and the requirements of Subsection E shall be submitted therefore. Those requirements not specifically waived by the Planning Commission shall conform with the Subdivision Regulations.

a. The Planning Commission shall review the submitted Stage II development plan with regard to its compliance with the required elements of Subsection E, 1, for a development plan, other applicable elements of this ordinance and other applicable regulations, and its conformity with the Stage I approved development plan. The Planning Commission, in approving the Stage II Development Plan, provided that the adjustments do not: affect the special relationship of structures, change land uses, increase overall density, alter circulation patterns (vehicular and pedestrian) or decrease the amount and/or usability of open space or recreation areas, or affect other applicable requirements of this ordinance.

Upon Planning Commission approval of the Stage II Development Plan, a copy of said plan, shall be forwarded to the zoning administrator who shall grant permits only in accordance with the Stage II approved Development Plan and other regulations as may be required by this ordinance.

b. Upon approval of the Stage II Development Plan, the Planning Commission shall review the submitted record plat with regard to its compliance with the required elements of Subsection E, 2, for record plats, the applicable requirements of the Subdivision Regulations, and its conformity with the Stage II approved Development Plan.

Upon Planning Commission approval of the record plat, copies of said plat, certified by the Planning Commission, and suitable for recording, shall be forwarded by the Planning Commission to the office of the County Clerk to be recorded.
D. STAGE I DEVELOPMENT PLAN REQUIREMENTS: The Stage I development shall identify and provide the following information:

1. Plan(s) of the subject property drawn to a scale not smaller than one (1) inch equals one hundred (100) feet showing:
   a. The total area in the project
   b. The present zoning of the subject property and all adjacent properties
   c. All public and private rights-of-way and easement lines located on or adjacent to the subject property which are proposed to be continued, created, enlarged, relocated, or abandoned
   d. Existing and proposed topography shown by contour with intervals not to exceed five (5) feet
   e. All existing and proposed housing units on the subject property:
      (1) Detached housing – location, arrangement and number of all lots, including a typical section(s) identifying approximate lot sizes and dimensions, and setbacks and height of buildings
      (2) Attached housing – location, height, and arrangement of buildings, number of units within each building and all lot lines with approximate dimensions where applicable
   f. Location, arrangement, height and identification of all existing and proposed nonresidential buildings and uses on the subject property
   g. The amount of area proposed for common open space, including the location and arrangement of recreational facilities, identification of unique natural features to be retained and a statement indicating the means of maintaining all common areas
   h. Location of proposed pedestrian walkways, identifying type of surfacing and approximate grades
   i. Location of proposed streets identifying approximate dimensions of pavement and right-of-way widths, type of surfacing and approximate grades
   j. Location of off-street parking, loading and/or unloading and driveway areas, identifying the number of off-street parking spaces to be provided, type of surfacing and approximate dimensions
   k. Location of all existing and proposed water, sanitary, sewer and storm drainage lines, indicating approximate pipe sizes and grades. Indication should also be given regarding the provision of electric and telephone service
   l. Certification from appropriate water and sewer agencies that services will be available. Landscaping features including identification of planting areas and the location, type, and approximate height of fences and walls
m. Location of signs, indicating their orientation and approximate size and height
n. Identification of the soil types and geologic formations on the subject property, indicating anticipated problems and proposed methods of handling said problems
o. A schedule of development, including the staging and phasing of:

(1) Residential areas, in order of priority, by type of dwelling unit
(2) Streets, utilities, and other public facility improvements, in order of priority
(3) Dedication of land to public use or set aside for common ownership
(4) Nonresidential buildings and uses, in order of priority

The information required in items a through p, may be combined in any suitable and convenient manner so long as the data required is clearly indicated. A separate plan or drawing for each element is not necessary, but may be provided at the option of the applicant.

E. STAGE II DEVELOPMENT PLAN AND RECORD PLAY REQUIREMENTS: The Stage II development plan and record plat shall conform to the following requirements:

1. Stage II Development Plan: The applicant shall submit a Stage II development plan, in conformance with the Stage I approved development plan, at a scale not smaller than one (1) inch equals one hundred (100) feet, that identifies and provides the following information:

a. The existing proposed finished topography of the subject property shown by contours with intervals not to exceed five (5) feet. Where conditions exist that may require more detailed information on the proposed topography, contours with intervals of less than five (5) feet may be required be the Planning Commission

b. All housing units on the subject property:

(1) Detached housing – location, arrangement and number of lots, including exact lot dimensions and setbacks, and maximum height of buildings
(2) Attached housing – location, height, and arrangement of all buildings indicating the number of units in each building, and where applicable, location and arrangement of all lots with exact lot dimensions

c. Location, height, arrangement and identification of all nonresidential buildings and uses on subject property and, where applicable, location and arrangement of all lots with exact lot dimensions
d. All common open space area, including accurate lot dimensions and the location and arrangement of all recreational facilities

e. Landscaping features, including identification of planting areas and the location, type and height of walls and fences

f. Location of signs indicating their orientation and size and height

g. All utility lines and easements:

(1) Water distribution systems including line sizes, width of easements, type of pipe, location of hydrants and valves, and other appurtenances

(2) Sanitary sewer system, including pipe sizes, width of easements, gradients, type of pipes, invert elevations, location and type of manholes, the location, type, size of all lift or pumping stations, capacity, and process of any necessary treatment facilities, and other appurtenances

(3) Storm sewer and natural drainage system, including pipe and culvert sizes, gradients, location of open drainage courses, width of easements, location and size of inlets and catch basins, and data indicating the quantity of storm water entering the subject property naturally from areas outside the property, the quantity of flow at each pickup point (inlet) the quantity of storm water generated by development of the subject area, and the quantity of storm water to be discharged at various points to areas outside the subject property

(4) Other utilities (e.g., electric, telephone, etc.) including the type of service and the width of easements

h. Location of all off-street parking, loading and/or unloading, and driveway areas, including typical cross sections, the type of surfacing, dimensions, and the number and arrangement or off-street parking, and loading and/or unloading spaces

i. Circulation system:

(1) Pedestrian walkways, including alignment, grades, type of surfacing and width

(2) Streets, including alignment, grades, type of surfacing, width of pavement and right-of-way, geometric details, and typical cross sections

j. Provisions for control of erosion, hillside slippage and sedimentation, indicating the temporary and permanent control practices and measures which will be implemented during all phases of clearing, grading, and construction
k. The schedule of development staging and phasing in accordance with the requirement in Subsection D, 3, and as approved in Stage I approved Development Plan

The information required by Section E, items a through k, may be combined in any suitable and convenient manner so long as the data required is clearly indicated.

2. Record Plat: The applicant shall submit a record plat, in conformance with the Stage II approved Development Plan, at a scale not smaller than one (1) inch equals fifty (50) feet. If the record plat is submitted in sections, an index shall be developed showing the entire PUD. The particular number of sections, and the relationship of each adjoining section shall be clearly shown by a small key map on each section submitted. The record plat shall conform to the applicable requirements of the Subdivision Regulations, unless specifically waived by the Planning Commission, and in addition thereto, the following:

a. All areas reserved for common ownership with an indication of the properties the owners will share in common
b. Such lot or parcel lines indicating tracts which are now in separate ownership or which may be transferred to other ownership during or after development. (Resubdivision of large lots containing several buildings may be accomplished at a later date upon application and approval.)

c. Indication of areas to be developed for residential (by type of housing unit), commercial, public and semi-public uses

F. RESIDENTIAL USES AND DENSITIES: All types of residential housing units (attached or detached) may be permitted within a PUD Overlay Zone, including by not limited to, single-family, two-family, and multi-family units. The density of dwelling units in a PUD shall be determined by the density (dwelling units per net acre) as calculated from the existing residential (R) zone superimposed by the PUD overlay zone. This density shall be applied to the total project area excluding that land devoted to commercial uses and streets (public and private).

G. COMMERCIAL USES: Commercial uses intended primarily for the service and convenience of residents of the PUD may be permitted within the project area provided a market analysis is made justifying the need for said uses. These commercial uses shall be grouped in complexes clearly delineated on the Stage I Development Plan, and may include one of more of the following uses:

1. Bakery shop  
2. Bank  
3. Beauty or barber shop  
4. Business or professional office  
5. Clothing store
6. Delicatessen, grocery, meat, fruit, or vegetable market
7. Drug store
8. Hardware store
9. Laundry
10. Restaurant
11. Shoe repair shop

Another use may be substituted on the Stage I approved Development Plan for a use previously approved providing it is one of the above listed uses and providing said use will not involve any building expansion beyond that approved in the Stage I approved Development Plan and further providing that said use is approve by the Zoning Administrator.

H. PUBLIC AND SEMI-PUBLIC USES: Public and semi-public structures and uses may be permitted in the PUD. These uses shall be delineated on the Stage I development plan and shall be limited to one of more of the following uses:

1. Churches
2. Community centers, including day care facilities
3. Country clubs
4. Fire and police stations
5. Libraries
6. Open space – recreation areas
7. Schools (nursery, elementary and secondary)

I. AREA REQUIREMENTS: No PUD overlay zone shall be permitted on less than five (5) acres of land. However, development of a smaller tract adjacent to an existing PUD overlay zone, may be permitted, if the proposed development conforms to and extends the original development as if the new area had been a part of the original development.

J. HEIGHT, YARD AND SETBACK REGULATIONS: Requirements shall be as approved in the Stage I Development Plan.

K. OFF-STREET PARKING AND LOADING AND/OR UNLOADING: Off-Street parking and, when applicable, loading and/or unloading shall be provided in accordance with Articles XII and XIII of this ordinance.

L. FENCES, WALLS, AND SIGNS: The location, height, and type of all fences, walls and signs shall be as approved in the Stage I Development Plan.

M. EROSION AND SEDIMENTATION CONTROL: Effective erosion and sedimentation controls shall be planned and applied in accordance with Section 9.7 of this ordinance.

N. COMMON OPEN SPACE – RECREATION AREA: At least twenty percent (20%) of the total acreage of the proposed PUD shall be retained as common open space and
recreational area, and dedicated to a public and/or private entity for operation and maintenance. Such open space and recreation areas shall be physically situated so as to be readily accessible, available to, and useable by all residents of the PUD. Common open space and recreation area shall be that part of the total project exclusive of dwellings, streets, parking areas, single-family lots, commercial areas, and other non-open space and nonrecreationally oriented facilities.

O. AMENDMENTS: Any amendments to plans, except for the minor adjustments which may be permitted by the Planning Commission, shall be made in accordance with the procedure required by this ordinance, subject to the same limitations and requirements as those under which such plans were originally approved.

P. EXPIRATION: Any amendment to PUD Overlay Zone shall be subject to the time constraint, as noted below. Upon expiration of said time period and any extensions thereto, the legislative body may initiate a request for a public hearing by the Planning Commission, in accordance with the requirements of KRS Chapter 100, for the purpose of determining whether said PUD overlay zone should revert to its original zoning designation. A public hearing may be initiated if either of the following conditions apply:

1. Stage II Development Plan has not been approved by the Planning Commission within a period of twelve (12) consecutive months from the date of the Stage I approved Development Plan on Overlay Zone Amendment by the legislative body; provided that an extension may be permitted upon approval of the legislative body or their duly authorized representative if sufficient proof can be demonstrated that prevailing conditions have not changed appreciably to render the Stage I approved Development Plan obsolete.

2. Substantial construction has not been initiated within a period of twelve (12) consecutive months from the date of approval of the Stage II Development Plan by the Planning Commission; provided that an extension may be permitted upon approval of the legislative body or their duly authorized representative if sufficient proof can be demonstrated that the construction was delayed due to circumstances beyond the applicant’s control, and that prevailing conditions have not changed appreciably to render the Stage I approved Development Plan obsolete. The amount of construction constituting initiating substantial construction shall be as approved in the Stage I approved Development Plan.
SECTION 10.13  RCD RESIDENTIAL CLUSTER DEVELOPMENT OVERLAY ZONE:

A. PURPOSE: The purpose of the Residential Cluster Development (RCD) Overlay Zone is to provide a means whereby clusters of attached and detached single-family residential units may be constructed in the R-1 Single Family Residential Zones, and therein, through a development plan, permit a wide flexibility in the design, location, siting of buildings, and yard and setback requirements in order to provide for, to the greatest extent possible, the preservation of hillside areas, and other natural geographic and topographic features, and to provide for more usable and suitably located recreation facilities and open space than would otherwise be provided under conventional R-1 Single Family Residential land development procedures.

B. GENERAL: A Residential Cluster Development Overlay Zone may only be permitted to be superimposed over any of the R-1 Single Family Residential Zones provided that all conditions or provisions of this section of the ordinance, the applicable requirements of the Subdivision Regulations, and any additional requirements as may be determined necessary to provide for the most efficient layout of the RCD Zone and its proper integration with the surrounding development are met; and a public hearing is held.

C. APPLICATION AND PROCESSING: Applications for Residential Cluster Development Overlay Zone shall be processed in two stages:

1. Stage I – Development Plan and Zoning Map Amendment – Application for amendment to RCD overlay zone shall include a development plan in accordance with the requirements of Subsection D.

   a. The Planning Commission shall hold a public hearing on the proposed application, duly noticed, in accordance with the requirements of KRS Chapter 424, and review said application with regard to its compliance with the stated purposes of the RCD overlay zone, the required elements of the Stage I Development Plan and other applicable requirements of this section. Upon holding such hearing, the Planning Commission shall make one of the following recommendations to the legislative body: approval, approval with condition or disapproval. The Planning Commission shall submit along with their recommendations a copy of the Stage I Development Plan and the bases for their recommendation.

   b. The legislative body shall, within forty-five (45) days after receiving the recommendations of the Planning Commission, review said recommendations and take action to approve or disapprove said RCD application. Such action may incorporate any conditions imposed by the legislative body. However, should the legislative body take action to impose different conditions than were reviewed and considered by the Planning Commission, then said conditions shall be resubmitted to the Planning Commission for further review and recommendations in accordance with Subsection 10.14, C, 1, a. Approval of the RCD Overlay
Zone shall require that development be in conformance with the Stage I approved Development Plan.

The legislative body shall forward a copy of the approved Development Plan, certified as such by said body, to the Planning Commission for further processing in accordance with the requirements for Stage II Development Plan and record plat. Zoning Map Amendment - upon approval of the RCD Overlay Zone, the official zoning map shall be amended by adding the prefix "RCD" to the existing residential (R-1) zone (e.g., RCD-R-1B, RCD-R-1C, etc.) for the area as shown on the Stage I approved development plan.

2. Stage II – Development Plan and Record Plat - A Stage II development plan and record plat shall be developed in conformity with the Stage I approved development plan and in accordance with the requirements of Subsection E, and submitted to the Planning Commission for its review and approval. Except for the manner of submission and processing, the Subdivision Regulations may be waived, where applicable, and the requirements of Subsection E shall be substituted therefore. Those requirements not specifically waived by the Planning Commission shall conform with the Subdivision regulations.

a. The Planning Commission shall review the submitted Stage II development plan with regard to its compliance with the required elements of Subsection E. 1, for Stage II development plans, other applicable elements of this ordinance, other applicable regulations, and its conformity with the Stage I approved development plan. The Planning Commission, in approving the Stage II development plan, may authorize minor adjustments from the Stage I approved development plan, provided that the adjustments do not: affect the spatial relationship of structures, change land uses, increase overall density, alter circulation patterns (vehicular and pedestrian), or decrease the amount and/or usability of open space or recreation areas or affect other applicable requirements of this ordinance.

Upon Planning Commission approval of the Stage II Development Plan, a copy of said plan, shall be forwarded to the Zoning Administrator, who shall grant permits only in accordance with the Stage II approved development plan and other plans as may be required by this ordinance.

b. Upon approval of the Stage II development plan, the Planning Commission, shall review the submitted record plat with regard to its compliance with the required elements of Subsection E, 2, for record plats, the applicable requirements of the Subdivision Regulations, and its conformity with the approved Stage II approved development plan.
Upon Planning Commission approval of the record plat, copies of said plat, certified by the Planning Commission, and suitable for recording, shall be forwarded by the Planning Commission to the office of the County Clerk to be recorded.

D. STAGE I DEVELOPMENT PLAN REQUIREMENTS: The stage I development plan shall identify and provide the following information:

1. Plan(s) of the subject property drawn to a scale not smaller than one (1) inch equals one hundred (100) feet showing:

   a. The total area in the project
   b. The present zoning of the subject property and all adjacent properties
   c. All public and private rights-of-way and easement lines located on or adjacent to the subject property which are proposed to be continued, created, enlarged, relocated, or abandoned
   d. Existing and proposed topography shown by contour with intervals not to exceed five (5) feet
   e. All existing and proposed housing units on the subject property:

      (1) Detached housing – location, arrangement and number of all lots, including a typical section(s) identifying approximate lot sizes and dimensions, and setbacks and height of buildings

      (2) Attached housing – location, height, and arrangement of all buildings, number of units within each building and all lot lines with approximate dimensions where applicable

   f. Location, arrangement, height and identification of all existing and proposed nonresidential buildings and uses on the subject property
   g. The amount of area proposed for common open space, including the location and arrangement of recreational facilities, identification of unique natural features to be retained and a statement indicating the means of maintaining all common areas
   h. Location of proposed pedestrian walkways, identifying type of surfacing and approximate dimensions
   i. Location of proposed streets identifying approximate dimensions of pavement and right-of-way widths, type of surfacing and approximate grades
   j. Location of off-street parking, loading and/or unloading and driveway areas, identifying the number of off-street parking spaces to be provided, type of surfacing and approximate dimensions
   k. Location of all existing and proposed water, sanitary sewer and storm drainage lines, indicating approximate pipe sizes and grades. Indication should also be given regarding the provision of electric and telephone service
l. Certification form appropriate water and sewer agencies that services will be available
m. Landscaping features, including identification of planting areas and the location, type, and approximate height of fences and walls
n. Location of signs, indicating their orientation and approximate size and height
o. Identification of soil types and geologic formations on the subject property, indicating anticipated problems and proposed methods of handling said problems
p. A schedule of development, including the staging and phasing of:

(1) Residential areas, in order of priority, by type of dwelling unit
(2) Streets, utilities, and other public facility improvements, in order of priority
(3) Dedication of land to public use or set aside for common ownership
(4) Nonresidential buildings and uses, in order of priority

The information required in items a through p, may be combined in any suitable and convenient manner so longs as the data required is clearly indicated. A separate plan or drawing for each element is not necessary, but may be provided at the option of the applicant.

E. STAGE II – DEVELOPMENT PLAN AND RECORD PLAT REQUIREMENTS: The Stage II development plan and record plat shall conform to the following requirements:

1. Stage II Development Plan: The applicant shall submit a Stage II development plan, in conformance with the Stage I approved development plan, at a scale not smaller than one (1) inch equals one hundred (100) feet, that identifies and provides the following information:

a. The existing proposed finished topography of the subject property shown by contours with intervals not to exceed five (5) feet. Where conditions exist that may require more detailed information on the proposed topography, contours with intervals of less than five (5) feet may be required by the Planning Commission
b. All housing units on the subject property:

(1) Detached housing – location, arrangement and number of all lots, including exact lot dimensions and setbacks, and maximum height of all buildings
(2) Attached housing – location, height, and arrangement of all buildings indicating the number of units in each building, and where applicable, location and arrangement of all lots with exact lot dimensions
c. Location, height, arrangement and identification of all nonresidential buildings and uses on the subject property and, where applicable, location and arrangement of all lots with exact lot dimensions

d. All common open space areas, including accurate lot dimensions and the location and arrangement of all recreational facilities

e. Landscaping features, including identification of planting areas and the location, type, and approximate height of fences and walls

f. Location of signs indicating their orientation and size and height

g. All utility lines and easements:

(1) Water distribution systems including line sizes, width of easements, type of pipe, location of hydrants and valves, and other appurtenances

(2) Sanitary sewer systems, including pipe sizes, width of easements, gradients, type of pipes, invert elevations, location and type of manholes, the location, type, size of all lift or pumping stations, capacity and process of any necessary treatment facilities, and other appurtenances

(3) Storm sewer and natural drainage system, including pipe and culvert sizes, gradients, location of open drainage courses, width of easements, location and size of inlets and catch basins, location and size of retention and/or sedimentation basins, and data indicating the quantity of storm water entering the subject property naturally from areas outside the property, the quantity of flow at each pickup point (in-let) the quantity of storm water generated by development of the subject area, and the quantity of storm water to be discharged at various points to areas outside the subject property

(4) Other utilities (e.g., electric, telephone, etc.) including the type of service and width of easements

h. Location of all off-street parking, loading and/or unloading, and driveway areas, including typical cross sections, the type of surfacing, dimensions, and the number and arrangement of off-street parking, and loading and/or unloading spaces

i. Circulation system:

(1) Pedestrian walkways, including alignment, grades, type of surfacing and width

(2) Streets, including alignment, grades, types of surfacing, width of pavement and right-of-way, geometric details, and typical cross sections
Article X  Zone Regulations

j. Provisions for control of erosion, hillside slippage and sedimentation, indicating the temporary and permanent control practices and measures which will be implemented during all phases of clearing, grading, and construction.

k. The schedule of development staging and phasing in accordance with the requirement in Subsection D, 3, and as approved in the Stage I development plan.

The information required by Section E, items a through k, may be combined in any suitable and convenient manner so long as the data required is clearly indicated.

2. Record Plat: The applicant shall submit a record plat, in conformance with Stage II approved development plan, at a scale not smaller than one (1) inch equals fifty (50) feet. If the record plat is submitted in sections, an index shall be developed showing the entire RCD. The particular number of the section, and the relationship of each adjoining section shall be clearly shown by a small key map on each section submitted. The record plat shall conform to the applicable requirements of the Subdivision Regulations, unless specifically waived by the Planning Commission, and in addition thereto, the following:

a. All areas reserved for common ownership with an indication of the properties the owners will share in common.

b. Such lot or parcel lines indicating tracts which are now in separate ownership or which may be transferred to other ownership during or after development. (Resubdivision of large lots containing several buildings may be accomplished at a later date upon application and approval.)

c. Indication of areas to be developed for residential (by type of housing unit), commercial, public and semi-public uses.

F. RESIDENTIAL USES AND DENSITIES: Attached and detached single family dwellings may be permitted within a RCD overlay zone. The density of dwelling units in a RCD shall be determined by the density (dwelling units per net acre) as calculated from the residential (R-1) Zone superimposed by the RCD Overlay Zone. This density shall be applied to the total project area excluding that land denoted to streets (private and public).

G. PUBLIC AND SEMI-PUBLIC USES: Public and semi-public structures and uses may be permitted in the RCD. These uses shall be delineated on the Stage I development plan and shall be limited to one or more of the following uses:

1. Churches
2. Community centers, including day care facilities
3. Country clubs
4. Fire or police stations
5. Libraries
6. Schools (nursery, elementary and secondary)

H. AREA REQUIREMENTS: No RCD Overlay Zone shall be permitted on less than five (5) acres of land. However, development of a smaller tract adjacent to an existing RCD Overlay Zone, may be permitted, if the proposed development conforms to all extends the original development as if the new area had been part of the original development.

I. HEIGHT, YARD, AND SETBACK REGULATIONS: Requirements shall be as approved in the Stage I Development Plan.

J. OFF-STREET PARKING AND LOADING AND/OR UNLOADING: Off-street parking and, when applicable, loading and/or unloading shall be provided in accordance with Articles XII and XIII of this ordinance.

K. FENCES, WALLS, AND SIGNS: The location, height, and type of all fences, walls, and signs, shall be as approved in the Stage I Development Plan.

L. EROSION AND SEDIMENTATION CONTROL: Effective erosion and sediment controls shall be planned and applied in accordance with Section 9.7 of this ordinance.

M. COMMON OPEN SPACE - RECREATION AREA: At least twenty percent (20%) of the total acreage of the proposed RCD shall be retained as common open space and recreation area, and dedicated to a public and/or private entity for operation and maintenance. Such open space and recreation areas shall be physically situated so as to be readily accessible, available to and usable by all the residents of the RCD. Common open space and recreation areas shall be that part of the total project exclusive of dwellings, streets, parking areas, single family lots, commercial areas, and other non-open space and nonrecreationally oriented facilities.

N. AMENDMENTS: Any amendments to plans, except for the minor adjustments which may be permitted by the Planning Commission, shall be made in accordance with the procedure required by this ordinance, subject to the same limitations and requirements as those under which such plans were originally approved.

O. EXPIRATION: Any amendment to RCD Overlay Zone shall be subject to the time constraints, as noted below. Upon expiration of said time period, and any extensions thereto, the legislative body may initiate a request for a public hearing by the Planning Commission, in accordance with the requirements of KRS Chapter 100, for the purpose of determining whether said RCD Overlay Zone should revert to its original zoning designation. A public hearing may be initiated if either of the following conditions apply:

1. Stage II Development Plan has not been approved by the Planning Commission, within a period of twelve (12) consecutive months from the date of the Stage I approved Development Plan and RCD Overlay Zone Amendment by the
legislative body; provided that an extension may be permitted upon approval of
the legislative body or their duly authorized representative if sufficient proof can
be demonstration that prevailing conditions have not changed appreciably to
render the approved Stage I approved development plan obsolete.

2. Substantial construction has not been initiated within a period of twelve (12)
consecutive months from the date of approval of the Stage II Development Plan
by the Planning Commission; provided that an extension may be permitted upon
approval by the legislative body or their duly authorized representative if
sufficient proof can be demonstrated that the construction was delayed due to
circumstances beyond the applicant’s control, and that prevailing conditions have
not changed appreciably to render the Stage I approved development plan
obsolete. The amount of construction constituting initiating substantial
construction shall be as approved in the Stage I approved development plan.

10. A development plan, as regulated by Section 9.19 of this ordinance shall be required for any use in this zone
SECTION 10.19 MLU MIXED LAND USE ZONE:

A. PURPOSE: The purpose of the Mixed Land Use (MLU) Zone is to provide for the combining of offices, hotels and motels and residential uses with secondary retail and service uses within a planned development. Such development is intended to be designed to provide for an internally oriented group of activities which are functionally integrated relative to land uses, vehicular and pedestrian circulation and the arrangement of structures. In addition, the intent of the zone is to promote flexibility in design and planned diversification in the relationships between location of and types of uses and structures; promote the advantages of modern large scale site planning for community development through the efficient use of land, facilitating a more economic arrangement of buildings, circulation systems, land uses, and utilities; preserve, to the greatest extent possible, the existing landscape features and amenities, and to utilize such features in a harmonious fashion; provide for more usable and suitably located open space facilities and common facilities than would otherwise be provided under conventional land development procedures, but always with the intention of furthering the public health, safety, and general welfare.

B. GENERAL: A Mixed Land Use Zone may be permitted provided that all conditions or provisions of this section of the ordinance, the applicable requirements of the subdivision regulations, and any additional requirements as may be determined necessary to provide for the most efficient layout of the MLU Zone and its proper integration with the surrounding development are met; and a public hearing is held on the MLU application.

C. APPLICATION AND PROCESSING: Applications for a Mixed Land Use Zone shall be processed as follows in two stages:

1. Stage I - Applications for a map amendment to zone an area for Mixed Land Use (MLU) shall be accompanied by a development plan, in accordance with the Stage I Plan requirements, provided for within paragraph (B) Section 10.13D Stage I Development Plan. If an area, however, is zoned MLU at the time the original zoning for the area is established (through annexation) the submission of the Stage I development plan for review by the planning commission, shall not be required until the area is proposed to be developed.

   a. The planning commission shall hold a public hearing on the proposed application (development plan Stage I and where applicable, the zoning map amendment), in accordance with the requirements of KRS Chapter 424, and review said application with regard to its compliance with the stated purposes of the MLU Zone, the required elements of the Stage I Plan and other applicable requirements of this section.

2. Stage II - Plan And Record Plat - A Stage II Plan and record plat shall be developed in conformance with the Stage I approved plan and in accordance with the requirements of Section 10.12, E, 1 F2, and submitted to the planning
commission, or its duly authorized representative for its review and approval. Except for the manner of submission and processing, the subdivision regulations may be waived, where applicable, and the requirements of Section 10.12, E. 1 and 2 shall be substituted therefore. Those requirements not specifically waived by the planning commission shall conform with the subdivision regulations.

a. The planning commission shall review the submitted Stage II Development Plan with regard to its compliance with the required elements of Section 10.12, E. 1 and 2 for Stage II plans, other applicable elements of this ordinance and other applicable regulations, and its conformity with the Stage I approved plan. Minor adjustments from the Stage I approved plan may be permitted, provided that the adjustments do not change land uses, increase overall density, significantly alter circulation patterns (vehicular and pedestrian) or decrease the amount and/or usability of open space or recreation areas, or conflict with other applicable requirements of this ordinance (e.g., parking requirements).

b. Upon approval of the Stage II plan by the Planning Commission, a copy of said plan shall be forwarded to the zoning administrator, who shall grant permits only in accordance with the Stage II approved plan and other regulations, as may be required by this ordinance.

c. Upon approval of the Stage II plan, the planning commission shall review the submitted record plat, if applicable, with regard to its compliance with the required elements of Section 10.12, E.1 and 2 for record plats, the applicable requirements of the subdivision regulations and its conformance with the Stage II approved plan.

Upon planning commission approval of the record plat, copies of said plat, certified by the planning commission, and suitable for recording shall be forwarded by the planning commission to the office of the county clerk to be recorded.

D. PERMITTED USES: One or more of the following uses may be permitted. Said uses shall be clearly delineated on the Stage I and II Plans:

1. Hotels and Motels
2. Learning for continuing education programs
3. Manufactured, assembly and storage of electronic and radio frequency equipment and related products which are, in part, related to a cooperative program with an accredited college or university and located on a single tract of land not less than twenty (20) acres
4. Offices and research laboratories
5. Restaurants (sit down only)
6. Residential – Including single family attached and detached, two family and multi-family
E. ACCESSORY USES:

1. Customary accessory buildings and uses
2. Retail and service uses, as listed below, may be included as part of the development, provided said uses are entered from within any of the permitted uses listed above or are developed as an integral part of the proposed development. Said uses shall be internally oriented to the development and shall serve as a convenience to any of the occupants thereof, their patients, as a convenience to the client or customers, and further provided that no exterior advertising signs shall be visible from outside the area of the approved development:

   a. Apparel shop
   b. Art and art supplies

2. Community centers, including day care facilities
3. Country clubs
4. Fire or police stations
5. Government offices
6. Libraries
7. Open space/recreation areas
8. Schools (elementary and secondary)

G. AREA REQUIREMENTS: No MLU Zone shall be permitted on less than 5 acres of land. However, development of a small tract adjacent to an existing MLU Zone may be permitted, if the proposed development conforms to and extends the original developments as if the new area had been a part of the original development.

H. ACCESS REGULATIONS: Access shall be provided to the site via a major arterial or collector street, as identified within the locally adopted comprehensive plan.

I. HEIGHT, YARD AND SETBACK REGULATIONS: Requirements shall be as approved in the plan except that no building shall exceed forty (40) feet or three (3) stories in height unless such building is set back from the street right-of-way line a distance of not less than one-half (1/2) its height and is set back from all other property lines a distance of fifteen (15) feet from side yard and twenty-five (25) feet from rear yard plus two (2) feet on each side and rear yards for each foot of height in excess of forty (40) feet. In addition to the above requirements any such building shall provide a pad to support a fire truck within twenty (20) feet of said building.

J. OFF-STREET PARKING AND LOADING AND/OR UNLOADING: Off-street parking and when applicable, loading and/or unloading facilities, shall be provided in accordance with Articles XII and XIII of this ordinance.

K. FENCES, WALLS, AND SIGNS: The location, height, and type of all fences, walls, and signs shall be approved in the plan.

L. EROSION AND SEDIMENTATION CONTROL: Effective erosion and sedimentation controls shall be planned and applied in accordance with Section 9.6 of this ordinance.

M. OPEN SPACE/RECREATION AREA: At least 20% of the total acreage of the proposed MLU development shall be retained as open space or recreation areas. Such open space/recreation areas shall be physically situated so as to be readily accessible, available to, and usable by all activities within the MLU development. Open space and recreation areas shall be that part of the total project exclusive parking areas, access drives and streets.
N. AMENDMENTS: Any amendments to plans, except for the minor adjustments which may be permitted by the planning commission, shall be made in accordance with the procedure required by Subsection C of this section.

O. EXPIRATION: Development plans within the MLU Zone shall be subject to the time constraints, as noted below. Upon expiration of said time period and any extensions thereto, the legislative body may initiate a request for a public hearing by the planning commission, in accordance with the requirements of KRS Chapter 100, for the purpose of determining the appropriateness of the approved development plan. A public hearing may be initiated if either of the following condition apply:

1. Stage II Plan has not been approved by the planning commission within a period of 24 consecutive months from the date of the Stage I approved plan, except as agreed upon for the phasing of development by the legislative body; provided that an extension may be permitted upon approval of the legislative body or their duly authorized representative if sufficient proof can be demonstrated that prevailing conditions have not changed appreciably to render the Stage I approved plan obsolete.

2. Substantial construction has not been initiated within a period of 12 consecutive months from the date of approval of the Stage II plan by the planning commission; provided that an extension may be permitted upon approval of the legislative body or its duly authorized representative if sufficient proof can be demonstrated that the construction was delayed due to circumstances beyond the applicant's control, and that prevailing conditions have not changed appreciably to render the Stage I approved plan obsolete. The amount of construction constituting initiating substantial construction shall be as approved in the Stage II approved plan.

2. Minimum Lot Width at Building setback Line: Seventy-five (75) feet
3. Minimum Side Yard Width:
   a. No restrictions except when adjacent to a street, road, highway, or other right-of-way when the required width shall be the same as required for a minimum front yard depth in this zone. When buildings abut each other, firewall construction, as required by the Building Code, shall be required. In the event a side yard is provided, it shall never be less than fifteen (15) feet
4. Minimum Rear Yard Depth: Fifteen (15) feet
5. Maximum Percentage of Lot Coverage: No restrictions except as required by the yard requirement of this zone
6. Maximum Building Height: Forty (40) feet or three (3) stories

D. OTHER DEVELOPMENT CONTROL:

1. Off-street parking and loading or unloading shall be provided in accordance with articles XII and XIII of this Ordinance
2. No lighting shall be permitted which would glare from this zone onto any street, road, highway, deeded right-of-way, or into any adjacent property
3. Where any yard of any use permitted in this zone abuts a residential zone, a minimum requirement of fifteen (15) feet for each side and/or rear yard which abuts said zone shall be provided, ten (10) feet of which shall be maintained by a screening area as regulated by Section 9.17 of this ordinance
4. A development plan as regulated by Section 9.19 of this ordinance shall be required for any use in this zone
SECTION 10.21  CTO CORRIDOR TRANSITIONAL OVERLAY DISTRICT ZONE:

A. PURPOSES: The purpose of the Corridor Transitional Overlay Zone is to implement the land use policies of the Comprehensive Plan with respect to development along U.S. Route 27. This highway Corridor Transitional Overlay Zone is intended to promote economic development and reinvestment, as well as, purposeful community design.

B. GENERAL:

1. The Corridor Transitional Overlay Zone replaces Section 9.25 in its entirety
2. The Corridor Transitional Overlay Zone covers only those properties designated as, “Corridor Transitional” on the Comprehensive Plan Land Use Map. Property abutting a Corridor Transitional Overlay Zone which is held in common ownership with adjoining CTO property may be included in the CTO zone provided that the proposed development of such property is consistent with the purpose and intent of the CTO district, and is in accord with the district’s development standards and design criteria as determined by the Planning and Zoning Commission and does not adversely impact on neighboring residential properties

C. PRINCIPAL PERMITTED USES: Uses permitted in the Corridor Transitional Overlay Zone include:

1. Uses permitted in the underlying zone
2. Uses permitted in Section 10.17 PO, Professional Office Zone
3. Uses permitted in Section 10.18 LSC, Limited Service Commercial Zone

D. CONDITIONAL USES: Higher density residential development within the Corridor Transitional Overlay Zone, may be appropriate and may be permitted, provided that such building and use is compatible for the particular area and site, as determined by the Board of Adjustments, pursuant to Section 9.14 of this Ordinance. This following conditional uses may be permitted when the Board of Adjustments finds the proposed development as depicted on a submitted site development plan is appropriate for the site relative to its compatibility with present and future development conditions and is consistent with the development standards and design of the CTO district:

1. Two-family duplex dwellings, provided that it meets the area requirements of Section 10.5 R-1E zone
2. Four-family apartment buildings, provided that it meets the area requirements of Section 10.10 R-2 zone

E. APPLICATION AND PROCESSING: Under the Corridor Transitional Overlay Zone a property owner may submit a site development plan, in accordance with Section 9.19 of this Ordinance as part of a rezoning application, to develop or redevelop property for a CTO zone use which otherwise would not be permitted in the underlying zone.
1. The site development plan shall meet the relevant district requirements of area size and setback dimensions for the proposed use

2. Planning and Zoning Commission approval of a proposed site development plan shall be in accordance with Section 9.30 of this ordinance, and shall meet the performance standards established in subsection F, herein, as well as, other applicable requirements of this ordinance

3. The Commission must find the proposed site development plan is consistent with the intent of the Comprehensive Plan with regard to the US 27, highway corridor

4. The Planning Commission shall make a finding of whether the proposed development meets the performance standards of this zone and is a permitted use under the CTO, and make appropriate recommendations to the legislative body

5. The legislative body shall, within forty-five (45) days after receiving the recommendations of the Planning Commission, review said recommendations and take action to approve, approve with changes, or disapprove said CTO application

F. PERFORMANCE STANDARDS: The following standards are in addition to the distinct requirements of this ordinance, and are established as a means of improving the economic viability and environmental quality of the US 27 Highway Corridor.

1. A landscape buffer along the highway right-of-way, for non-residential properties should be developed as a means of unifying the area and soften the visual clutter of vehicular parking, and to help define individual driveway entrances
   a. The depth of the landscape buffer should have a minimum width of five feet measured from the abutting edge of the sidewalk
   b. In cases where parking is in the front of a building the landscape buffer should be mounted to partially hide parked automobiles without impending visibility or traffic safety

2. A landscape plan is required as part of a site development plan for all CTO zone uses. The landscape plan should address measures to improve the environmental design quality of the site and the corridor

3. The landscape plan should also address measures to – screen and/or buffer any adverse impact associated with the site relative to neighboring properties

4. Conversion of an existing residential building for a non-residential use must nevertheless preserve the residential character and appearance of the building

5. All new buildings should be designed to enhance the image of the corridor, in a manner compatible with its surroundings

6. Commercial signage for a non-residential structure shall be as approved on the Site Development Plan

7. When a non-residential use directly abuts a residential district, side yard setbacks shall be used as yard space provided that driveways shall be permitted. Parking in rear yard shall be permitted, provided adequate screening and buffering is provided to minimize any adverse impact to abutting residential property
SECTION 10.22 ROD REDEVELOPMENT OVERLAY DISTRICT ZONE:

A. PURPOSES: The Redevelopment Overlay District (ROD) Zone is designed to foster the development of four (4) strategically located redevelopment areas in Highland Heights. These four redevelopment areas are designed on the Comprehensive Plan, Land Use Plan Map (figure 11) as gateway East and gateway West, and Park Plaza East and Park Plaza West. The intended purpose of the Redevelopment Overlay District is to effect the redevelopment of each of the four areas individually in a manner consistent with the land use development policies of the Comprehensive Plan.

B. GENERAL: The rezoning of a development area shall be predicted upon the approval of a unified Site Development Plan for that area. Because of the degree of difficulty and complexity in redeveloping these four areas, the City of Highland Heights may wish to assist in the development process to the extent necessary and feasible in order to foster the implementation of its land use and community development objectives. The implementation steps that may be required in carrying out the economic development of these four proposed redevelopment areas are outlined in the Comprehensive Plan.

C. PROCESS AND PROCEDURES FOR ZONE CHANGE: Application for zoning amendment to ROD Zone shall be processed in two stages in accordance with Section 10.13 C, of this ordinance.

1. The Redevelopment Overlay District (ROD) Zone is applicable only to the four redevelopment areas depicted on the Comprehensive Plan, Land Use Plan Map (figure 11)

2. The rezoning of a development site shall be contingent upon the following requirements:

   a. That a Stage I Unified Site Development Plan for the redevelopment area has been formulated by the applicant and submitted for approval
   b. That in accordance with Section 9.30 of this ordinance, notification shall be given to owners of property that abut a proposed ROD zone for which a Stage I Unified Site Development Plan & Rezoning application has been submitted to the Planning & Zoning Commission for consideration
   c. The Stage I Unified Development Plan is of sufficient detail to satisfy the requirements of Section 10.13 D & E of this ordinance
   d. The proposed uses depicted on the Unified Site Development Plan are appropriate for the site and consistent with the land use development guidelines outlined in the Comprehensive Plan
   e. The proposed Unified Site Development Plan has to the extent possible, been formulated by an interdisciplinary design team comprising such discipline as architecture and landscape design, engineering design, and urban planning
f. The proposed Stage I Unified Site Development Plan has adequately addressed the development issues raised in the Comprehensive Plan in a manner that will enhance the image of Highland Heights

3. The applicants’ Stage I Unified Site Development Plan shall be first referred to the City Planner, the City Engineer and the City Zoning Administrator and other relevant departments for review. The reviewers shall submit written reports to the Planning and Zoning Commission within fifteen (15) working days of the applicants’ submittal. Such reports shall be made available to the applicant, and to adjoining property owners upon request.

4. The Stage I Unified Site Development Plan shall be considered for approval by the Planning and Zoning Commission pursuant to Section 10.13 C and D of this Ordinance.

5. The Stage I Unified Site Development Plan shall establish how the redevelopment site shall be developed, indicating the type of uses, specifying the types of building, and design features including layout, architecture, signage, drainage, and placement of utilities; provided that all utilities, for which the developer is responsible, are placed underground.

6. The Stage I Unified Site Development Plan shall include a schedule indicating when various site improvements are anticipated to be started and completed over the life of the development project. If the development is to be carried out in phases, then the development scheduled shall include a performance schedule for each phase.

7. Rezoning of a redevelopment site to a ROD zone shall be carried out in accordance with Section 16 of this ordinance.

8. Changes may not be made to an approved Site Development Plan except for minor changes as determined by the Zoning Administrator without resubmitting a revised Site Development Plan to the Planning and Zoning Commission pursuant to Section 9.30 and Section 10.13 C & D of this ordinance.

9. Following approval of a Stage I Unified Site Development Plan, the applicant shall:
   a. Submit a Stage II Site Development Plan(s) in accordance with Section 10.13 E of this ordinance within six months following Stage I Site Development Plan approval.
   b. And shall commence construction within nine months following Stage II Site Development Plan approval.

10. Should the applicant fail to meet the specified time deadline(s) the Site Development Plan shall become null and void and the zoning on site shall revert back to its original classification. The Planning and Zoning Commission may grant the applicant one, nine-month time extension provided the applicant can show good cause for an extension.
D. PERMITTED USES: The following permitted uses in a Redevelopment Overlay District Zone shall be as approved on the Stage I Site Development Plan, provided that such uses are consistent with the purpose and intent of the Comprehensive Plan for the area in question. Uses permitted in the Redevelopment Overlay District Zone may include mixed uses including:

1. Uses permitted in Section 10.16 General Commercial Zone
2. Uses permitted in Section 10.17 Professional Office Building Zone
3. Uses permitted in Section 10.11 Residential Three Zone

E. ACCESSORY USES: Customary accessory buildings and uses shall be as approved on the Stage I Site Development Plan.

F. LAND COVERAGE, DENSITY AND INTENSITY OF USE: The placement of buildings, land coverage and land use intensity shall be as approved on the Stage I Site Development Plan, provided that the development plan is consistent with the purpose and intent of the Comprehensive Plan relative to the redevelopment plan is consistent with the purpose and intent of the Comprehensive Plan relative to the redevelopment area in question.

1. The placement of buildings and other features of the built environment shall be as approved on the Stage I Site Development Plan
2. Building height and setback requirements shall be as approved on the Stage I Site Development Plan

G. OFF-STREET PARKING AND LOADING: Off-Street parking and loading requirements shall be as approved on the Stage I Site Development Plan, in accordance with Articles XII & XIII of this ordinance.

H. OPENSACE AND LANDSCAPE FEATURES: Open space and landscape features are important and integral elements of the site, and shall be as approved on the Site Development Plan.

I. EROSION & SEDIMENTATION CONTROLS: Effective erosion and sedimentation controls shall be planned and applied in accordance with Section 9.7 of this ordinance.

J. AREA REQUIREMENTS: No redevelopment Overlay District Zone shall be established for only a portion of a redevelopment site that is smaller than three (3) acres in size. It is the intent that each redevelopment area is developed in accordance with a unified development plan for the entire development area. Piecemeal and disjointed development of such areas are not to be permitted.
ARTICLE XI

FENCES, WALLS, AND OBSTRUCTION TO VIEW REGULATIONS

SECTION 11.0 VISION CLEARANCE AT CORNERS AND RAILROAD CROSSINGS:
No fence, wall, hedge or other structure or other obstruction about a height of thirty-six (36) inches as measured about the curb level shall be erected, placed, maintained or continued in any zone within that triangular portion of a corner lot formed by measuring fifty (50) feet from the intersection of the rights-of-way line or two (2) streets or the right-of-way line of a street intersection of the rights-of-way line and joining these points with a straight line of a street intersection with a railroad right-of-way line and joining these points with a straight line. No type of tree or planting or other obstruction shall be planted, placed, maintained, or continued in such a manner which would obstruct the vision clearance at corners and railroad crossings.

SECTION 11.1 CLASSIFICATION OF FENCES AND WALLS:
A. The following shall be the classification of fences and walls for this Ordinance:

1. Masonry walls
2. Ornamental iron (eighty percent (80%) open)
3. Woven wire (eighty percent (80%) open)
4. Wood or other materials (more than fifty percent (50%) open)
5. Solid fences-wood; or other materials (less than fifty percent (50%) open)
6. Hedges
7. Barbed wire or sharp pointed fences
8. Earthen or concrete walls intended to contain or redirect flooding waters

SECTION 11.2 CONSERVATION ZONES:
A. Fences and/or walls within the conservation zone shall conform to the following requirements:

1. Section 11.0 except that in front yards class 2 or 3 fences may be erected up to maximum height of ninety-six (96) inches
2. Side and rear yard, class 1, 2, 3, 4, 5, 6, or 7 fences and/or walls may be erected up to a maximum height of ninety-six (96) inches
3. Class 8 walls shall be permitted but shall conform to requirements of the Corps of Engineers and/or City Engineer, whichever is applicable

SECTION 11.3 RESIDENTIAL ZONES:
A. Fences and/or walls within the conservation zone shall conform to the following requirements:
1. The requirements for the Residential (R) Zones for residential uses only, are set forth and depicted on Figure I of this ordinance.
2. The location, height and type of all fences and/or walls within any area zoned with a PUD or RCD Overlay shall be approved by the Planning Commission.
3. For all nonresidential uses conditionally permitted in any residential zone herein, the requirements are as follows:
   a. Fences of class 2 or 3 only shall be permitted in front yards including the front yard of corner lots as governed by Section 11.0. Said fences may be erected up to a maximum height of seventy-two (72) inches.
   b. Classes 1, 2, 3, 4, 5, or 6 fences and/or walls may be erected in side or rear yards up to a maximum height of seventy-two (72) inches; provided, however for the following exceptions:
      (1) General purpose recreational areas may be enclosed with fences or walls of class 1, 2, 3, 4, 5, 6, or 7 up a maximum height of ninety-six (96) inches.
      (2) Class 2 fences (or a combination of 3 and 7) may be erected to enclose tennis courts or as backstops for baseball and/or softball fields up to a maximum height of one hundred forty-four (144) inches.
      (3) In the case of corner lots, as governed by Section 11.0, fences of class 2 or 3 only may be erected as regulated by the applicable provisions of this section.

SECTION 11.4 COMMERCIAL ZONE: Fences and/or walls within all commercial zones including those permitted with all conditionally permitted uses in these zones shall conform to the following requirements:

A. Section 11.0, except that in front yards of commercial zones class 2 or 3 fences may be erected up to a maximum height of seventy-two (72) inches. In the GC zone no fences or walls shall be permitted in the front yard.

B. Side and rear yard, class 1, 2, 3, 4, 5, or 6 fences and/or walls may be erected up to a maximum height of seventy-two (72) inches, except that Section 11.0 shall prevail at all intersections.

C. All dumpsters located within the city limits and within the general public’s view, excluding compactor style dumpsters, shall be enclosed by a structure, (of minimum construction) consisting of galvanized chain-link fencing with red-wood slats with three (3) foot clearance on all sides and shall totally enclose the dumpster and be at least one (1) foot higher than said dumpster. Each enclosure shall have a latch of four feet from the ground on the gate and to be secured at all times. All alternative material for construction of the above, shall be approved in writing by the Chief Administrative Officer.
SECTION 11.5 MEASUREMENT OF ALL FENCE AND/OR WALL HEIGHTS AND/OR LOCATIONS:

A. All fences and/or wall heights shall be measured along the fence or wall locations.

B. All locations for distance measurements shall be measured from lot lines.

SECTION 11.6 HEIGHT OF ANY BARBED WIRE OR SHARP POINTED FENCES: In zones, where permitted, barbed wire or sharp pointed fences shall not be less than a height of seventy-two (72) inches.

SECTION 11.7 HEIGHT OF FENCES ATOP RETAINING WALLS: A combination fence and retaining wall may be erected. The retaining wall portion may be erected up to the level of the higher finished grade. The fence portion must be of the class and height permitted within this ordinance for the applicable zone. Said measurement shall be made at and along the location of the fence and retaining wall.

SECTION 11.8 ELECTRIFIED FENCES: No fence carrying an electrical charge shall be permitted in any zone except when such fence is used in conjunction with an agricultural use and provided the fence is not located along the perimeter with adjacent property or street.

SECTION 11.9 PERMIT REQUIRED FOR ERECTION OF FENCES: No fence shall be erected, except as exempted or specified within this ordinance, until all required fees have been paid to the proper authorities or their agents and the necessary permits have been issued for such by the Zoning Administrator and the Building Inspector, in accordance with Sections 15.1 and 15.2 of this ordinance.

SECTION 11.10 STRUCTURAL ELEMENTS OF FENCES: Fences shall be constructed so that all structural members shall be located on the inside of the fence. The inside shall be the side which faces the property owned by the person building the fence.

SECTION 11.11 DILAPIDATED FENCES: If thirty percent (30%) or more of the fence is gone or in disrepair the entire fence must be removed or repaired.
ARTICLE XII

OFF–STREET PARKING REGULATIONS

In all zones, off–street parking facilities for the storage of parking of motor vehicles for use of occupants, employees and patrons of the building hereafter erected, altered or extended, and all uses of the land after the effective date of this ordinance, shall be provided and maintained as herein prescribed. However, where a building permit has been issued prior to the date of adoption of this ordinance and provided that construction has not begun within ninety (90) consecutive calendar days of such effective date, off–street parking facilities in the amounts required by this ordinance shall prevail.

SECTION 12.0 GENERAL REQUIREMENTS:

A. Computation of Parking Spaces - In determining the number of parking spaces required, if such spaces result in fractional parts thereof, the number of said spaces required shall be construed to be the next highest whole number.

B. Addition to Buildings - Whenever the intensity of use of any building, structure or premises shall be increased through addition of dwelling units, gross floor area, seating capacity, or other units of measurement specified herein additional parking spaces shall be provided in the amounts hereafter specified for that use, if the existing parking space is inadequate to serve such increase in intensity of use.

C. Location of Off-Street Parking Facilities:

1. Off-street parking facilities (subject to additional restrictions according to screening requirements in Section 9.17, and other requirements of this ordinance) shall be located as follows:

   a. Single family Residential Zones (R-RE and R-1): Off-street parking may be permitted in driveways in the minimum required front and side yards and in the rear yards, provided that all off-street parking facilities are set back a minimum of ten (10) feet from the rear lot line, and meet all other requirements of this ordinance. No off-street parking area located in the front or side yards of a single family residential zone may exceed four hundred (400) square feet (two (2) parking spaces) except; however, the Zoning Administrator may allow additional off-street parking spaces to be located thereon provided that:

      (1) A plan of the proposed parking area is submitted and approved by the Zoning Administrator; and
      (2) All other requirements of this ordinance are met.
b. Multi-Family Zones (R-2, R-3, R-4): Off-street parking shall be permitted only in side or rear yards, provided that off-street parking facilities shall be set back a minimum of ten (10) feet from the rear lot line. Off-street parking may be permitted in required front yards if approved by the Planning Commission according to the development plan as required in Section 9.19.

c. PUD and RCD Zones: Off-street parking shall be permitted according to approval of a final development plan.

d. GC, LSC, SC, NSC, PO, and I Zones: Off-street parking may be permitted in minimum required front, side, and rear yards. Provided that all off-street parking facilities shall be set back a minimum of five (5) feet from street right-of-way lines.

2. All off-street parking facilities shall be located on the same lot as the building served, except for the following:

a. Multi-family dwellings, where permitted in this ordinance, and any use permitted in an industrial zone, may supply off-street parking within three hundred (300) feet from such lots or zoning lot served, upon approval of the Planning Commission, providing that such off-street parking is located within the same zone as the establishment being served and that such off-street parking is located within the same zone as the establishment being served and that off-street parking requirements of this ordinance are complied with at all times. Further, the applicant must also show sufficient proof that such off-street parking space, as required herein, on the same lot or zoning lot or contiguous to the same lot or zoning lot as the building being served.

b. Where single, two or multi-family dwellings which are permitted herein and are existing at the time of adoption of this ordinance, occupy a lot of such size that off-street parking could not be provided on the same lot as the use being served, said off-street parking may be permitted to locate within a distance not to exceed three hundred (300) feet from said dwelling or dwellings upon approval of the Zoning Administrator. In addition, said off-street parking lot shall be located in the same zone as the use being served and constructed in accordance with other applicable requirements of this ordinance.

c. Off-street parking, as required for “conditional use” permitted in the residential (R) zones, may be permitted to locate on another lot or zoning lot than the building or use being served is located, when approved by the Board of Adjustment, provided that said parking is located within reasonable walking distance of the use or building being served and available at all times without restrictions for said purposes.
D. Collective Parking Facilities - Collective off-street parking facilities may be provided, however, such facilities shall be no less than the sum of such facilities as would otherwise be individually required.

E. Driveway Provisions – Except for residential (R-RE and R-1) zones, parking lots or areas adjacent to streets, roads, highways, or deeded rights-of-way shall have driveways or openings not less than twelve (12) feet in width and no more than forty-eight (48) feet in width at the curb, excluding curb radius. These curb cuts shall be so located as to minimize traffic hazards and congestion. All such parking lots or areas shall have a protective wall or bumper block around each parking lot and said parking lots shall be so designed that all vehicles leaving the facility will be traveling forward to approaching traffic.

No single family residential driveway width at street, road, highway, or deeded rights-of-way junctions shall be less than nine (9) feet nor more than twenty (20) feet, excluding curb radius, providing that this width may be increased if sufficient proof can be demonstrated after review and approval of the Zoning Administration.

F. Approval or Modification of Curb Cuts Required – Detailed plans shall be submitted to the Planning Commission, or its duly authorized representative, in the form of a development plan as regulated by Section 9.19 of this ordinance, for approval of all curb cuts, driveway openings, including modifications thereto, before a permit may be obtained therefore.

For the purpose of minimizing the interference of traffic and congestion on the major street system as identified in the city’s comprehensive plan, the Planning Commission shall limit the number of curb cuts along said streets. The number of curb cut intersections with major streets shall be spaced at a distance of not less than eight hundred (800) feet apart. Access to abutting properties fronting on said major streets shall be provided by a frontage or service road connecting to the curb cut intersection. If the developer can show sufficient proof in the form of a development plan that spacing of curb cuts less than eight hundred (800) feet apart will not impede the movement of traffic flow along said major street, then the Planning Commission may vary these requirements accordingly.

G. Driveways Not Computed As Part of Required Parking Lot - Entrances, exits, or driveways shall not be computed as any part of a required parking lot or area.

H. Off-Street Parking Space and Access Drives Defined – For the purpose of this ordinance, one (1) parking space shall be a minimum of one hundred eighty (180) square feet in area, exclusive of access drives or aisles, and shall be a minimum of nine (9) feet in width and twenty (20) feet in length. In the case of hairpin striping of parking spaces, the width of parking spaces shall be measured from centerline (between hairpin stripes) and centerline. Such parking space shall have a vertical clearance of at least seven (7) feet.
Each parking space shall be appropriately dimensioned for automobile parking. All parking lots shall be laid out with the following minimum aisle or access drive widths.

1. Ninety (90) degree (perpendicular) parking. Twenty-four (24) feet (either one (1) or two (2) way circulation).
2. Sixty (60) degree (angle) parking. Eighteen (18) feet (one-way circulation), twenty (20) feet (two-way circulation).
3. Forty-five (45) degree (angle) parking. Thirteen (13) feet (one-way circulation), twenty (20) feet (two-way circulation).
4. Thirty (30) degree (angle) parking. Eleven (11) feet (one-way circulation), twenty (20) feet (two-way circulation).
5. Zero (0) degree (parallel) parking. Twelve (12) feet (one-way circulation).

When any combination of these types of parking is used (facing the same aisle) the most restricted aisle or access drive width requirement shall prevail.

I. Off-Street Parking Space to be Used for Parking Only - Any vehicle parking space shall be used for parking only. Any other use of such space, including repair work or servicing of any kind other than in an emergency, or the requirement of any payment for the use of such space, shall be deemed to constitute a separate commercial use in violation of the provisions of this Ordinance.

J. No Building Shall Be Erected in Off-Street Parking Space – No building of any kind shall be erected in any off-street parking lot except a parking garage containing parking spaces equal to the requirements set forth in this section of the Ordinance or a shelter house for a parking attendant providing the number of spaces required are not reduced.

K. Off-Street Parking Space Shall Not be Reduced – The required parking area on any lot, as set forth and designated in this Ordinance, shall not be reduced or encroached upon in any manner.

L. Parking Plan Approval Required – Plans for all parking lot facilities including parking garages shall be submitted to the Zoning Administrator for review and for compliance, with the provisions of this Ordinance and such other pertinent ordinances of the city of Highland Heights. Such plans shall show the number of spaces and arrangements of parking aisles, location of shelters for parking attendant, location of signs, typical cross sections of pavement, base and sub-base in accordance with Article XII Section 12.0 M, of this Ordinance, proposed grades of storm drainage facilities, location of lighting facilities and such other information or plans as the circumstances may warrant.

M. Surfacing of New, Off-Street Parking – All new off-street parking facilities shall be surfaced with asphalt concrete or Portland cement concrete and shall be designed and constructed in accordance with the standards and procedures herein established. Pavers may be permitted when installed in accordance with industry standards and approved by the City’s Zoning Administrator. The Planning Commission may approve gravel parking
lots or staging areas for Industrial, Commercial or Maintenance department uses when the lots are not used for public parking purposes.

1. Asphalt Concrete Pavement:

   a. General Design Requirements:

      (1) Asphalt concrete pavements shall consist of specified thickness of asphalt concrete surface course and a base course, or courses, all constructed on prepared sub-grade. Pavement thickness required shall be determined from Table 1 of this Ordinance for the appropriate sub-grade soil and traffic use.

      (2) Paved areas shall be so designed and constructed that water will quickly drain from the surface and be conducted away from the area through approved systems. Transverse and/or longitudinal slopes of not less than 5/8-inch in 10 feet shall be provided. For large paved areas, approved catch basins and storm drainage systems shall be provided.

      (3) When the pavement includes a granular base, and the pavement is not constructed over granular sub-grade, perimeter sub-surface drainage shall be provided to prevent lateral flow of water into the base course and to provide for removal of seepage water that may enter the base.

      (4) Successive layers of the pavement shall be offset from the edge of the underlying layer a distance equal to the course thickness of the lower layer except when abutting existing construction. When the asphalt layers of the Pavement abut a building foundation, barrier curb or similar vertical surface, the abutting surface shall be heavily painted with asphalt prior to construction of the asphalt course. The surface course shall be finished ¼ inch above adjacent flush construction to permit proper compaction.

   b. Construction Materials and Procedures:

      (1) Subsurface Drainage:

         (a) Drainage tile, 6-inch perforated tile or other approved types of similar capacity, here required by the Planning Commission, or its duly authorized representative, shall be bedded at a depth of not less than 12 inches below the bottom elevation of the granular base course. Aggregate for bedding and backfill shall all pass a 3/8-inch sieve and have not more than 5 percent passing a No. 200 sieve. The slope of subsurface drains shall be not less than 6 inches per 100
feet. All such drains shall be properly connected to outlet drains or to open ditches.

(b) All the catch basins, in pavement with granular base, shall be constructed with weep holes, at sub-base level, to provide for drainage of seepage water from the granular layer. Weep holes shall be constructed of pipe, or other material, having an opening not less than 1.5 inches clear opening. Suitable provision shall be made to prevent clogging of the opening. Three or more, weep holes shall be suitably located around the perimeter of each catch basin.

(2) Base courses shall consist of one or more of the following materials. Construction procedures shall conform to the requirements applicable to the base course selected.

(a) Asphalt Concrete Base Course – Materials and construction shall conform to the current requirements of the Kentucky Department of Highways: Specifications for Asphalt Concrete Base Course, Class 1 except as noted herein:

(aa) Composition requirements of the mixture shall conform to the gradation limits for Asphalt Concrete base Course I or II set forth in Table 2 of this Ordinance. Asphalt content used shall fall within the range shown, and shall be approved by the Planning Commission, or its duly authorized representative.

(bb) Uncrushed gravel and natural sand may be used as aggregate provided all other requirements of the specification are compiled with.

(b) Asphalt Treated Base Course – Materials and construction procedures shall conform to the following requirements:

(aa) Aggregates may be crushed or uncrushed material conforming to the gradation requirements, shown in Table 2 of this Ordinance for either Base III or Base IV. The aggregate shall be composed of hard durable particles and shall contain no more than a total of 5 percent deleterious substances. In addition, the sand equivalent of the aggregate shall not be less than twenty-five (25) when tested in accordance with AASHTO Designation: T 176-56. The contractor shall set a single gradation and
asphalt content, within the specified limits, as the Job Mix Formula to be used on the project. This formula must be approved by the Planning Commission, or its duly authorized representative, prior to use. Gradation and asphalt content may vary during construction within the following tolerances:

- % Passing ¾” or 3/8” Sieve: ±10%
- % Passing No. 8 Sieve: ±8%
- % Passing No. 50 Sieve: ±6%
- % Passing No. 100 Sieve: ±3%
- % Asphalt: ±.4%

(bb) Other construction requirements shall conform to those specified by the Kentucky Department of Highways for Asphalt Concrete except that a gradation unit on the plant shall not be required provided the aggregate can be controlled by other means to produce a consistency uniform gradation.

(c) Crushed Stone Base Course:

(aa) Crushed Stone Base Course shall conform to all the current requirements of the Kentucky Department of Highways for Dense Graded Aggregate Base Course.

(3) Asphalt Concrete Surface Course – Materials and construction shall conform to the current requirements of the Kentucky Department of Highways for Asphalt Concrete Surface, Class I. Surface Course mixture composition may conform to requirements of either Surface Course I or II as set forth in Table 2 of this Ordinance. Minimum course thickness shall be as stated in Table 1 of this Ordinance.

(4) Asphalt Prime and Tack Coat:

(a) Asphalt Prime shall conform to the Kentucky Department of Highways requirements for Cutback Asphalt Emulsion Primer Type L. Prime shall be applied to the surface of granular base course at a rate of 0.20 to 0.40 gallons per square yard, as directed by the city engineer, in conformance with requirements of the referred to specification.
(b) Tack Coat shall consist of SS-1h, meeting the current requirements of the Kentucky Department of Highways, it shall, when directed by the Planning Commission, or its duly authorized representative, be diluted with equal parts of water. Application equipment and procedure shall conform to the requirements of the Kentucky Department of Highways for Tack Coats. Tack Coats shall be applied, upon direction of the Planning Commission, or its duly authorized representative, to the surface of asphalt courses that have become dusty or dry from traffic use before the subsequent course could be place, or in other circumstances when the Planning Commission, or its duly authorized representative, so directs.

2. Soil-Cement Base Course (with Asphalt Concrete Surface):

a. Description: Soil-Cement base course shall consist of soil and cement uniformly mixed, moistened, compacted, finished and cured in accordance with the specifications herein, and it shall conform to the lines, grades, thickness and typical cross section shown on the plans.

b. Materials:

(1) Cement: Cement shall comply with the latest specifications for cement, AASHO, M85, M134, M151; or ASTM C150, C175, C205; of Federal SS-C-192B, SS-C-120 for the type specified. One cubic foot or Portland cement shall be considered to weigh 94 lbs. And 1 bbl. Of cement shall be considered to weigh 376 lbs.

(2) Water: Water shall be free from substances deleterious to the hardening of the soil-cement.

(3) Soil: Soil shall consist of the material existing in the area to be paved, of approved selection soil, or of a combination of these materials proportioned as directed. The soil shall not contain gravel or stone retained on a 3-inch sieve or more than 45 percent retained on a No. 4 sieve.

c. Construction Methods:

(1) Preparation: Unsuitable soil or material shall be removed and replaced with acceptable soil.

The subgrade shall be firm and able to support, without displacement, the construction equipment and the compaction hereinafter specified. Soft or yielding subgrade shall be corrected and made stable, before construction proceeds.
(2) Pulverization: The soil shall be so pulverized that, at the completion of moist-mixing, 100 percent by dry weight passes a 1-inch sieve, and a minimum of 80 percent passes a No. 4 sieve, exclusive of gravel or stone retained on these sieves.

(3) Cement Application, Mixing, and Spreading: Mixing of the soil, cement and water shall be accomplished either by the mixed-in-place or the central-plant-mixed method.

No cement or soil-cement mixture shall be spread when the soil or subgrade is frozen or when the air temperature is less than 40 degrees F. in the shade.

The percentage of moisture in the soil, at the time of cement application, shall not exceed the quantity that will permit a uniform and intimate mixture of soil and cement during mixing operations; and it shall not exceed the specified optimum moisture content for the soil-cement mixture. Any soil-and-cement mixture that has not been compacted and finished shall not remain undisturbed for more than 30 minutes. The soil-cement base course shall have a thickness of not less than six (6) inches.

(4) Compaction: At the start of compaction, the percentage of moisture in the mixture and in unpulverized soil lumps, based on oven-dry weights, shall not be below me two percentage points above the specified optimum moisture content, and shall be less than that quantity, which will cause the soil-cement mixture to become unstable during compaction and finishing. The specified optimum moisture content and density shall be determined in the field by a moisture-density test, AASHO T134-57 or ASTM D550-57, on representative samples of soil-cement mixture obtained from the area being processed.

Prior to the beginning of compaction, the mixture shall be in a loose condition for its full depth. The loose mixture then shall be uniformly compacted to the specified density within two hours. During compaction operations, shaping may be required to obtain uniform compaction and required grade and cross section.

(5) Finishing: After compaction the surface of the soil-cement shall be shaped to the required lines, grades and cross section. If necessary, during shaping operations, the surface of the base shall be lightly scarified to remove any tire imprints or smooth surfaces left by equipment. The resulting surface shall then be compacted to the specified density. Rolling shall be supplemented by broom-dragging if required.
The moisture content of the surface material must be maintained at lot less than its specified optimum moisture content during finishing operations. Surface compaction and finishing shall be done in such a manner as to produce, in not longer than two hours, a smooth, dense surface free of compaction planes, cracks, ridges or loose material.

Any portion of the soil-cement that has a density of 5 lbs. Or more below that specified shall be corrected or replaced to meet these specifications.

(6) Curing: After the soil-cement has been finished as specified herein, it shall be protected against drying for 7 days by the application of bituminous material.

The curing material shall be applied as soon as possible but not later than 24 hours after the completion of finishing operations. The finished soil-cement shall be kept continuously moist until the curing material is placed.

The bituminous material specified shall be uniformly applied to the surface of the completed soil-cement at the rate of approximately 0.2 gal. per square yard with approved heating and distributing equipment.

At the same time the bituminous material is applied the soil-cement surface shall be dense, shall be free of all loose and extraneous material, and shall contain sufficient moisture to prevent penetration of the bituminous materials. Water shall be applied in sufficient quantity to fill the surface voids of the soil-cement immediately before the bituminous curing material is applied.

The curing material shall be maintained by the contractor during the seven day protection period so that all of the soil-cement will be covered effectively during this period.

Sufficient protection from freezing shall be given the soil-cement for 7 days after its construction and until it has hardened.

(7) Surfacing: Asphaltic Concrete shall be applied to the soil-cement base course as regulated in Section 12.0 M Subsection 1 b. of this Ordinance.
3. Concrete Parking Areas:

a. General Requirements – Thickness of Concrete Parking shall be:

   (1) A minimum of five (5) inches for passenger cars and panel or pick-up truck parking.
   (2) A minimum of six (6) inches for driveways accommodating light trucks and for light truck parking.
   (3) A minimum of seven (7) inches for heavier commercial or industrial needs.

b. General Requirements – Concrete Mix (for areas subject to freeze-thaw condition):

   (2) Maximum size of aggregate – 1-1/2 inches.
   (3) Maximum water content – 0.49 lb./1 lb. Of cement (5.5 gal./bag).
   (4) Maximum slump – Four (4) inches.
   (5) Air entrainment – Maximum Size Entrained Air

c. Construction Procedures:

   (1) All soft and yielding material and other portions of the subgrade which will not compact readily when rolled or taped shall be removed and replaced with suitable material placed and compacted. The subgrade shall be thoroughly compacted with suitable equipment so as to have uniform density at moisture contents of not less than standard optimum (AASHO-T98).
   (2) Longitudinal joint spacing shall not exceed 12.5 feet.
   (3) Transverse joint spacing shall be at regular intervals of twenty (20) feet.
   (4) All transverse construction joints shall have a depth equal to one-fourth of the pavement thickness.
   (5) Form offsets at radius points shall be at least two (2) feet.
   (6) Pavement joints must be continuous through the curbs.
   (7) Where curbs are required they shall be cast integrally.
   (8) The pavement shall be struck-off, consolidated, and finished to the grades shown on the plans. All catch basins and manhole castings shall be boxed out and separated from the pavement with expansion joint material. All except premolded or sawed joints
shall be edged with a tool having a maximum radius of 1/8 inches. Sawed and formed joints shall be cleaned and sealed before opening to traffic. Final surface texture shall be that obtained with a burlap drag. Curing shall be that obtained with a uniform coverage of white membrane curing compound or by seven (7) day coverage with white polyethylene of water-proof paper. The completed pavement shall be closed to traffic for seven (7) days.

N. Design and Maintenance:

1. Screening and Landscaping: All open automobile parking areas containing more than four (4) parking spaces shall be effectively screened on each side adjoining or fronting on any property situated in a residential zone by a solid wall, fence or densely planted compact hedge as regulated by Section 9.17 of this ordinance. Ground cover, shrubs and trees shall be located and maintained so as not to interfere with vehicular and pedestrian traffic on the property or with sight distance clearance at entrances and exits.

2. Lighting: Any lighting used to illuminate off-street parking areas shall be directed away from property in any residential zone in such a way as not to create a nuisance.

3. Ingress and egress to parking areas shall be limited to driveway entrances and exits specified in parking area plans as approved by the Zoning Administrator. Each required parking space shall be connected with a deeded right-of-way (by means of adequate aisles as required by Section 12.0, H) which offers adequate ingress and egress for automobiles.

4. Parking lots, garages and storage areas shall be so designed and constructed so that all maneuvering into and out of each parking space takes place entirely within property lines of lots, garages and/or storage areas.

SECTON 12.1 SPECIFIC OFF–STREET PARKING REQUIREMENTS: The amount of required off–street parking space required for uses, buildings, or additions thereto shall be determined according to the following requirements, and the space, so required, shall be stated in the application for zoning and building permit and shall be reserved for such use. Where more than one use is located in the same building, each individual use shall be in accordance with the off–street parking requirements of this section of the ordinance.

1 Thickness of surface and base is shown for each soil classification and street classification. The first number indicates the minimum thickness of Asphalt Concrete which may be comprised of Asphalt Concrete Surface Course, Type I or II, if the surface course does not exceed two (2) inches. Then surface thickness is, more than 2 inches, Asphalt Concrete Base I or II, as specified in Table 2, may be used for all but the upper 1 inch wearing course which must be Asphalt Concrete Surface Course I or II, as specified in Table 2. The second figure indicated the thickness of base course of the type indicated. For example 1-4 indicates 1 inch surface and 4 inches base.

2 Soils are classified into three (3) groups indicating their relative effectiveness s sub-grade.

A. – Granular soils that drain well; sand, gravel or combination of sand and gravel.
B. – Silty clays, or lean clays, that retain considerable strength when wet. These are average subgrade soils.
C. – Heavy clay soils that lost most of their strength when wet.

ARTICLE XIII

OFF–STREET LOADING AND/OR UNLOADING REGULATIONS

SECTION 13.0: For all buildings and structures erected, altered or extended, and all uses of land established as specified herein, after the effective date of this Ordinance, off–street loading and/or unloading facilities shall be provided as required by the regulations herein. However, when a building permit has been issued prior to the date of the adoption of this Ordinance, and provided that construction has not begun within ninety (90) days of such effective date, off-street loading and/or unloading facilities in the amounts required by this ordinance shall prevail.

SECTION 13.1 OFF–STREET LOADING AND/OR UNLOADING – USE AND BULK REGULATIONS: Off-street loading and/or unloading facilities shall be provided in accordance with the following regulations:

A. SPACES REQUIRED – Every building structure, or part thereof, erected and occupied for manufacturing, storage, warehousing, department stores, wholesale stores, retail stores, market, hotel, hospital, laundry, dry cleaning, dairy, mortuary and other uses similarly involving the receipt of distribution of vehicles, materials, or merchandise and having up to 5,000 square feet of gross floor area shall be provided with at least one loading and/or unloading space. One additional loading and/or unloading space shall be provided for every additional 10,000 square feet, or fraction thereof, of gross floor area in the building.

If sufficient proof can be shown that less than these requirements (only that part which has to do with over five thousand (5,000) square feet) will be satisfactory for the operation in question, the Planning Commission may reduce these requirements.

B. Size of Off-Street Loading and/or Unloading Space – Each off-street loading and/or unloading space shall be at least twelve (12) feet in width and at least forty-eight (48) feet in length, exclusive of aisle and maneuvering space, and shall have a vertical clearance of at least fourteen (14) feet; provided, however, that when it is demonstrated that a particular loading and/or unloading space will be used by shorter trucks, the Planning Commission may reduce the minimum length to thirty-five (35) feet.

C. Location – All required loading and/or unloading spaces shall be located on the same zoning lots as the use served. No loading and/or unloading space for vehicles over two-ton capacity shall be closer than fifty (50) feet to any property in a residential zone unless completely enclosed by a fence, wall or screen as regulated by Article XI of this Ordinance. No loading and/or unloading space shall be located in any required yards except as herein provided.
D. **Access** – Each required off-street loading and/or unloading space shall be designed with direct access via an approved access drive, to a deeded right-of-way which offers satisfactory ingress and egress for trucks. Access drives or aisles shall be laid out with a width of at least twelve (12) feet for one-way circulation and at least twenty-four (24) feet for two-way circulation.

Off-street loading and/or unloading space shall be so designed and constructed so that all maneuvering for loading and/or unloading can take place entirely within the property lines of the premises. Such off-street loading and/or unloading space shall be located as not to hinder the free movement of pedestrians and vehicles over a sidewalk, street, road, highway or deeded right-of-way.

E. **Enlargement of Building** – The off-street loading and/or unloading requirements, as listed in this article of the Ordinance, shall apply at any time any building is enlarged or increased in capacity by adding floor area.

F. **Design and Maintenance:**

1. **Surfacing** – All open off-street loading and/or unloading spaces shall be paved subject to the provisions in Article XII Section 12.0 M., 3, of this Ordinance.
2. **Lighting** – Any lighting used to illuminate off-street loading and/or unloading areas shall be directed away from property in any residential zone in such a way as not to create a nuisance.
3. **Space allocation** – Space allocated to any off street loading and/or unloading space – shall not be used to satisfy the space requirements for any off-street parking facilities or portion thereof.

G. **Off-Street Loading and/or Unloading Plan Approval Required** – Plans for all loading and/or unloading facilities shall be submitted to the Zoning Administrator for review and for compliance with the provisions of this Ordinance and such other pertinent ordinances of the city of Highland Heights. Such plans shall show the exact proposed layout of all loading and/or unloading space, drives and accessories, entrances and exists, type of surface to be used, typical cross sections of pavement, base and subbase, location of lighting facilities, storm drainage facilities, proposed grade of off-street loading and/or unloading area, and such other information or plans as the circumstances may warrant.
ARTICLE XIV

SIGN REGULATIONS

SECTION 14.0 SCOPE OF REGULATIONS: The regulations set forth herein shall apply and govern signs in all zones except as otherwise specifically provided within this ordinance.

SECTION 14.1 GENERAL RULES, REGULATIONS, AND LIMITATIONS:
A. All business and identification signs, shall be deemed accessory uses and all advertising signs, shall be deemed non accessory uses, as defined in Section 7.0 of this Ordinance.
B. No sign shall be erected, maintained or continued unless it is in full compliance with the regulations for the zone in which it is located, all applicable provisions and regulations of this ordinance or any other applicable laws, codes or ordinances of the city. The Zoning Administrator shall have the duty and authority to remove or cause to have removed any sign not in full compliance with all applicable provisions and regulations of this ordinance or any other applicable laws, codes, or ordinances of the city when the owner or agent has failed to comply within the time specified by the Zoning Administrator to make said sign comply. Said owner or agent shall bear full costs of such removal and shall be billed accordingly.
C. No signs shall be erected, maintained, replaced, relocated, repaired, or restored within a distance of six hundred sixty (660) feet of the right-of-way or any interstate highways, limited access highway of turnpike except as provided for in KRS 177.830-177.890 and approved by the Kentucky State Highway Department District Office Number 6.
D. Time Schedule for Compliance of Sign Regulations: Compliance with the provisions of this Article of the ordinance shall be according to the following time schedule.
   1. All new signs shall comply when erected.
   2. All signs becoming nonconforming due to this ordinance shall be registered by owner or agent with the Zoning Administrator within six (6) consecutive calendar months of the effective date of this ordinance. The owner or agent of any sign legally erected but which has become nonconforming because of this ordinance and not registered within the prescribed time, shall be dealt with as specified in Section 15.9 of this ordinance.
E. No sign constituting a nuisance, because of light, glare, focus, noise, animation, flashing, intensity of illumination as to unduly disturb the use of surrounding properties, as determined by the Zoning Administrator, or causing a traffic hazard, shall be erected, maintained, or continued in any zone.
F. No radio, phonograph, tape recorder, whistle, bell, gong, siren, or other sound or noise-making or transmitting device or instrument shall be allowed, permitted, or continued in connection with any sign or may it be used separately for advertising purposes in any zone.

G. No sign shall be erected, maintained, or continued which covers any window, doorway, or any other opening which provides ventilation or exit facilities.

H. No sign shall be erected, maintained, or continued which is misleading, fraudulent, obscene, immoral, indecent, or unsightly in character as determined by the Zoning Administrator.

I. No sign, except those of a governmental entity, shall be erected, maintained or continued unless the following provisions are complied with; and said provisions shall go into effect ninety (90) consecutive calendar days after the effective date of this ordinance.

1. The name of the company or person owning, maintaining or erecting said sign is plainly displayed thereon when said company or person is registered with the Zoning Administrator.
2. The name and address of the company or person owning, maintaining or erecting said sign is plainly displayed thereon when said company or person is not registered with the Zoning Administrator.

J. No sign shall be erected, maintained or continued over or into any street, public way or alley, unless specifically provided for within this ordinance.

K. It shall be unlawful and a violation of this ordinance for any person to fasten, place, paint or attach in any way any sign, handbill, poster, advertisement, or notice of any kind, whether political or otherwise or cause the same to be done in or upon any curbstone, lamp post, telephone pole, telegraph pole, electric light or power pole, hydrant, bridge, culvert, public drinking fountain, public trash container, courtesy benches, rest station building, tree, or in or upon any portion of any public sidewalk, street or sign except as specifically permitted within this Ordinance.

L. No sign shall be erected, maintained, or continued upon the inside of a curve of a street which causes any interference to sight distance in the opinion of the Zoning Administrator.

M. No sign shall be erected, maintained or continued which displays flashing or intermittent lights, or lights changing degrees or intensity, with changes alternating on less than a five (5) second cycle.

N. No sign shall be erected, maintained, or continued in any zone which does not comply fully with Section 11.0 of this ordinance except as specifically permitted within this ordinance.
O. No sign shall be erected, maintained or continued unless the sign complies with all of the following regulations:

1. Is erected and maintained to advertise a use specifically permitted in the zone in which the sign is located, or for a nonconforming use subject to the limitations contained in Section 9.12, Subsection C, 2 of this ordinance regarding nonconforming uses.

2. Is clearly incidental, customary to and commonly associated with the operation of the use being advertised.

3. Is established and controlled under and by the same ownership as the use being advertised.

4. Is limited in location to the premises on which the use being advertised is located.

5. Is limited in subject matter to the name, design, picture or phone number and address of owner, operator, builder, sales agent, managing agent, lessor, lessee, of the premises or of the activities (including merchandise handled or services rendered) on the premises on which such sign is located and does not include any general commercial advertising unrelated to or extending in substantial degree beyond the specifically permitted subject.

6. Compliance with the exemptions listed in Section 14.2 of this Article of the ordinance.

P. When any sign becomes defective or dangerous as determined by the Building Inspector, the Zoning Administrator shall have the power and the authority to remove or cause to have removed such sign when the owner or agent has failed to comply within the time specified by the Zoning Administrator to repair or make said sign safe or has failed to satisfy the Building Department that the sign is not defective or dangerous. The owner or agent of said sign shall bear the full costs of such removal and shall be billed accordingly. If the Building Department determines that said sign is of possible immediate danger to persons or vehicles, which may be passing nearby, the Zoning Administrator shall place or cause to have placed, signs or barriers indicating such danger.

Q. Whenever any sign which does not comply with the provisions and regulations of this ordinance collapses, burns, or if said sign is removed from its location, except of normal maintenance, said sign shall not be replaced or reconstructed, except in full compliance with all of the provisions and regulations of this ordinance.

R. The Zoning Administrator shall have the power and authority to remove or cause to be removed any and all signs which the City Engineer determines to be a traffic hazard, when the owner or agent responsible for the maintenance of said sign has failed to eliminate such traffic hazards within two (2) weeks from the date that the written notice is mailed by the Zoning Administrator. Said owner or agent shall bear the full costs of such removal and shall be billed accordingly.
S. Except as otherwise specified in this ordinance, signs shall be in conformance with the City’s Building Code where applicable and shall be subject to the inspection and approval by the Building Inspector.

T. Except as herein provided, signs shall be permanently attached to the ground or on the building which the sign is to serve. Signs located on portable type vehicles shall not be permitted or continued in any zone, except that portable or temporary signs may be permitted to advertise public, semi-public, charitable or religious fund raising programs or events. Said sign may be erected thirty (30) consecutive calendar days prior to the day of the program or event and removed by the owner or agent within two (2) consecutive days following the day of the program. Said portable or temporary signs may also be permitted to advertise the opening of a new business for a period not to exceed thirty (30) consecutive days. All such signs shall not be located closer than five (5) feet from any property line, exceed a height of eight (8) feet, nor exceed a total area of thirty-two (32) square feet.

U. A temporary banner type sign attached to the building may be used to advertise special sales or changes in operation. A banner type sign shall meet the requirements of Section 14.5, F (class 6) except that the total area of the temporary and permitted permanent class 5 and 6 signs shall not exceed one hundred fifty (150) percent of the area allowed for a class 5 or 6 sign. Temporary banner signs shall not be displayed for more than total of ninety (90) days per year for any business. A permit is required for each temporary business sign.

V. A permit for a temporary or promotional sign may be issued for a period not to exceed thirty (30) days. A period of ninety (90) days must elapse before another such permit is issued for the same business, agency, or to the same individual. The maximum size of temporary or promotional sign is thirty two (32) square feet.

The City Clerk shall, upon payment of the required permit fee, affix a numbered permit to the sign. Upon return by the applicant of the sign to the city offices within fourteen (14) days of the date of expiration of the permit, the City Clerk shall refund to the applicant five ($5.00) dollars, and shall cancel the temporary sign permit. If the applicant does not return the sign to the city offices within fourteen (14) days of the date of expiration of the permit, no refund will be made and the refundable portion of the fee shall be retained as minimum charges for the removal of the sign incurred by the City. The Zoning Administrator shall have the power and authority to remove or cause to have removed any and all signs under this section for which the temporary sign permit has expired.

The applicant shall bear the full costs of such removal and shall be billed accordingly.

W. Advertising and directional signs on vehicles or trailers.
No supplemental advertising or directional signs shall be displayed on any vehicles or trailers located on (or off) the property. This section is directed towards the practice of attaching signs to vehicles or trailers that are parked in a location that will provide signage that is additional to what is permitted by the sign ordinance. This shall not be construed to prevent or restrict the use of delivery or service vehicles.

X. Electronic message signs shall be allowed only by approval of the Planning Commission under the following conditions. The Commission may permit such a sign only when the Commission finds that it would not detract from adjoining and nearby properties and the public welfare, and when the following design standards are met:

1. Electronic message signs may be permitted only Class 7, Class 8 and Class 9 signs.
2. No portion of the electronic message display or board including the color or other background elements shall be permitted to change more than once per minute.
3. That not more than seventy-five percent (75%) of the sign area may be devoted to electronic message display of board area.
4. Any apparent motion of visual message, caused by, but not limited to, the illusion of moving objects, moving patterns or board of light, expanding, contracting, or rotating shapes or other similar animated effects shall not be permitted, including running or scrolling messages.
5. Only one electronic message sign may be permitted per zoning lot for each public street on which the development fronts.
6. All electronic message signs shall have automatic dimming capability that adjusts the brightness to the ambient light at all times of the day and night.

SECTION 14.2 EXEMPTIONS:

A. The following signs shall be exempted from all the provisions and regulations of this section except for Section 14.3 and 14.4 of this ordinance and shall be permitted in any zone without a fee. This exemption shall not be constructed as relieving the owner or agent of the sign form the responsibility of its erection, maintenance and its compliance with all applicable provisions and regulations of this ordinance of any other applicable laws, codes or ordinances regulating same.

1. One (1) real estate sign per net acre not exceeding sixteen (16) square feet in outside area; single of double faced; maximum height of eight (8) feet, which advertises the sale, rental or lease of the premises on which said sign is located. SECTION 14.7 CLASSIFICATION OF SIGNS: The following classification of signs shall be deemed to include all signs permitted in any zone unless other signs are specifically listed and provided for. Classification of all signs shall be determined by the zoning administrator. (Permitted use and location of signs – See Section 14.6).

A. Class 1:

B. Class 2: The following signs meeting the following specifications shall constitute Class 2 and shall be only business or identification signs, as defined herein.

   Advertising sale material as specified in Section 14.2 may be placed in the windows of retail business establishments, provided that not more than 50% of any window area may be occupied, or covered up by advertised material. Non permanent advertising sale materials displayed in windows may be exhibited for a period of not more than 30 days. Business proprietors and/or store managers shall be responsible for maintaining compliance with, and the timely removal of advertisement materials in accordance with the above standard and time limitation. The commercial advertising and sales materials shall not be displayed on any building, structure, or premises except as provided in these regulations.

C. Class 3: Parking and directional signs as approved by the Planning and Zoning Commission per the site development plan approval process.

D. Class 4:

E. Class 5: The following building mounted signs meeting the following specifications shall constitute Class 5 and shall be primarily business or identification signs, as defined herein.

   1. Structural type – flat wall sign, single faced only
   2. Maximum size of individual sign –
Article XIV  Sign Regulations

14-10

a. One-half square feet for each linear foot of building wall upon which the sign or signs are to be located.
b. Maximum size of letters shall not exceed 32 inches in height. Business logos may exceed the 32 inches height restriction provided that its size shall be governed by what is considered an appropriate scale and harmony for the building as approved by the Planning Commission, and provided further that the permitted overall maximum sign area is not exceeded.
c. The total size for individual letter signs shall be computed by taking the area enclosed within a rectangle that is needed to completely encompass each letter or insignia of the sign and including the area necessary for proper spacing of individual letters.

3. Maximum height above grade at top of sign – attached flat to building, but shall not exceed above or beyond any wall of the building as defined in Section 7.0 of this Ordinance.

4. Limitation on number of signs – only one sign for each lot on which the primary permitted use is located except that where a building has more than one store front as in an attached shopping complex or an attached group of buildings only one such sign shall be permitted for each individual separate business. Separate business shall be construed to mean space allotted to the operation of one firm, company, or corporation having separate ownership, if separate rental or lease, except in a case where a business occupies more than one store front within a single building, the Planning Commission may permit an additional sign for each store front access provided that the applicant can show to the satisfaction of the Commission that additional business signage is appropriate for the type of business activities planned for the retail space. The overall impact, or number of signs should not exceed what would otherwise be permitted if each store front were leased to separate owners or businesses. A professional office, or manufacturing building with interior access to each business within such a complex shall not be considered as containing separate business for this purpose, but shall have only one such sign regardless of how many firms, companies or corporations having separate ownership, rental or lease within said building. A Class 5 sign may be utilized to identify special service service/entrance of any business activity (i.e., garden store, auto service) provided that such signs do not exceed 12 inches in height.

5. Other limitations –

a. Shall neither be flashing or animated; however it may include the ability to change the message
b. May be illuminated, but only from a concealed light source

F. Class 6: The following building mounted signs meeting the following specifications shall constitute a Class 6 sign, and shall be primarily business or identification signs, as defined herein.

1. Structural type – flat sign, single faced only
2. Maximum size of single sign –
   a. One-half (1/2) square feet of area for each linear foot of building wall upon which the sign or signs are to be located
   b. Maximum size of letters shall be 32 inches in height
3. Maximum height above grade at top of sign – attached flat to building but shall not extend or beyond any wall of any of the building as defined in Section 7.0 of this Ordinance
4. Limitation on number of signs – one wall mounted sign for each lot on which the primary permitted use is located, except when a building has more than one street frontage a second wall mounted sign may be permitted by the Planning Commission when demonstrated to the Commission that the additional sign would not adversely impact neighboring properties. Where a building has more than one such sign shall be permitted for each individual separate business. Separate business shall be constructed to mean space allotted to the operation of one firm, company, or manufacturing building with interior access to each business within such a complex shall not be considered as containing separate businesses for this purpose, but shall have only one such sign regardless of how many firms, companies or corporations having separate ownership, rental or lease within said building. A Class 5 sign may be utilized to identify special service/entrance of any business activity (i.e., garden store, auto service) provided that such letters do not exceed 12 inches in height as approved per development plan approval by the planning and zoning commission.
5. Other limitations –
   a. Shall neither be flashing nor animated; however may include the ability to change the message
   b. May be illuminated, but only from a concealed light source
   c. In all shopping complex of unified buildings, small tenant signs must be similar in height and construction. Major tenants may be permitted unique signs provided that such signs are compatible with the style and character of other signs in the complex and with the design of the building

G. Class 7: The following free standing monument signs meeting the following specifications shall constitute a Class 7 sign and shall be primarily business or identification sign, as defined herein.

3. Maximum height above grade at top of sign. Seven (7) feet above finished grade. The height of a ground mounted sign shall be measured from the finished grade of the lot, and may not be elevated by mounding or berming, or other structural means to otherwise increase the height of said signs; provided that when the base of a sign is below the elevation of the abutting street, the Planning Commission
may allow an adjustment to the height of the sign per site development plan approval.

4. Limitations –

a. One (1) monument type sign per business lot or building site regardless of the number of buildings, provided a secondary sign having frontage on a secondary street may be permitted by the Planning Commission in conjunction with the stage two site development plan when it has been demonstrated to the satisfaction of the Commission that a secondary sign is necessary and appropriate for the convenience and the safety of the general public and/or consistent with the urban design principals and objectives of the comprehensive plan.

b. One (1) sign may be permitted for identification purposes of a residential development in accordance with an approved Stage II site development plan.

5. Other limitations –

a. Shall neither be flashing nor animated
b. May be illuminated, but only from a concealed light source
c. No part of any ground sign shall be closer than 5 feet from any public right-of-way or 20 feet from any property line

   f. The height, size and other design considerations of a Class 12 sign shall be as approved by the Planning Commission per a detailed site plan, provided that the sign plan is found to be aesthetically pleasing and compatible with its surroundings, in a manner that promotes the design intent of the Comprehensive Plan with respect to the I-471/US 27 Gateway and Town Center image envisioned in the plan.

3. Other limitations –

   a. Under certain, unique circumstances, a temporary sign exceeding the height and size dimensions necessary for compatibility purposes may be permitted by the Planning Commission for a period not to exceed nine (9) months, provided that the Commission finds in the affirmative the following:

      (1) That the temporary sign is necessary to bring attention to a new commercial business venture that is potentially important to the economy of the city

      (2) That all necessary administrative and legal safe guards and assurances are in place for the timely removal of the temporary sign at the end of the nine (9) month period time limit

      (3) That the Commission shall not extend the time of a Class 12 sign beyond the original nine (9) month period
ARTICLE XV
ADMINISTRATION

SECTION 15.0 ENFORCING OFFICER: A Zoning Administrator (official of officials appointed by the city of Highland Heights, Commonwealth of Kentucky for carrying out the provisions and enforcements of this Ordinance) shall administer and enforce this Ordinance. He may be provided with assistance of such other persons as the city of Highland Heights directs.

If the Zoning Administrator finds that any of the provisions of this Ordinance are being violated, he shall notify in writing the person responsible for such violation and order the action necessary to correct it. If within thirty (30) consecutive calendar days, the violation has not been corrected, a second written notice shall be sent to the person responsible informing him that as of specified date he shall be considered to be in violation of this Ordinance and liable to be penalized as per Section 15.9 of this Ordinance.

The Zoning Administrator shall have the authority to order discontinuance of illegal use of land, buildings, structures, signs, fences or additions, alterations or structural changes thereto; discontinuance of any illegal work being done; or shall take any other action authorized by this Ordinance to insure compliance with or to prevent violation of its provisions.

It is the intent of this Ordinance that all questions of interpretation and enforcement shall be first presented to the Zoning Administrator, and that such questions shall be presented to the Board of Adjustment only on appeal from the decision of the Zoning Administrator, and that recourse form the decisions of the Board of Adjustment shall be to the courts as provided by State Statues, Commonwealth of Kentucky.

It is further the intent of this Ordinance that the duties of the Zoning Administrator in connection with this Ordinance shall not include hearing and deciding questions or interpretation and enforcement that may arise. The procedure for deciding such questions shall be as stated in Section 17.2-17.9 of this Ordinance. Under this Ordinance the City Council shall have only the duties of one (1) considering and adopting or rejecting this Ordinance, proposed amendments or the repeal of one (1) considering and adopting or rejecting this Ordinance, as provided by law and two (2) of establishing a schedule of fees and charges as stated in Section 18.0 of this Ordinance.

A. ZONING PERMIT REQUIRED: No public or private building or other structure shall be erected, moved, added to, or structurally altered or changed from one permitted use to another nor shall any grading take place on any lot or parcel of ground without a permit issued by the Zoning Administrator. No zoning permit shall be issued except in
conformity with the provisions of this Ordinance, except after written orders from the Board of Adjustment.

B. APPLICATION FOR ZONING PERMITS: All applications for zoning permits shall be accompanied by:

1. A completed application form, provided by the Zoning Administrator (In triplicate – See Appendix “A”)
2. The required fee for a zoning permit as provided in Section 18.0 of this Ordinance
3. A development plan, if required by this Ordinance
4. A plot plan in triplicate, drawing at a scale of not less than one (1) inch to one hundred (100) feet showing the following information as required by this Ordinance:
   a. The location of every existing and proposed building with the number of floors and gross floor area, the use or uses to be contained therein, the number of structures including dimensions, height, and number, size, and type of dwelling units
   b. All property lines, shape, and dimensions of the lot to be built upon
   c. Lot width at minimum building setback line
   d. Minimum front and rear yard depths and side yard widths
   e. Existing topography, with a maximum of two (2) foot contour intervals. Where existing ground is on a slope of less than two (2) percent, either one (1) foot contours or spot elevations not more than fifty (50) feet apart shall be required
   f. The proposed finished grade of the development area shown by contours with intervals not larger than two (2) feet, supplemented, where necessary by spot elevations
   g. Total lot area in square feet
   h. Location and dimension of all curb cuts, driving aisles, parking and loading and/or unloading spaces including number of spaces, angle of stalls and illumination facilities
   i. Layout, type of surfacing, cross sections and drainage plans for off-street parking facilities
   j. A drainage plan of the lot area including provisions for the adequate control of erosion and sedimentation, indicating the proposed temporary and permanent control and practices and measures which will be implemented during all phases of clearing, grading, and construction
   k. All walks, malls, and open spaces
   l. Location, type and height of all walls, fences and screen plantings
   m. Location, size, height, class and orientation of all signs
   n. Location of all existing and proposed streets including rights-of-way and pavement widths
   o. All existing and proposed water and sanitary sewer facilities, indicating all pipe sizes, types and grades
Article XV  Administration

And such other information as may be required by the Zoning Administrator to determine conformance with and provide for enforcement of this Ordinance and State Statutes of the Commonwealth of Kentucky

C. ISSUANCE OF ZONING PERMIT: After thorough study of the submitted information the Zoning Administrator shall either approve or disapprove the application (when required by this Ordinance (e.g., Development Plan submitted required) Planning Commission approval or disapproval shall also be required). If disapproved two (2) copies of the submitted plans shall be returned to the applicant marked "Disapproved" and shall indicate the reasons for such disapproval thereon. Such disapproval shall be attested by the Zoning Administrator's signature. The other copy, similarly marked, shall be retained by the Zoning Administrator.

If approved two (2) copies of the submitted plans shall be returned to the applicant marked "approved". Such approval shall be attested by the Zoning Administrator's signature. The other copy, similarly marked, shall be retained by the Zoning Administrator. The Zoning Administrator shall also issue a zoning permit to the applicant at this time and shall retain a duplicate copy for his records.

D. FAILURE TO COMPLY: Failure to obtain a zoning permit shall be a violation of this Ordinance and punishable under Section 15.9 of this Ordinance.

E. EXPIRATION OF ZONING PERMIT: If a building permit, as required herein, has not been obtained within ninety (90) consecutive calendar days from the date of issuance thereof, said zoning permit shall expire and be canceled by the Zoning Administrator and a building permit shall not be obtainable until a new zoning permit has been obtained.

F. ZONING PERMITS ISSUED PRIOR TO THE ADOPTION OF THIS ORDINANCE: Zoning permits issued in conformance with the Zoning Ordinance of the city of Highland Heights prior to the date of adoption of this Ordinance, whether consistent or inconsistent with this Ordinance, shall be valid for a period of ninety (90) consecutive calendar days from the time of issuance of the permit. If a building permit has not been obtained within such ninety (90) consecutive calendar day period, the zoning permit shall be void and a new permit, consistent with all provisions of this ordinance shall be required.

SECTION 15.2 BUILDING PERMITS: Building permits shall be issued in accordance with the following provisions:

A. BUILDING PERMITS REQUIRED: No public or private building or other structure shall be erected, moved, added to, or structurally altered without a permit issued by the Building Inspector. No building permit shall be issued except in conformity with the provisions of this Ordinance, except after written orders from the Board of Adjustment.
Article XV  Administration 15-4

B. APPLICATION FOR BUILDING PERMITS: All applications for building permits shall be accompanied by:

1. A completed application form provided by the Building Inspector
2. An approved zoning permit
3. The required fee for a building permit as provided for in Section 18.0 of this Ordinance
4. A development plan, if required by this Ordinance
5. Plans in duplicate approved by the Zoning Administrator and including any additional information required by the Building Code and/or Building Inspector, as may be necessary to determine conformance with and provide for the enforcement of the building code and the State Statutes of the Commonwealth of Kentucky

C. ISSUANCE OF BUILDING PERMIT: After thorough study of the submitted information, the Building Inspector shall either approve or disapprove the application. If disapproved, one (1) copy of the submitted plans shall be returned to the applicant marked “Disapproved” and shall indicate the reasons for such disapproval thereon. Such disapproval shall be attested by the Building Inspector’s signature. The second copy similarly marked, shall be retained by the Building Inspector.

If approved, one (1) copy of the submitted plans shall be returned to the applicant marked "approved". Such approval shall be attested by the Building Inspector's signature. The second copy, similarly marked, shall be retained by the Building Inspector. The Building Inspector shall also issue a building permit to the applicant at this time and shall retain a duplicate copy for his records.

D. COMPLIANCE: It shall be unlawful to issue a building permit or occupancy permit, to build, create, erect, change, alter, convert, or occupy any building or structure hereafter, unless a zoning permit has been issued in compliance with this Ordinance.

E. BUILDING PERMITS ISSUED PRIOR TO THE ADOPTION OF THIS ORDINANCE: Building Permits issued in conformance with the Building Code of the city of Highland Heights prior to the date of adoption of this Ordinance, whether consistent or inconsistent with this Ordinance, shall be valid for a period of ninety (90) consecutive calendar days from the time of issuance of the permit. If construction in connection with such a permit has not been started within such a ninety (90) consecutive calendar day period, the permit shall be void and a new permit, consistent with all provisions of this ordinance and the Building Code shall be required. For purposes of this section, construction shall be deemed to have been started at the time of completion of the foundation.

F. EXPIRATION OF BUILDING PERMIT: If the work described in any building permit has not begun within ninety (90) consecutive calendar days from the date of issuance thereof, said permit shall expire and be cancelled by the Building Inspector and no construction shall be permitted until a new building permit has been obtained.
G. CONSTRUCTION AND USE: To be as provided in application, plans, and permits, zoning permits and building permits issued on the basis of plans and applications, approved by the Zoning Administrator and/or Building Inspector, authorize only the use, arrangement, and construction set forth in such approved plans and applications, and no other use, arrangement, or construction. Use, arrangement or construction at variance with that authorized shall be deemed in violation of this ordinance and punishable as provided in Section 15.9 of this ordinance.

SECTION 15.3 CERTIFICATE OF OCCUPANCY: It shall be unlawful for an owner to use or permit the use of any building or premises or part thereof, hereafter created, changed, converted or enlarged, wholly or partly, until a certificate of occupancy, which shall be a part of the building permit, shall have been issued by the Building Inspector. Such certificate shall show that such building or premises or part thereof and the proposed use thereof are in conformity with the provisions of this ordinance. It shall be the duty of the Building Inspector to issue a certificate of occupancy provided that he has checked and is satisfied that the building and the proposed use thereof conform with all the requirements of this ordinance and the Building Code. No permit for excavation or construction shall be issued by the Building Inspector before he is satisfied that the plans, specifications and intended use conform to the provisions of this ordinance.

SECTION 15.4 CERTIFICATE OF OCCUPANCY FOR EXISTING BUILDING: Upon written request from the fee owner, the Building Inspector shall issue a certificate of occupancy for any building or premises existing at the time of enactment of this ordinance, certifying, after inspection, the extent and kind of use made of the building or premises, and whether such use conforms with the provisions of this ordinance.

SECTION 15.5 CERTIFICATE OF OCCUPANCY FOR LAWFUL NONCONFORMING USES AND STRUCTURES: A certificate of occupancy shall be required of all lawful nonconforming uses of land or buildings created by this ordinance. A fee as provided for in Section 18.0 of this ordinance shall be charged for said certificate.

Applications for such certificates of occupancy for non-conforming uses of land and buildings shall be filed with the Building Inspector by the owner or lessee of the land or building occupied by such nonconforming uses within twelve (12) consecutive calendar months of the effective date of this ordinance. Failure to apply for such certificate of occupancy will place upon the owner and lessee the entire burden of proof that such use of land or buildings lawfully existed on the effective date of this ordinance.

It shall be the duty of the Building Inspector to issue a certificate of occupancy for lawful nonconforming uses upon application and such certificate shall identify the extent to which the nonconforming use exists at the time of issuance of such certificate.

SECTION 15.6 DENIAL OF CERTIFICATE OF OCCUPANCY: Except as herein stated, a certificate of occupancy shall not be issued unless the proposed use of a building or land
conforms to the applicable provisions of this ordinance and to plans for which the building permit was issued.

SECTION 15.7 CERTIFICATE OF OCCUPANCY RECORDS: A record of all certificates of occupancy shall be kept on file in the offices of the Building Inspector and copies shall be furnished, for a normal charge, on request to any person having a proprietary building affected by such certificate of occupancy.

SECTION 15.8 COMPLAINTS REGARDING VIOLATIONS: Whenever a violation of this ordinance occurs, or is alleged to have occurred, any person may file a written complaint. Such complaint stating fully the causes and basis thereof shall be filed with the Zoning Administrator. The Zoning Administrator shall record properly such complaint, immediately investigate, and take action thereon as provided by this ordinance and the State Statutes, Commonwealth of Kentucky.

SECTION 15.9 PENALTIES: Any person or entity who violates any of the provisions of this ordinance shall, upon conviction, be fined not less than ten (10) but no more than five hundred (500) dollars for each conviction. Each day of violation shall constitute a separate offense.
ARTICLE XVI

AMENDMENT PROCEDURE

SECTION 16.0 AMENDMENT PROCEDURE:

A. FILING OF AMENDMENT APPLICATION: All applications for amendments to this ordinance shall be filed, in writing, with the Zoning Administrator, to be transmitted to the Planning Commission on forms furnished by the Zoning Administrator (in triplicate – See Appendix “A”). The fee required for applying for such amendment shall be as provided for in Section 18.0 of this ordinance.

B. PLANNING COMMISSION REVIEW REQUIRED: A proposal for an amendment to this ordinance may originate with the Planning Commission, the legislative body, or with the owner of the property in question. Regardless of the origin of the proposed amendment, it shall be referred to the Planning Commission for its action before adoption.

C. PUBLIC HEARING REQUIRED, NOTICE GIVEN: The Planning Commission shall hold at least one public hearing on the proposed amendment, at which hearing parties in interest and citizens shall have an opportunity to be heard. Notice of the time and place of such hearing shall be published at least once, but may be published two or more times in a newspaper of general circulation in the city, provided that one publication occurs not less than seven (7) calendar days nor more than twenty-one (21) calendar days before the occurrence of such hearing.

D. OTHER HEARING REQUIREMENTS, ZONING MAP AMENDMENT: In addition to the public hearing notice required in Section 16.0, C, above, the following notices shall also be given when a proposal is submitted to amend the official zoning map:

1. Notice of the hearing shall be posted conspicuously on the property, the classification of which is proposed to be changed. Said posting shall consist of one or more signs clearly depicting the following information: current zoning classification of property; proposed zoning classification; legal description of proposed zone change area; date and time of public hearing; and address, including telephone number where additional information regarding hearing may be obtained; and

2. Notice of the hearing shall be given at least fourteen (14) days in advance of the hearing by first class mail to the owners of all property adjoining the property, the classification of which is proposed to change. Where said property adjoins a street or alley, property abutting the opposite side of such street or alley shall be considered adjoining property. It shall be the duty of the person or persons
proposing the amendment to furnish to the Planning Commission the names and addresses of the owners of all adjoining property.

E. FINDINGS NECESSARY FOR MAP AMENDMENT: Before any map amendment is granted, the Planning Commission, or legislative body, must find that the amendment is in agreement with the adopted comprehensive plan by the Planning Commission for the city, or in the absence of such a finding, that one or more of the following apply, including the making of a written report, setting forth explicitly, the reasons and substantiation as to how each would apply, and such finding and report shall be recorded in the minutes and records of the Planning Commission or legislative body:

1. That the original zoning classification given to the property was inappropriate or improper; and
2. That there have been major changes of an economic, physical, or social nature within the area involved which were not anticipated in the comprehensive plan and which have substantially altered the basic character of such area.

F. MINIMUM SIZE OF NEW ZONES: No zoning map amendment to this ordinance shall be adopted whereby the zoning classification of an area is changed in such a manner as to create a free standing zone of less than five (5) acres, except where specific area restrictions are stipulated in this ordinance, or as outlined in the adopted comprehensive plan by the Planning Commission. For the purpose of computing the total size of an area to be rezoned for compliance herewith, there shall be added to such area:

1. the area of public rights–of–way interior to the area being changed
2. one–half the area of public rights–of–way abutting the area being changed
3. the area of any land which is contiguous to the area being changed (including land located outside the city but contiguous to the city’s corporation line) and which land already bears the zoning classification sought for the area being changed except that in the case of computing the size of an area to be zoned for commercial, (i.e., LSC, NC, and PO Zones) any of the commercial zones may be used, interchangeably to compute one contiguous area. For the purpose of this section, neither continuity nor abutment shall be destroyed by the existence of a street, alley, or city's corporation line.

G. PLANNING COMMISSION ACTION: Following the public hearing held by the Planning Commission on the proposed amendment, the Commission shall, within sixty (60) calendar days from the date of its receipt, advise the legislative body whether it approved or disapproved of the amendment to the zoning regulation, including a statement setting forth explicitly the reasons an substantiation for such action and, in the case of a map amendment, the submission of a written report as required in Section 16.0, E.

H. LEGISLATIVE BODY DISPOSITION: Within forty-five consecutive calendar days after receipt of the Planning Commission’s recommendations and findings concerning the
application and a copy of the application, the legislative body shall act on such application. A majority of the entire legislative body shall be required to override the recommendations of the Planning Commission.

I. SUBMISSION OF DEVELOPMENT PLAN AS CONDITION TO COMMERCIAL OR MULTI–FAMILY RESIDENTIAL ZONING MAP AMENDMENT: Any request for a zoning map amendment to any commercial (SC, NSC, GC, MLU, POM, LSC) or multi-family residential zone (i.e., R-2, R-3,) shall be made in accordance with all applicable requirements of this ordinance, including the following:

1. APPLICATION AND PROCESSING: Application for a zoning map amendment shall be processed in two stages:

   STAGE I -- Development Plan and Zoning Map Amendment – Application for a zoning map amendment shall include a development plan in accordance with the applicable requirements of Section 10.12, D, or this ordinance.

   a. The Planning Commission shall hold a public hearing on the proposed application in accordance with the requirements of KRS Chapter 424, and review said application with regard to the required elements of the Development Plan, and other applicable requirements of this section. Upon holding such a hearing, the Planning Commission shall make one of the following recommendations to the legislative body: approval, approval with condition(s), or disapproval. The Planning Commission shall submit, along with their recommendations a copy of the Development Plan and the bases for their recommendation.

   b. The legislative body shall, within forty-five (45) days after receiving the recommendations of the Planning Commission, review said recommendations and take action to approve or disapprove the proposed development plan. Such approval may incorporate any conditions imposed by the legislative body. However, should the legislative body take action to impose different conditions than were reviewed and considered by the Planning Commission, then said conditions shall be resubmitted to the Planning Commission for further review and recommendations in accordance with Section 17.0, I, a.

   Approval of the zoning map amendment shall require the development be in accordance with the approved development plan.

   The legislative body shall forward a copy of the approved development plan to the Zoning Administrator of the city’s duly authorized representative for further processing in accordance with the applicable requirements for a development plan, as regulated by Section 9.19 of this ordinance.
Zoning Map Amendment – Upon approval of the Zoning Map Amendment, the official zoning map shall be amended for the area as shown on the approved development plan.

STAGE II -- Site Plan – Before a permit is issued for constructions, a site plan shall be developed in conformity with the approved development plan and in accordance with the applicable requirements of Section 9.19 of this ordinance, and submitted to the Zoning Administrator of the city’s duly authorized representative for review and approval. The site plan may be developed and submitted in sections, in accordance with the phasing identified in the approved development plan. The Zoning Administrator of the city’s duly authorized representative may authorize minor adjustments from the approved development plan, provided that the adjustments do not: affect the spatial relationship of structures, change land uses, increase overall density, alter circulation patterns (vehicular and pedestrian), decrease the amount and/or usability of open space or recreation areas, or affect other applicable requirements of this ordinance.

Amendments - Any amendments to plans, except for the minor adjustments which may be permitted by the Zoning Administrator as noted above, shall be made in accordance with the procedure required by this ordinance, subject to the same limitations and requirements as those under which such plans were originally approved.

Expiration - The zoning map amendment shall be subject to the time constraint, as noted below. Upon expiration of said time period and any extensions thereto, the legislative body may initiate a request for a public hearing by the Planning Commission, in accordance with the requirements of KRS Chapter 100, for the purpose of determining whether said zoning map amendment should revert to its original designation. A public hearing may be initiated if either of the following conditions apply:

a. A site plan has not been approved by the Zoning Administrator within a period of twelve (12) consecutive months from the date of final approval of the zoning map amendment by the legislative body; provided that an extension may be permitted upon approval of the legislative body or its duly authorized representative, if sufficient proof can be demonstrated that prevailing conditions have not changed appreciably to render the approved development plan obsolete.

b. Substantial construction has not been initiated within a period of twelve (12) consecutive months from the date of approval of the site plan by the Zoning Administrator; provided that an extension may be permitted upon approval of the legislative body or its duly authorized representative, if sufficient proof can be demonstrated that the construction was delayed due to circumstances beyond the applicant’s control, and that prevailing conditions have not changed appreciably to render the approved
development plan obsolete. The amount of construction that constitutes initiating substantial construction shall be as approved in the approved development plan.
ARTICLE XVII
BOARD OF ADJUSTMENT

SECTION 17.0   ESTABLISHMENT OF BOARD OF ADJUSTMENT; MEMBERSHIP; APPOINTMENT; TERMS; VACANCIES; OATHS; COMPENSATION; REMOVAL; OFFICERS:

A. The Board of Adjustment is hereby established for the Highland Heights.

B. The Board of Adjustment shall consist of either three (3), five (5), or seven (7) members, all of whom must be citizen members and not more than two (2) of whom may be citizen members of the Planning Commission.

C. The mayor shall be the appointing authority of the Board of Adjustment subject to the approval of the City Council.

E. Vacancies on the Board of Adjustment shall be filled within sixty (60) calendar days by the mayor. If the mayor fails to act within that time, the Planning Commission shall fill the vacancy. When a vacancy occurs other than through expiration of the term of office, it shall be filled for the remainder of that term.

F. All members of the Board of Adjustment shall, before entering upon their duties, qualify by taking the oath of office prescribed by Section 228 of the Constitution of the Commonwealth of Kentucky before any judge, notary public, clerk of court, or justice of the peace within the district or county in which he resides.

G. Reimbursement for expenses or compensation or both may be authorized for members on the Board of Adjustment.

H. Any member of the Board of Adjustment may be removed by the mayor, subject to the approval by the City Council for inefficiency, neglect of duty, malfeasance, or conflict of interest. The mayor exercising the power to remove a member from the Board of Adjustment shall submit a written statement to the Planning Commission setting forth the reasons and the statement shall be read at the next meeting of the Board of Adjustment which shall be open to the general public. The member so removed shall have the right of appeal from the removal to the circuit court of the county in which he resides.
I. The Board of Adjustment shall elect annually a chairman, vice-chairman, and secretary and any other officers it deems necessary, and any officer shall be eligible for re-election at the expiration of this term.

SECTION 17.1 MEETINGS OF BOARDS; QUORUM; MINUTES; BYLAWS; FINANCES; SUBPOENA POWER; ADMINISTRATION OF OATHS:

A. The Board of Adjustment shall conduct meetings at the call of the chairman who shall give written or oral notice to all members of the Board at least seven (7) days prior to the meeting, which notice shall contain the date, time, and place for the meeting, which notice shall contain the date, time and place for the meeting, and the subject of subjects which will be discussed.

B. A simple majority of the total membership of the Board of Adjustment, as established by regulation or agreement shall constitute a quorum. Any member of the Board of Adjustment who has any direct or indirect financial interest in the outcome of any question before the body shall disclose the nature of the interest and shall disqualify himself from voting on the question.

C. The Board of Adjustment shall adopt bylaws for the transaction of business and shall keep minutes and records of all proceedings including regulations, transactions, findings, and determinations and the number of votes for and against each question, and if any member is absent or abstains from voting, indicating the fact, all of which shall, immediately after adoption, be filed in the office of the Board of Adjustment. A transcript of the minutes of the Board of Adjustment shall be provided if requested by a party, at the expense of the requesting party, and the transcript shall constitute the record.

D. The Board of Adjustment shall have the right to receive, hold, and spend funds which it may legally receive from any and every source in and out of the Commonwealth of Kentucky, including the United States Government.

E. The Board of Adjustment shall have the power to issue subpoenas to compel witnesses to attend its meetings and give evidence bearing upon the questions before it.

F. The chairman of the Board of Adjustment shall have the power to administer an oath to witnesses prior to their testifying before the Board on any issue.

SECTION 17.2 PROCEDURE FOR ALL APPEALS TO BOARD: Appeals to the Board of Adjustment may be taken by any person, or entity claiming to be injuriously affected or aggrieved by an official action or decision of the Zoning Administrator and with the Board, a notice of such appeal specifying the grounds thereof, and giving notice of such appeal to any and all parties of record. A fee, as required by Section 18.0 of this Ordinance shall also shall be taken within thirty (30) calendar days after the appellant or his agent receives notice of the action to be appealed from, by filing with said Zoning Administrator and with the Board, a notice of such appeal specifying the grounds thereof, and giving notice of such appeal to any and all parties of
A fee, as required by Section 18.0 of this Ordinance, shall also be given to the Zoning Administrator at this time. Said Zoning Administrator shall forthwith transmit to the Board all papers constituting the record upon which the action appealed from was taken and shall be treated as and be the respondent in such further proceedings. At any hearing by the Board, any interested person may appear and enter his appearance, and all shall be given the opportunity to be heard.

The board of adjustment shall fix a reasonable time for hearing the appeal and give public notice with KRS Chapter 424, as well as written notice to the appellant and the Zoning Administrator at least one (1) calendar week prior to the hearing, and shall decide on the appeal within sixty (60) consecutive calendar days. The affected party may appear at the hearing in person or by attorney.

SECTION 17.3 APPEALS FROM PLANNING COMMISSION, BOARD OF ADJUSTMENT, OR LEGISLATIVE BODY: Any appeal from the Planning Commission or Board of Adjustment action may be taken in the following manner:

A. Any person or entity claiming to be injured or aggrieved by any final action of the Planning Commission or Board of Adjustment may appeal from the action to the circuit court of the county in which the land lies. Such appeal shall be taken within thirty (30) consecutive calendar days after the final action of the Planning Commission or Board of Adjustment. Final action shall not include the Planning Commission’s recommendations made to other governmental bodies.

B. All appeals shall be taken in the appropriate circuit court within thirty (30) consecutive calendar days after the action of decision of the Planning Commission or Board of Adjustment and all decisions, which have not been appealed within thirty (30) consecutive calendar days, shall become final. After the appeal is taken, the procedure shall be governed by the rules of the civil procedure. When an appeal has been filed, the clerk of the circuit court shall issue a summons to all parties, including the Planning Commission in all cases, and shall cause it to be delivered for service as in any other law action.

SECTION 17.4 STAY OF PROCEEDINGS: An appeal stays all proceedings in furtherance of the action appealed from, unless the Zoning Administrator from whom the appeal is taken certifies to the Board of Adjustment, after the notice of appeal is filed with him, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life and property. In such case, proceedings shall not be stayed other than by a court of record on application, or on notice to the Zoning Administrator from whom the appeal is taken and on due cause shown.

SECTION 17.5 POWERS OF BOARD OF ADJUSTMENT: Upon appeals, the Board of Adjustment shall have the following powers:
A. To hear and decide on applications for dimensional variances where, by reason of the
exceptional narrowness, shallowness, or unusual shape of a site on the effective date of
this ordinance, or by reason of exceptional topographic conditions, or some other
extraordinary situation or condition of that site, the literal enforcement of the dimensional
requirements (height or width of building or size of yards, but not population density) of
the zoning ordinance would deprive the applicant of reasonable capacity to make use of
the land.

B. To hear and decide appeals where it is alleged, by the appellant that there is an error in
any order, requirement, decision, grant or refusal made by a Zoning Administrator in the
enforcement of this Ordinance. Such appeal shall be taken within sixty (60) consecutive
calendar days.

C. To hear and decide applications for conditional use permits to allow the proper
integration into the community of uses which are specifically named herein which may
be suitable only in specific locations in the zone only if certain conditions are met as
specified in Section 9.12 of this Ordinance.

D. To hear and decide, in accordance with the provisions of this ordinance, requests for
interpretation of the official zoning map of for decisions upon other special questions
upon which said board is authorized to act upon.

E. To hear and decide, in accordance with the provisions of this ordinance and the adoption
of the comprehensive plan for the city, requests for the change from one nonconforming
use to another.

SECTION 17.6 DIMENSIONAL VARIANCES; CHANGE FROM ONE
NONCONFORMING USE TO ANOTHER; CONDITIONS GOVERNING
APPLICATIONS; PROCEDURES:

A. DIMENSIONAL VARIANCES: Before any dimensional variance is granted, the Board
of Adjustment must find all of the following, which shall be recorded along with any
imposed conditions or restrictions in its minutes and records and issued in written form to
the application to constitute proof of the dimensional variance. Such dimensional
variance shall not be granted by the Board of Adjustment unless and until:

1. A written application for a dimensional variance (including the required fee as
specified in Section 18.0 of this ordinance) and a development plan subject to the
applicable requirements of Section 9.19, are submitted demonstrating:

   a. That specific conditions and circumstances exist which are unique to the
applicant’s land and do not exist on other land in the same zone;

   b. That the manner in which the strict application of the provisions of this
ordinance would deprive the applicant of a reasonable use of the land in
the manner equivalent to the use permitted other land owners in the same zone;
c. That the unique conditions and circumstances are not the result of actions of the applicant taken subsequently to the adoption of this ordinance;
d. Reasons that the dimensional variance will preserve, not harm, the public safety and welfare, and will not alter the essential character of the neighborhood; and
e. That granting the dimensional variance requested will not confer on the applicant any special privilege that is not conferred by this ordinance to other lands, structures or buildings in the same zone. No nonconforming use of neighboring lands, and structures in the same zone shall be considered grounds for the issuance of a dimensional variance.

2. Notice of public hearing shall be given in accordance with Section 17.2 of this ordinance
3. The public hearing shall be held. Any person may appear in person, or by agent or by attorney
4. Prior to granting a dimensional variance:
   a. The Board of Adjustment shall make findings that the requirements of this section have been met by the applicant for a dimensional variance
   b. The Board of Adjustment shall further make a finding that reasons set forth in the application justify the granting of dimensional variance and that the dimensional variance is the minimum variance that will make possible the reasonable use of the land, building, or structure, and under no circumstances shall the Board of Adjustment:

   (1) Grant a dimensional variance which would vary by more than fifty (50) percent of the applicable regulation when the development is occurring in newly platted areas; and

   (2) Grant a dimensional variance which would vary by more than fifty (50) percent of the average height, yard, and setback of existing surrounding development when the proposed construction occurs on lots or parcels of land already platted and where more than fifty-one (51) percent of said lots or parcels of land are improved with structures. If less than fifty-one (51) percent of the surrounding lots or parcels of land are improved with structures, then said development shall be governed by the requirements of Section 17.6, A, 4, b, (1).

   c. The Board of Adjustment shall further make a finding that the granting of the dimensional variance will be in harmony with the general purpose and intent of this ordinance as well as the adopted comprehensive plan for the city, and will not be injurious to the neighborhood, or otherwise, detrimental to the public welfare
5. In granting any dimensional variance, the Board of Adjustment prescribe appropriate conditions and safeguards in conformity with this ordinance. Violation of such conditions and safeguards, when made a part of the terms under which the dimensional variance is granted, shall be deemed a violation of this ordinance and punishable under Section 15.9 of this ordinance.

B. DIMENSIONAL VARIANCE CANNOT CONTRADICT ZONING REGULATION: The Board of Adjustment shall not possess the power to grant a dimensional variance to permit a use of any land, building, or structure which is not permitted by this ordinance in the zone in question, or to alter the density of dwelling unit requirements in the zone in question.

C. DIMENSIONAL VARIANCE RUNS WITH LAND: A dimensional variance applies to the property for which it is granted and not to the individual who applied for it. A dimensional variance runs with the land and is transferable to any future owner of the land, but it cannot be transferred by the applicant to a different site.

D. CHANGE FROM ONE NONCONFORMING USE TO ANOTHER: A nonconforming use shall not be changed to another nonconforming use without the specific approval of the Board of Adjustment, as provided herein.

1. The Board of Adjustment shall have the power to hear and decide on applications to convert or change an existing nonconforming use to another nonconforming use, subject to the following:

   a. A written application for a change from one nonconforming use to another (including the required fee as specified in Section 18.0 of this ordinance) and a development plan, if applicable, subject to the applicable requirements of Section 9.19, shall be submitted to the Board.

   b. Notice of public hearing shall be given in accordance with Section 17.2 of this ordinance.

   c. The public hearing shall be held. Any person may appear in person, or by agent or by attorney.

   d. Prior to granting a change from one nonconforming use to another, the Board of Adjustment shall find that the new nonconforming use is in the same or more restrictive classification of use as the prior nonconforming use. In the determination of the same or more restrictive classification of use, the applicant shall establish and the Board of Adjustment shall find:

      1. That the new nonconforming use shall generate less vehicular traffic (automobile and truck) than the prior nonconforming use.

      2. That the new nonconforming use is of a nature which will emit less noise and air Pollution than the prior nonconforming use.
(3) That the new nonconforming use will be more in character with the existing neighborhood than the prior nonconforming use, in that it is more in conformance with the adopted comprehensive plan of the city, and also, more in conformance with the uses permitted in the zone in which the use is located than the prior nonconforming use.

e. Any change of nonconforming use granted by the Board of Adjustment shall conform to the requirements of this ordinance, including, but not limited to: parking requirements, sign regulations and yard requirements, and all other pertinent ordinances of the city.

f. The Board of Adjustment shall not allow the enlargement or extension of a nonconforming use beyond the scope and area of its operation at which time its use became nonconforming.

g. The Board of Adjustment, in granting a change of nonconforming uses, may attach such conditions thereto as it may deem necessary and proper; and the action, limitations and conditions imposed, if any, shall be in writing, directed to the applicant, with a copy to be furnished to the Zoning Administrator.

h. The change of nonconforming use as may be granted by the Board of Adjustment applies to the property for which it is granted and not to the individual who applied and, therefore, cannot be transferred by the applicant to a different property.

i. In the case where the change of nonconforming use has not occurred within one (1) year after the date of granting thereof, said use shall be governed according to the requirements of Section 9.12.

SECTION 17.7 CONDITIONAL USE PERMITS: Conditional use permits shall not be issued without the specific approval of the Board of Adjustment, as provided for herein.

A. The Board of Adjustment shall have the power to hear and decide on applications for conditional use permits, subject to the following:

1. A written application for a conditional use permit (including the required fee, as specified in Section 18.0 of this ordinance) and a development plan subject to the applicable requirements of Section 9.19, shall be submitted to the Board.

2. Notice of public hearing shall be given in accordance with Sections 17.2 of this ordinance.

3. The public hearing shall be held. Any person may appear in person, or by agent or by attorney.

4. Prior to granting a conditional use permit, the Board of Adjustment shall find that the application for a conditional use permit meets the requirements of this ordinance, Section 9.14.

SECTION 17.8 DECISIONS OF THE BOARD OF ADJUSTMENT:
A. In exercising the aforementioned powers, the Board of Adjustment may, so long as such action is in conformity with the provisions of this ordinance, reverse or affirm wholly or partly, or may modify the order, requirements, decision, or determination as made by the Zoning Administrator, from whom the appeal is taken.

B. A simple majority of the total membership of the Board of Adjustment, as established by regulation or agreement, shall be necessary to reverse any order, requirement, decision or determination of the Zoning Administrator, so long as such action is in conformity with the provisions of this ordinance; or to decide in favor of the applicant on any manner upon which it is required to pass under this ordinance, or to affect any variation in the application of this ordinance.

C. The details of the decision of the Board shall be forwarded to the Zoning Administrator.
ARTICLE XVIII

FEES, CHARGES, AND EXPENSES

SECTION 18.0 SCHEDULE OF FEES, CHARGES, AND EXPENSES: The schedule of fees, charges, and expenses shall be as established by separate city ordinances.
